2023 EXWORKS V03

Premio Príncipe Felipe
a la excelencia empresarial

We manufacture contemporary furniture for singular collaborative spaces

Why Viccarbe

- Our warranty period is valid for 10 years
- Average production time, 5 weeks (*25 working days*)
- Quickship program for a curated selection of products (*ready to ship in 1 week*)
- Samples and mock-ups easily provided to success with projects
- Sustainable and environmentally respectful model of management approved by ISO 9.001 and 14.001
- Quality certificates (UNE / ANSI-BIFMA)

Quality, sustainability, affordability

Our products have successfully passed strict heavy-use tests, as sign of our highest commitment to quality and user's security. Additionally, our constant search for balance has made possible the inclusion of iconic, timeless, comfortable and affordable products on the collection. The experience and know-how of the industrial network where Viccarbe is framed, has allowed us to develop an economic model based on sustainability and a careful use of resources - designing and producing furniture pieces that could last in time.

Dear customer,

Below you will find the latest additions to our collaborative furniture collection:

NEW ADDITIONS

1. **Trivio table.** Bistro style table made up of a single 80 cm table top, three solid wood legs and a connecting piece that joins all the elements with an easy assembly.
2. **Zoco lounge chair.** Zoco is a new, very comfortable lounge chair with rounded forms around which work meetings, friendly encounters and the exchange of ideas revolve and which has been designed to promote collaboration.
3. **Foro table.** Our new venture with designer John Pawson. A collection of minimalist tables meticulously crafted in oak wood, the noblest material to convey richness, warmth and depth to any environment.
4. **Funda Bold.** Suggestive and extremely comfortable. A collection of oversize seats with matching ottoman, cushions and headrests. Its large silhouette and generous proportions are created for relaxation and 'slow work' in offices, homes and in-between spaces.
5. **Double module for the Savina sofa.** The Savina family grows with the addition of the double module that corresponds to a seat and a half and allows the creation of new sofa configurations.
6. **HPL finish in Cambio table.** We extend the range of Cambio collection tabletops adding HPL with MDF.
7. **New wood stains.** Bleached oak and Walnut stained oak finishes will now be available for all woods and boards of the collection.
8. **Viccarbe Standard Fabrics.** A curated selection of fabrics available as standards, stocked in Spain, for the fastest delivery under our fast track program.

CHANGES

1. **Fire resistant upholstery.** From now on, **all of the Viccarbe upholstered products are manufactured with fire resistant fabrics.** Our technical and purchasing departments have done a huge effort to offer the best quality and safety for all the catalogue, at the same price.
2. **Updated Graded In Catalogue.** A mayor update has been done to our main catalogue, keeping up with manufacturers and customers.
2. **Burin table 90x90.** Changes its base size from Ø38 to Ø50

DISCONTINUED

- **Eli table.** Discontinued for all references.
- **Holy Day low table.** Discontinued for all references. Last order entry 18 December 2023.
- **Up In The Air low table.** Discontinued for all references. Last order entry 18 December 2023.
- **Keel shelf.** Discontinued for all references. Last order entry 18 December 2023.
- **Burin table 140x140 high 74 and 90x90 high 102.** Discontinued for all references.
- **Klip chair stacking piece.** Discontinued, the stacking system is now integrated into the chair.
- **Wenge stain finish.** Discontinued from all products in the collection.
- **Fluorescent orange metal finish.** Discontinued from all products in the collection except Trivio table, Maarten four legs base chair, swivel base and Klip four legs base chair.
- **The following fabric references are discontinued:**
Camira: ADVANTAGE, XTREME, MAIN LINE PLUS | Crevin: OPTIM, BLEND, DIVINE, TENZO, DAS | Gabriel: GO CHECK | Ecoalf: ECOALF 48.3
Kvadrat: FIELD, SAVANNA | Maharam: MESSENGER, METRIC | Rohi: SERA | Torri Lana: GUBBIO, REGGIO, RICO, SIENA, LIDO

We would like to remind you that Viccarbe does not have printed prices as we are truly committed to the fact that taking care of our environment is taking care of our future. Please do not hesitate to contact our team if you have any questions or requirements regarding our latest news.

Thank you very much,

Viccarbe

Instructions for using the pricelist

INFORMATION AVAILABLE FOR EACH PRODUCT

Each product is accompanied by a table where you will have all the necessary information when choosing the finish, the corresponding price and its associated code, to reflect it correctly in the order.

- CODE

Short sequence of letters and numbers that identifies each model of the product and that will have to be indicated in the order.

- FINISH

All the possible finish options for both lacquered and upholstered finishes, which must be chosen and indicated together with the product code.

- PUBLIC PRICE

Final price of the chosen product, associated with code and finish, which will be expressed in Euros €. In case of upholstered product, it always be fire retardant.

CODE	FINISHES	PUBLIC PRICE
Reference of each product to be indicated in the order.	It indicates for each product its possible finishes, from lacquered to upholstered. For all available finishes, see page 22.	Price of the flame retardant product, expressed in Euros €.

NAVIGATE THROUGH THE PRICE LIST

When you click on a product image in the index, the pdf will take you to the product page.

By clicking on the cover image of each product, the pdf will take you to the product's website.

SYMBOLOLOGY

 Product weight in kilograms.

 Number of boxes and volume in which the product is packed.

 Number of products contained in one box.

 Number of products that can be stacked together.

A curated selection of fabrics available as standards, stocked in Spain, for the fastest delivery under our fast track program.

SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle.

- We try to design products with easily interchangeable parts, making it easier to recycle the various components at the end of their life cycle.
- We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.
- For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- We use powder coating on all our metallic structures.
- We offer several graded-in fabrics which are 100% made of recycled materials.
- We appropriately recycle all our waste with authorised agents.
- We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.
- For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.

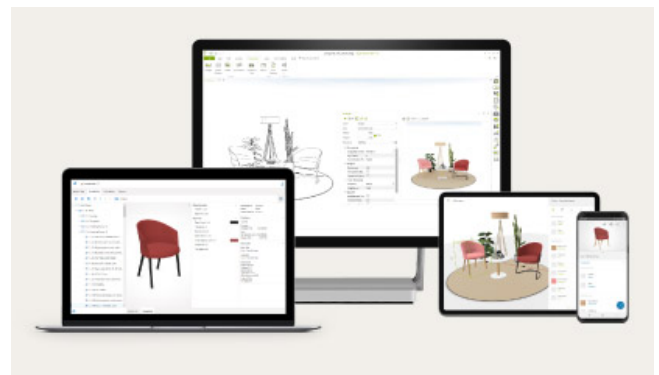

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMA), which guarantees that the products have been tested.

