6 WATT | 420 LUMENS | 2700K

The Noma is one of the four distinctive shapes of the Porcelain range. The light billows out from the centre of these unique and characterful bulbs to create an atmosphere of serene harmony in your space. Our Porcelain series is designed to be an antidote to an overly industrialised aesthetic. These units can also work well with bold colours and backgrounds, breaking up space and colour with calm orbs of white light.