RESOURCES FOR ARCHITECTS AND DESIGNERS

We have included 2D, 3D, REVIT, and BIM files of our products at www.viccarbe.com in order to facilitate your job and be able to include them effortlessly in your design proposals. You will be able to find these documents in the "Downloads" section on our website. Here you will also find our latest catalogue and sample cards for the finishes available (woods, metals, propylene, and fabrics). As a novelty, we have incorporated individual catalogues for each product which can be found on each product webpage listing. Each brochure includes multiple product and lifestyle pictures plus every specification, certificates, and technical data you may require. You will be able to download high-quality product pictures from our gallery, facilitating the incorporation of our pieces in any design.

pCon

We are deeply immersed in a digitalization project and therefore we have partnered with the platform pCon and its different modules, the tool for professionals to prepare layouts and 3D projects in a quick and easy way. Our collection is available here, enabling our products to be included rapidly in your project proposals.

We have also included a new online product configurator at www.viccarbe.com/configurator, allowing to configure and visualize product compositions that match any specific project requests.

BIMobject®

Viccarbe is live on BIM Object, the global platform for the architecture and design industry where users can download technical product data such as BIM and Revit files of our furniture to configure projects and design proposals.

General sales conditions

Public pricelist valid from 1st April 2023.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

— HOW TO ORDER

All orders need to be received in written to e-mail:

export@viccarbe.com

and must contain the following information:

- A) Model name and reference
- B) Finishes
- C) Fabric reference
- D) Quantity

It is not possible to cancel or modify an order after 48 hours of the order confirmation.

It is not allowed to order spare references as frames, legs, casters...

— COMPOSITIONS

For orders that include the SAVINA, SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT THE FINISHES

Any model not shown in this price list is discontinued. To match the fabric or wood tonality of articles manufactured in different periods is not possible technically. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

— CUT OUT

Viccarbe offers a series of preset positions for cut outs and power options based on the most demanded ones. If a different position were needed, please contact the sales department for assesment.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

— VICCARBE CUSTOM

We love personal solutions, and unique design, like diversity, is part of our company ethos. Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

We are delighted to adapt our existing furniture to the needs and preferences of our customers.

Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE will not be liable to any customer or third party that files a claim against the customer in relation to the product included in said order, with the understanding that the characteristics of same correspond to customer requirements and have not been subjected to the usual company tests and controls.

For such purposes, "special order" shall be understood to mean those products that differ from the forms, sizes or finishes included in the VICCARBE catalogue in force at the time the order is placed.

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance (this amount is only required to confirm the customer's definitive acceptance of same, and after this point no modifications will be allowed).

By accepting this quote, the customer acknowledges that it is a special order and therefore exempts VICCARBE from all liability related to same, the pieces having been manufactured at the customer's request, diverging from the forms, sizes or finishes in the VICCARBE catalogue in force at the time of the order, with the commitment to maintain VICCARBE free of liability for any claim a third party might file against VICCARBE related to same.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote (minimum 10 weeks). Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— PAYMENT TERMS

The first order will be paid 100% in advance with no extra discount for early payment.

For subsequent deliveries, Viccarbe will only sell on credit if such sales are covered by its insurance company; in this case, payment terms and conditions will be agreed upon individually and will never exceed 30 days.

— BANKING INFORMATION

Payments need to be settled though:

SANTANDER
SWIFT: BSCHESMMXXX
IBAN: ES56 0049 1021 1327 1032 5951

Payment must be made in full (100%), and any bank charges incurred must be paid by the buyer.

If payment is not made according to the agreed terms, a 2% monthly interest charge will be made. In the event of non-payment, the buyer will be responsible for all debt-collection costs, including legal costs and attorneys' fees as a result of legal action taken to recover the payment.

The company reserves the right to suspend deliveries in any case in which the buyer fails, even partially, to fulfill its commercial or payment obligations.

Viccarbe will remain the owner of the goods in question until the price has been paid in full (100%). The customer will be liable for costs related to repossession of the goods, regardless of their location.

If a replacement part is needed, payment will be made according to the standard payment method, with spare parts invoiced subsequently and individually; however, the total payment of the order can never be linked to partial claims.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer. Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is physically in our warehouse.

NOTE: Any incident that occurs during transport must be reported within the 24 hours following reception. In the event of potential claims, the delivery note must state "merchandise pending inspection"

— TRANSPORT INCOTERMS: EXWORKS

1. Viccarbe will invoice the products within the 5 days following the date on which Viccarbe communicates to the client the products are at its disposal for their collection.

2. Additionally, Viccarbe will be entitled to invoice the client a fixed fee of 1.271 DKK a variable fee of a daily 1% of the total amount of the order that the client does not collect the products within seven (7) days after Viccarbe communicates the products are ready to be collected.

In case of air shipments, the material used to protect the product will be charged to the customer.

— IMPORTANT LOGISTICS PROCESS

Viccarbe offers two different procedures for orders deliveries:

1. Via seafreight. By container (20' / 40' / 40'HQ) or Groupage LCL. Normal packaging is used with loose cardboard boxes.

2. Via airfreight. There are 2 options, depending on the form / volume of the packaging.

2.a) Palletized: the models will be grouped in fumigated pallets (complying with ISPM-15 regulation). The price per pallet is ~~393~~ DKK unit. Please note that pallets are not stackable.

2.b) Wooden boxes: on request, special wooden boxes can be manufactured in order to group more items in the inside and send them stackable. The price of each wooden box will depend on the distribution and type of models purchased.

VERY IMPORTANT NOTE: in order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order

size) at most in 2 weeks.

— SPECIAL PACKAGING

Always under request and quotation to the factory.

— 10 YEAR WARRANTY

Viccarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

Woods: All our polishes are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of wood. As wood is a natural material, this slight tone difference is part of its individuality and therefore may not be considered as a fault or returned for such reasons. To prevent any tone variation, we recommend avoiding leaving an object on the surface in a fixed position for a prolonged period. In addition, if products are purchased in different periods there might be a slight difference in wood tonality.

The guarantee is valid for 10 years from the date of the invoice of Viccarbe, except for Custom orders, Outdoor product and the following list of products: Trino, Burin Mini, Ryutaro, Tiers, Giro and Bamba; in which cases the warranty is 2 years.

During the term of the guarantee, the holder thereof shall be entitled to at least:

a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore.

b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was intended, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics or a full price refund.

Summary

Standard order

The placing of an order is made by e-mail, indicating the complete description of the models.

Order confirmation

Once the order is received and confirmed that we have all the correct data, the order confirmation is sent to the customer by e-mail within 48 hours (working days).

Payment

Payment terms and conditions will be agreed upon individually. The first order will be paid 100% in advance.

Production

5 weeks production after the order confirmation.

Delivery

Custom Orders

All orders need to be received in written to e-mail, containing the list of products and their specific finishes.

Project Management

Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

Order confirmation

Once the order is received and confirmed that we have all the correct data, the order confirmation is sent to the customer by e-mail within 48 hours (working days).

Payment

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance

Production

Delivery

10 weeks production minimum (approximately) after the order confirmation. It depends on the difficulty of manufacturing the piece and will be indicated in writing with the quote.

GRADE IN & FAST TRACK

The fabrics used are of the highest quality and have been tested beforehand; however, they cannot be formally guaranteed, especially with regard to variations in shade that may exist with respect to the sample book or between products delivered at different times, and it is therefore impossible for us to guarantee a perfect match between the coating of an original composition and the elements added later.

The length indicated is indicative for a fabric width of 1.4 m. In the case of skins (C.O.L), to calculate the square metres required please contact the Sales Team.

The tolerance in the measurements of the upholstered elements may be +/- 3 cm.

— CAMIRA STAY SAFE

As a new feature, we now offer the option to include Camira Stay Safe treatment on certain fabrics. This is an advanced textile treatment that reduces the potential for viral transmission from fabric surfaces in commercial spaces and any interior. When applied to a fabric, this textile technology destroys viruses and kills bacteria, ensuring the upholstery does not act as a potential source of transmission.

In a world where hygiene and health are today's top priorities, Camira StaySafe can help create safer indoor spaces by providing a higher level of protection against viruses and bacteria. It is perfect for multi-purpose furniture: in waiting areas, public transport vehicles, breakout spaces, restaurants, hotels, educational environments, residences and many more. The treatment can be applied to the following fabrics:

URBAN, ERA, BLAZER

Please contact our sales department for a quotation and further information.

— UPHOLSTERED WITH CUSTOMER'S FABRIC

They may be supplied at the price indicated in the customer fabric category (G1), but the fabrics must arrive at our factory carriage paid. Any costs incurred by the customer fabric will be charged on the invoice. Customer fabric warning:

- The customer fabric must be validated by Viccarbe's technical department before being put into production. For this purpose, a 20x20 cm sample of each of the customer fabrics must be sent.
- Please indicate the order reference number and the product to which the customer fabrics correspond.
- The order will not be put into production until the fabric has been received by Viccarbe.
- Viccarbe will not be responsible in any case for any incidence on the product derived directly or indirectly from the selection of a client's fabric. The client will assume the responsibility and guarantee of a good selection of fabric that meets the minimum requirements of quality, resistance, abrasion, colour change, pilling, fire resistance regulations or any other characteristic of the fabric that may cause an incident or complaint about the product.

Standard Fabrics selection NEW

A curated selection of fabrics available as standards, stocked in Spain, for the fastest delivery under our fast track program. Now available a collection of fabrics in stock that guarantee a shorter lead time on all upholstery products and provides guidance of the best-performing ranges.

For large-scale projects please contact the Sales Team

All available sample collections and colours can be consulted on **page 510** or in the Professional Area in our web **pro.viccarbe.com**

The selection of *Graded In* fabrics are approved by our upholstery experts to ensure that all our upholstered products perform well. These fabrics are of the highest performance and meet the strictest quality standards. They are backed by the best upholstery textile manufacturers in the sector. We offer the full range of colours in each of the collections available to adapt to each project. Remember that a careful selection of some of these colours is available in the Fast Track catalogue, with a shorter delivery time than the *Graded In* catalogue.

All available sample collections and colours can be consulted on **page 510** or in the Professional Area in our web

Ears

BY PIERO LISSONI

VICCARBE · Price List 2023 EXW

V02 Jun

CHAIRS AND STOOLS

The new chair by the versatile Piero Lissoni joins the collection with the soul of a true icon. Ears is as light in terms of materials as it is resistant to aging. Its sinuous shapes keep intact a style capable of taking us back in time to the contemporary classics of the 70s.

Its balanced arrangement (as reduced as it is comfortable) makes Ears a perfect option for different collective and private areas: meeting points, cafeterias, auditoriums, waiting rooms, educational spaces, work areas in libraries or lounges.

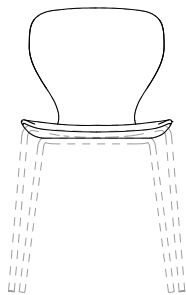

It is possible to choose oak wood finishes for the entire product, as well as combining its oak seat and metal structure. Both versions of the chair can be complemented with distinctive armrests, designed to embrace the user.

This new chair designed by the Italian architect means going back to the roots of industrial design, a tribute to the shapes and materials that so inspired Viccarbe's beginnings in the furniture industry.

SEAT OPTIONS

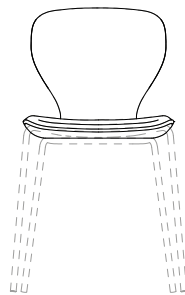

Stained

Stained curved oak plywood seat.

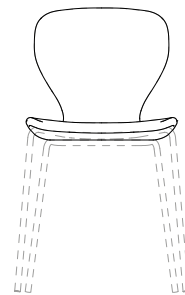

Combined

Stained curved oak plywood seat with cushion.

Smooth upholstery

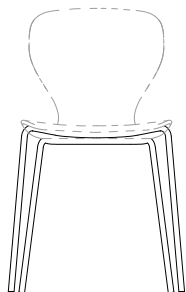

Smooth upholstered plywood seat covered with expanded polyurethane foam.

CHAIR BASE OPTIONS

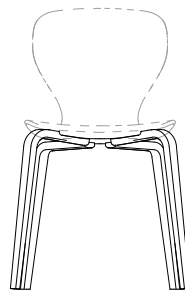

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

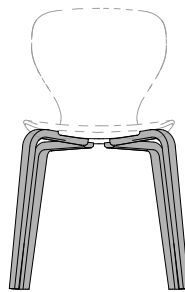

Four wooden legs

Curved legs in natural oak plywood with the finishes of our collection and white (open pore). Plastic glides in white or black.

Four upholstered wooden legs

Curved legs in natural oak plywood upholstered in leather or ecoleather. Plastic glides in white or black.

x10
Stackable up to
10 units.

Funda

BY STEFAN DIEZ

CHAIRS AND STOOLS

The commitment to maximum sustainability and comfort shapes Funda, a new range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This new collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture of two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

Test certificates: ANSI/BIFMA X5.4-2020 and UNE-EN 16139:2013vc2015

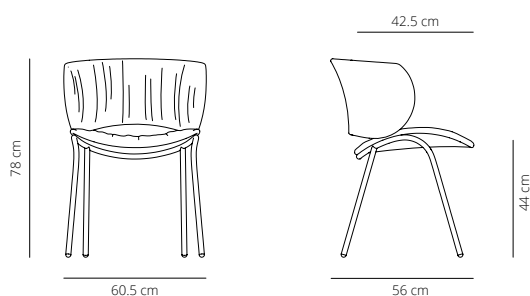

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black.
Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam.
Fabric or leather upholstery with the finishes of our collection.
Plastic glides.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Needed fabric for material:
1.50 m wide:

Quadra

BY MARIO FERRARINI

CHAIRS AND STOOLS

Test certificates: UNE-EN 16139:2013vc2015

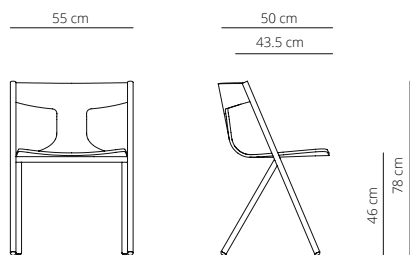

Quadra has been originated as a tribute to the delicate details, lines, and tools of architectural drawing.

It is a convenient option for projects that require excellent functionality and durability over time (educational spaces, coffee shops, meeting

rooms, homes...), and can additionally be stacked in large quantities. Calibrated steel structure powder coated in thermoreinforced polyester in black or white.

Curved oak plywood stained in the finishes of our collection and white open pore. Black plastic glides with or whitout felt* or white plastic glides.

Copa

BY RAMOS & BASSOLS

CHAIRS AND STOOLS

Copa is the result of Viccarbe's tireless search for extraordinary comfort. Presenting a backrest with sinuous and particularly enveloping lines, this chair joins the collection with a wide range of bases.

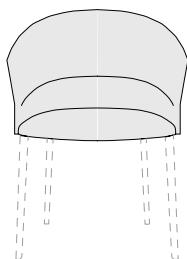

The silhouette, inspired by the shapes of an elegant crystal glass, encapsulate the perfection of David Ramos and Jordi Bassols's idea of contemporary design.

Seat and backrest made of plywood covered with non-deformable expanded polyurethane of different densities.

CHAIR SEAT OPTIONS

Aluminum swivel base powder coated in black or white, height adjustment system and black or white soft casters for hard floors*.

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

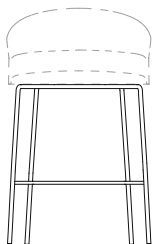

*6 weeks production time.

CHAIRS AND STOOLS

STOOL BASE OPTIONS

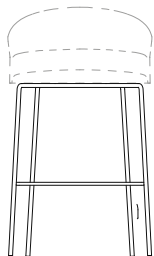

Fixed counter stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

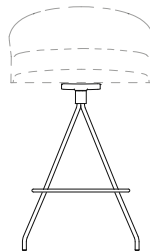

Fixed bar stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

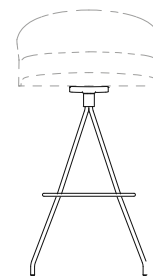

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

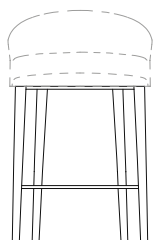

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

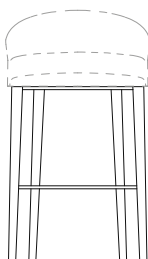

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black. Black or white plastic glides with or without felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black. Black or white plastic glides with or without felt.

UPHOLSTERY OPTIONS AND FABRIC NEEDED

Calculated for fabric width 1.40m

Classic upholstery

Chair

Smooth upholstery: 2.1m
Soft upholstery: 2.1m

Stool

Smooth upholstery: 1.7m
Soft upholstery: 1.7m

Bicolor upholstery

Chair*

Seat: 1m
Backrest: 1.25m

Stool*

Seat: 0.85m
Backrest: 0.5m

Upholstery with leather/
eco-leather backrest

Chair*

Seat and backrest front: 1.60m
Backrest back: 0.70m

Stool*

Seat and backrest front: 1.20m
Backrest back: 0.60m

Bicolor upholstery with leather/
eco-leather backrest

Chair*

Seat: 1m
Backrest front: 0.65m
Backrest back: 0.70m

Stool*

Seat: 0.85m
Backrest front: 0.55m
Backrest back: 0.60m

*The measurings are valid for smooth and soft finish.

FOUR METAL LEGS BASE

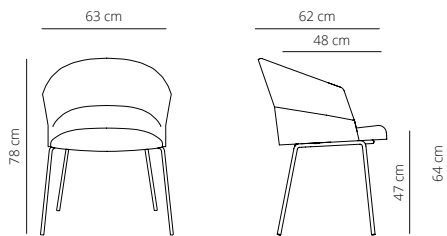

Test certificates: ANSI BIFMA X5.4:2012 and UNE-EN 16139:2013vc2015

Calibrated steel structure powder coated in thermoreinforced polyester in black or white.

Black or white plastic glides with or without felt.*

Aleta

BY JAIME HAYON

CHAIRS AND STOOLS

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe.

The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces.

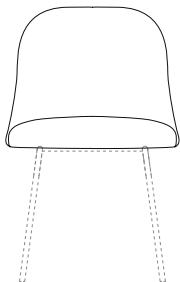

For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

SEAT OPTIONS

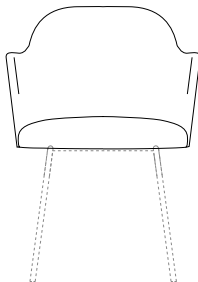

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

High backrest with armrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

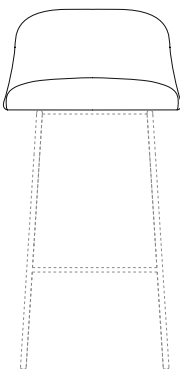

SEAT OPTIONS

Low backrest

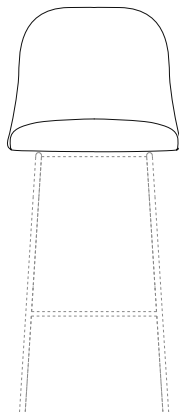

Moulded plywood seat and backrest covered with expanded polyurethane foam.

* Only available for stools.

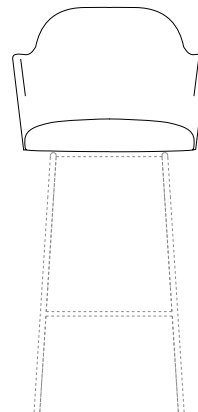

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

High backrest with armrest

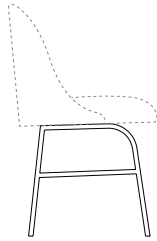

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

CHAIR BASE OPTIONS

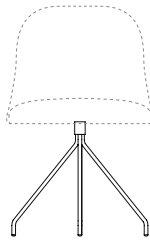

Four metal legs

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

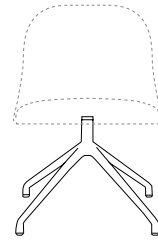

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

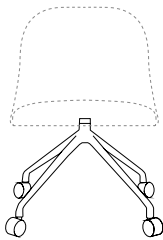

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent glides with or without felt.

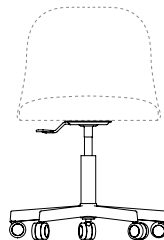

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

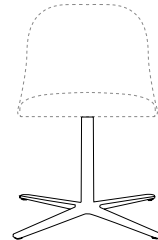

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors.*

**6 weeks production time*

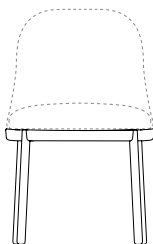

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

Four wooden legs

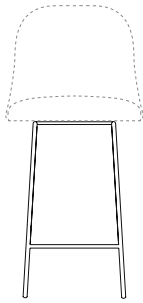

Structure in solid oak wood stained with the finishes of our collection. Black or white plastic glides with or without felt.

STOOL BASE OPTIONS

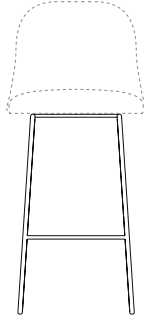

Fixed counter stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

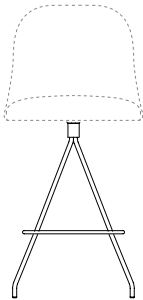

Fixed bar stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

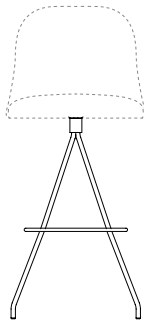

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Maarten Chair

BY VICTOR CARRASCO

CHAIRS AND STOOLS

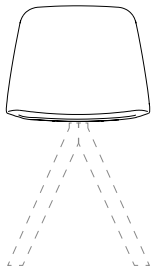

The powder coated steel tube structure and the carefully made, elegant, upholstered seat of the Maarten chair recall the classics of the '70s. Maarten is available in a wide variety of base and seat finishes to fit with all kind of environments. Fixed upholstery covering available in the soft and smooth versions.

Plastic chairs with four metal legs or sled base can be stacked up to 10 units and up to 4 units for the upholstered chairs. We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

HIGH BACKREST SEAT OPTIONS

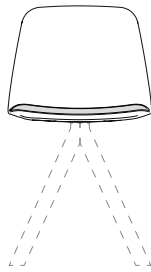

Plastic

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick.

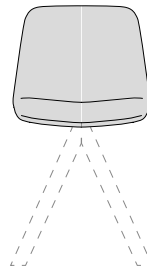

Plastic with cushion

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick with upholstered seat cushion.

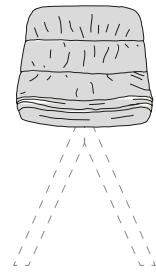

Smooth upholstery

Injected polypropylene seat with smooth upholstery.

Soft upholstery

Injected polypropylene seat with soft upholstery.

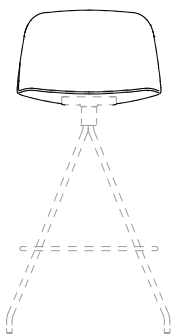

LOW BACKREST SEAT OPTIONS*

*Only available for stools.

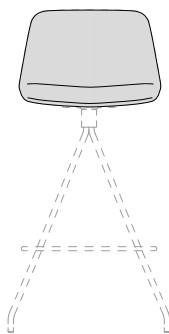

Plastic

Injected polypropylene seat in white, black, dusty green, yellow ochre or brick.

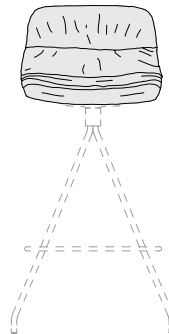

Smooth upholstery

Injected polypropylene seat with smooth upholstery in the finishes of our collection.

Soft upholstery

Injected polypropylene seat with soft upholstery in the finishes of our collection.

Maarten Chair

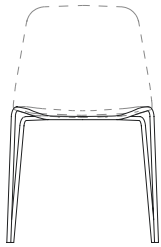

2012, BY VICTOR CARRASCO

CHAIRS AND STOOLS

CHAIR BASE OPTIONS

Four metal legs

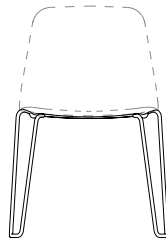

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Black or white plastic glides with or without felt.

x10 Plastic versions stackable up to 10 units
x4 Upholstered versions stackable up to 4 units

Sled

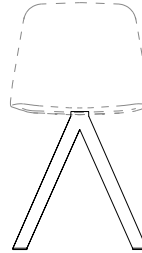

Calibrated steel structure powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.

x10 Plastic versions stackable up to 10 units
x4 Upholstered versions stackable up to 4 units

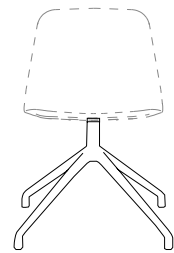

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Clear polypropylene injection glides.

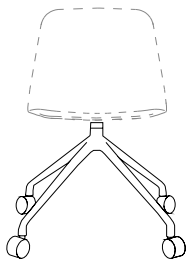

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or white plastic glides.

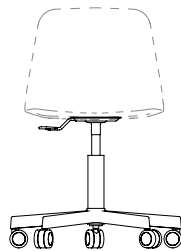

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

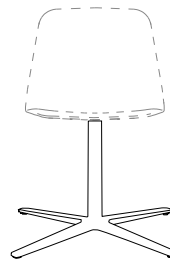

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors*.

*6 weeks production time.

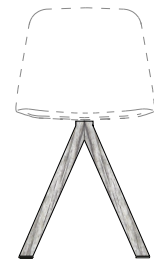

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides.

Wooden swivel

Calibrated steel swivel structure with solid oak legs, stained with the finishes of our collection. Black or white plastic glides with or without felt.

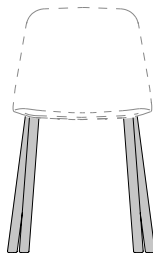

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Plastic glides with or without felt.

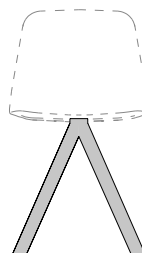

Four upholstered legs

Four solid oak wood legs upholstered with leather or ecoleather. Plastic glides with or without felt.

Upholstered swivel

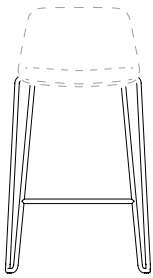

Calibrated steel swivel structure upholstered with leather or ecoleather. Clear polypropylene injection glides.

STOOL BASE OPTIONS

Sled counter stool

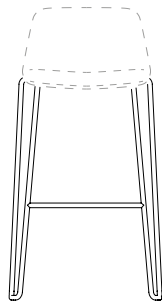

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.

 x4 All versions stackable up to 4 units

Sled bar stool

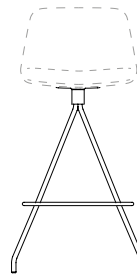

Calibrated steel structure and footrest powder coated in thermoreinforced polyester in white, or black. Black or white plastic glides or black without felt or transparent plastic glides with felt.

 x4 All versions are stackable up to 4 units

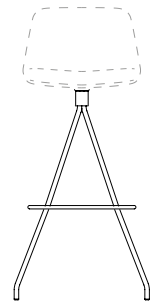

Swivel counter stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black. Black or white plastic glides with or without felt.

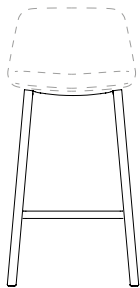

Swivel bar stool

Calibrated steel swivel structure and footrest powder coated in thermoreinforced polyester in white, black. Black or white plastic glides with or without felt.

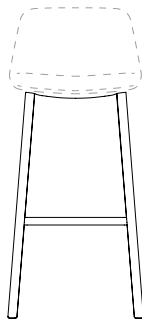

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester. Plastic glides with or without felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes for our collection. Calibrated steel footrest powder coated in black thermoreinforced polyester. Plastic glides with or without felt.

Klip

BY VICTOR CARRASCO

CHAIRS AND STOOLS

A plywood oak chair with the finishes from our collection. Optional cushion upholstered in fabric or leather. Perfect for home and contract use, stackable up to 10 chairs for the non upholstered version and 4 chairs for the upholstered version.

Its name is a reference to the slot in its back, which serves both as a handle for moving it about easily and as a hang for handbags etc.

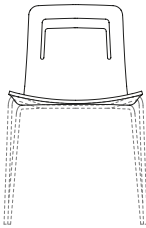

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

SEAT OPTIONS

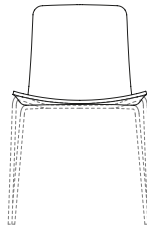

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with the handle in the back. Maximum weight supported by the handle: 33.1 lb.

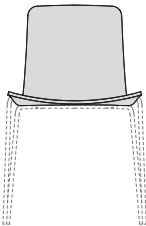

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, without handle in the back.

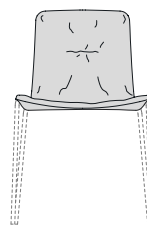

Smooth upholstery

Plywood natural beech chair covered by expanded polyurethane foam, smooth upholstery.

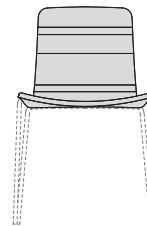

Soft upholstery

Plywood natural beech chair covered by expanded polyurethane foam, soft upholstery.

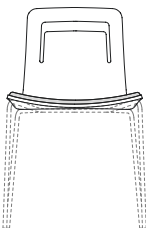

Lined upholstery

Plywood natural beech chair covered by expanded polyurethane foam, lined upholstery.

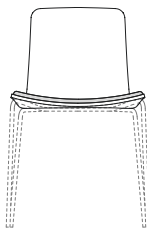

Stained / Lacquered with cushion and handle

Curved oak plywood stained or curved beech lacquered plywood lacquered in the finishes of our collection, with upholstered cushion and the handle in the back. Maximum weight supported by the handle: 33.1lb.

Stained / Lacquered with cushion and without handle

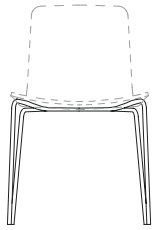

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with upholstered cushion and without the handle in the back.

CHAIR BASE OPTIONS

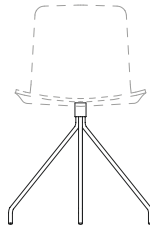

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides with or without felt.

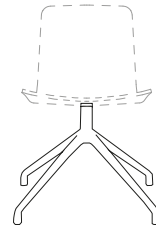

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides with or without felt.

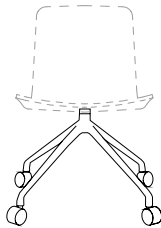

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides, with or without felt.

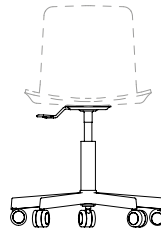

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

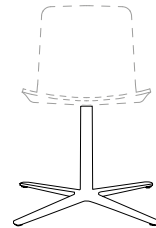

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors.*

*6 weeks production time.

Flat swivel

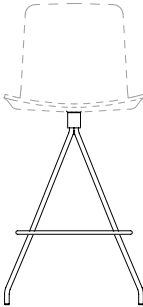

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides, with or without felt.

STOOL BASE OPTIONS

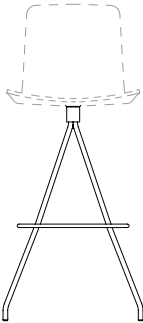

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides wit or without felt.

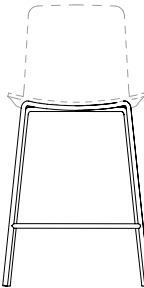

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides wit or without felt.

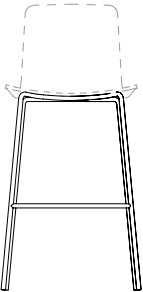

Fixed counter stool

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides wit or without felt.

Fixed bar stool

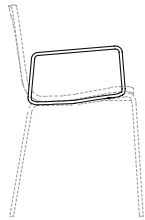

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange. Black or white plastic glides wit or without felt.

ARMREST OPTIONS

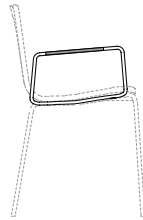

Armrest

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange.

Upholstered armrest

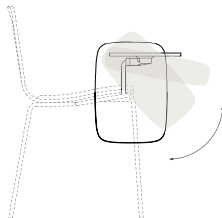

Calibrated steel armrest powder coated in thermoreinforced polyester in black, white, taupe or fluorescent orange and upholstered with leather or ecoleather armrest.

ACCESSORIES

Side table

HPL sidetable with aluminum mechanism and anti-panic system. Left or right versions. Available only for four metal legs base.

CHAIRS AND STOOLS

Test certificates: ANSI BIFMA x5.1:2011 and UNE EN 16139:13 (for every seat finishing, with or without armrest)

Calibrated steel structure powder coated in thermoreinforced polyester in white, black, taupe or fluorescent orange.
Black or white plastic glides with or without felt.**

No more than 10 units of the four leg base and no more than 4 units of the four legs base with upholstered finishes should be stacked up.

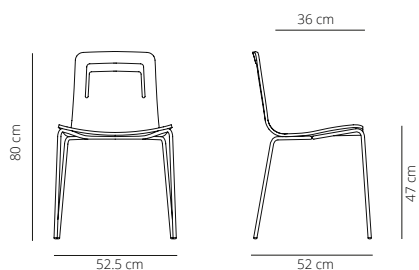

**The whole range of colors has a smooth lacquered finish except black, which has a lacquered microtextured finish.*

NOTE: Due to the fact that the wood used is natural, the finish may vary.

NOTE: We don't recommend to stack up upholstered chairs for a long period of time because it can damage the upholstery. We recommend using the stacking protector pad for stacking upholstered chairs. (See page 175)

Zoco ^{NEW}

BY VICTOR CARRASCO

ARMCHAIRS

Zoco pays tribute to the traditional markets held in Arabic countries, central hubs of collaboration between different cultures. An environment that fuses colors, textures and scents that connect people to each other, sparking creativity, interaction, and consensus. This is what Zoco is all about, a very comfortable lounge chair with rounded shapes where work meetings, friendly encounters and the exchange of ideas revolve. Designed by Victor Carrasco.

Calibrated steel tube structure lacquered in thermoset polyester in black or white.

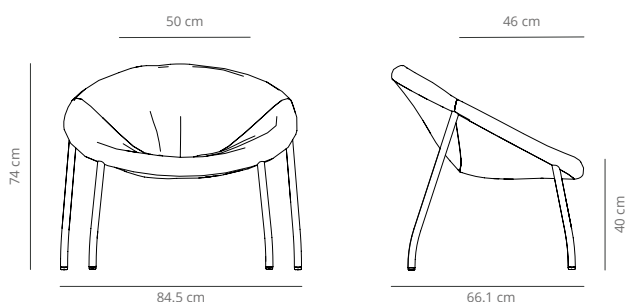

Upholstered cover in the fabrics and leathers of the collection, with CMHR28 fireproof foam and wadding inside.

Plastic mats with and without felt or mixed castors for hard and soft floors.

Available from 24 April 2023

Funda Bold ^{NEW}

BY STEFAN DIEZ

ARMCHAIRS

Bold, suggestive and extremely comfortable. A collection of oversize seats with matching ottoman, cushions, and headrest. Funda Bold's large silhouette and comfortable proportions are created for relaxation and promoting 'slow work' in offices, homes, and in-between spaces. This design represents the new era of huge comfort. The Funda Bold lounge chair promises to be roomy without losing an ounce of lightness. Its construction system is formed by a single steel tube that makes the chair light and allows it to be easily transported.

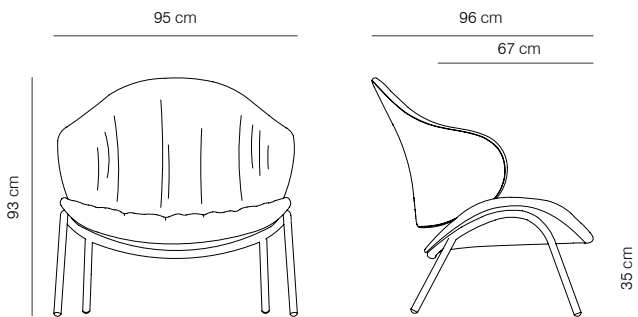

Maintaining the sustainable philosophy of the Funda range, this design by Stefan Diez is created to last over time. Through an innovative production process, the environmental impact is minimized,

and circular economy is promoted, as both parts can be recycled independently.

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black. Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam and polyester fibre. Fabric or leather upholstery with the finishes of our collection. Plastic glides.

Funda Lounge

BY STEFAN DIEZ

ARMCHAIRS

Test certificates: ANSI/BIFMA X5.4-2020 and UNE-EN 16139:2013vc2015

The commitment to maximum sustainability and comfort shapes Funda, a new range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This new collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture or two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

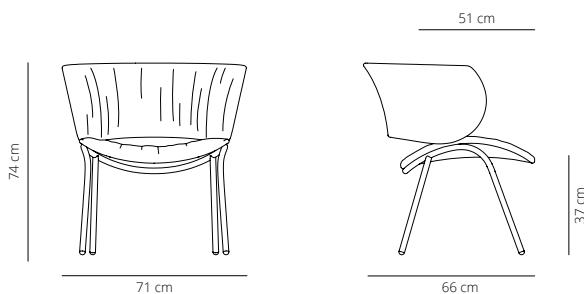

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Needed fabric for material

Savina

BY VICTOR CARRASCO

SOFAS

Savina joins our collection of ancillary furniture to enhance soft collaboration. An innovative modular cloud sofa that presents a new universe of comfortable working solutions for every office, workplace, home, hotel, or hybrid space.

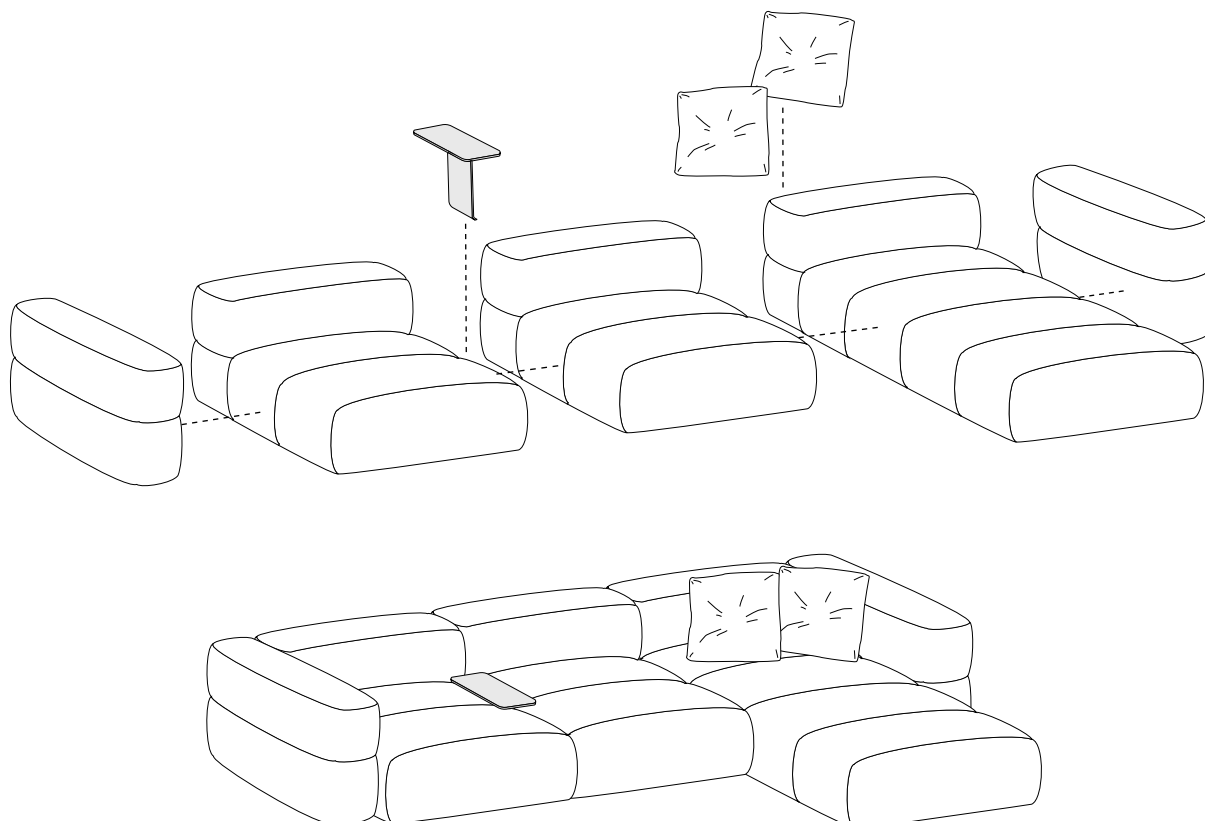

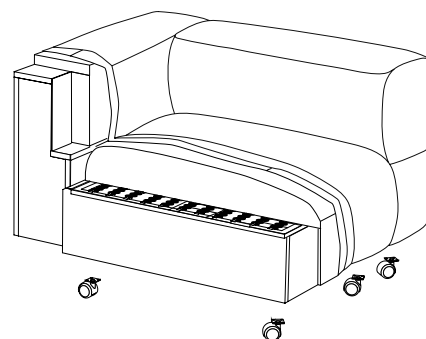

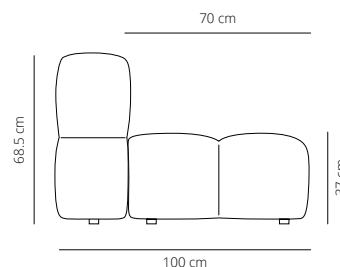

The Savina collection is characterized by being a soft sofa, so the behavior of the fabric significantly influences its visual appearance depending on the selection of one fabric or another, with finer fabrics tending to generate more wrinkles than thicker fabrics. The appearance of these wrinkles is part of the original design intention. Over time and with use, wrinkles may appear on fabric, leather, or faux leather upholstered products.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Solid wood frame with steel spring frame, non-deformable expanded polyurethane of different densities with viscoelastic layer, recycled PET fiber paneling and padded chamber filled with anti-mite feathers
Non-removable fabric or leather upholstery.
Height adjustable legs or hidden casters.

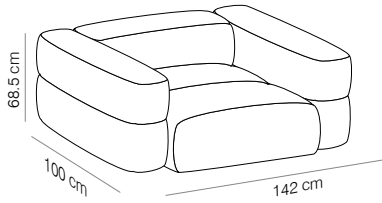

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

SAVIELUC: Built-in double USB-A + USB-C hub for device charging.
 Dimensions: Ø 7.4 cm

The powerbox has a Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

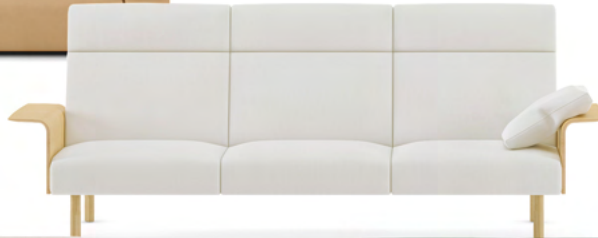

*For all available power options *see page 505*.

POWER OPTIONS POSITIONS

A y B are references of connection points where the electrification articles can be located, in which up to 1 article can be placed per connection point. Plug and USB options can be combined within the same piece of furniture.

As the power devices are installed inside the upholstery, a tolerance of +/-3cm respect the dimensions provided may be expected.

Sistema

BY LIEVORE ALTHERR MOLINA

Sistema Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute – Offering great durability and adaptability to diverse environments.

Sistema Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules.

Smooth Upholstery

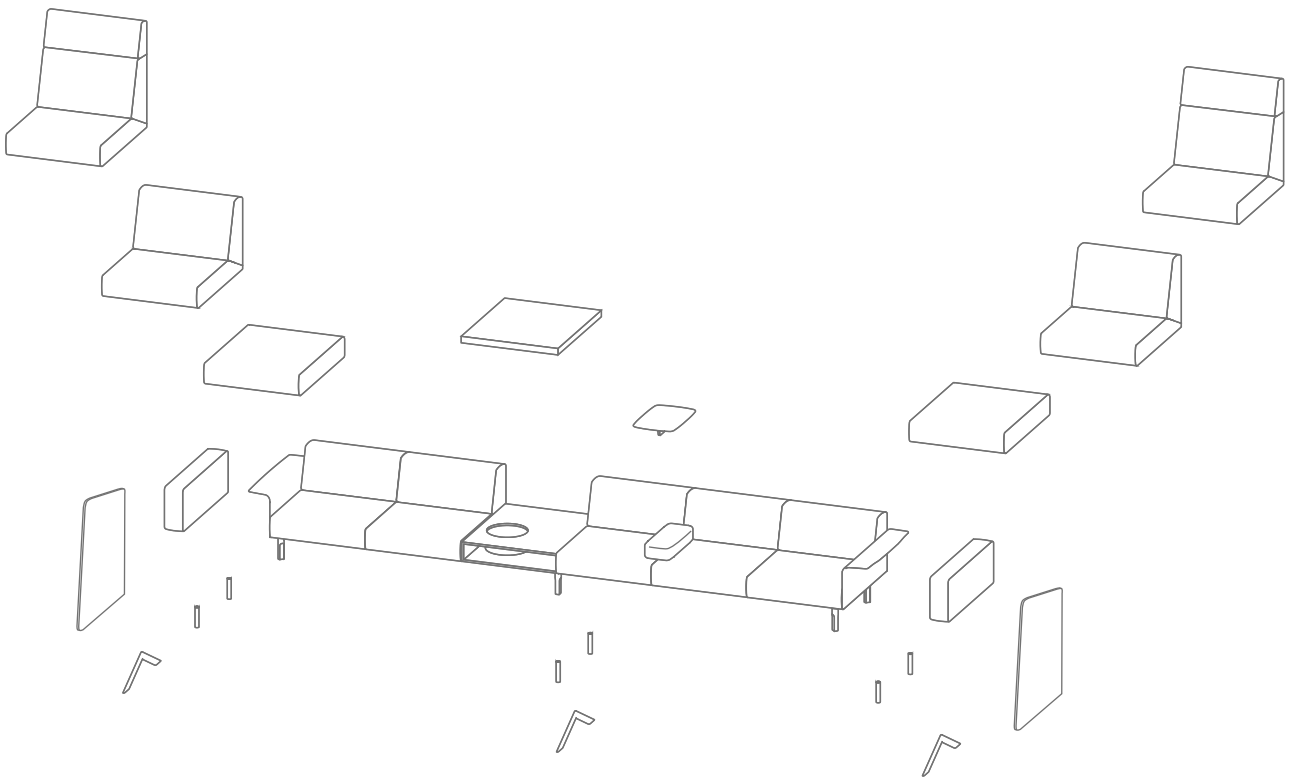

Great durability and adaptability to diverse environments. Sistema, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

Soft Upholstery

A meeting point between rationalism and warmth. Soft Sistema emerges as an evolution of the Sistema sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

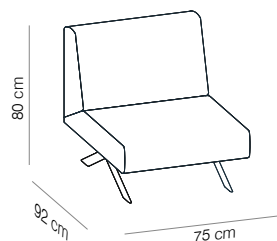

Sistema Legs

Dimensions: Ø6.6x15 cm

For all available power options *see page 506.*

The cable length is 0.80 m with Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

Season Sofa

BY PIERO LISSONI

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical fabric.

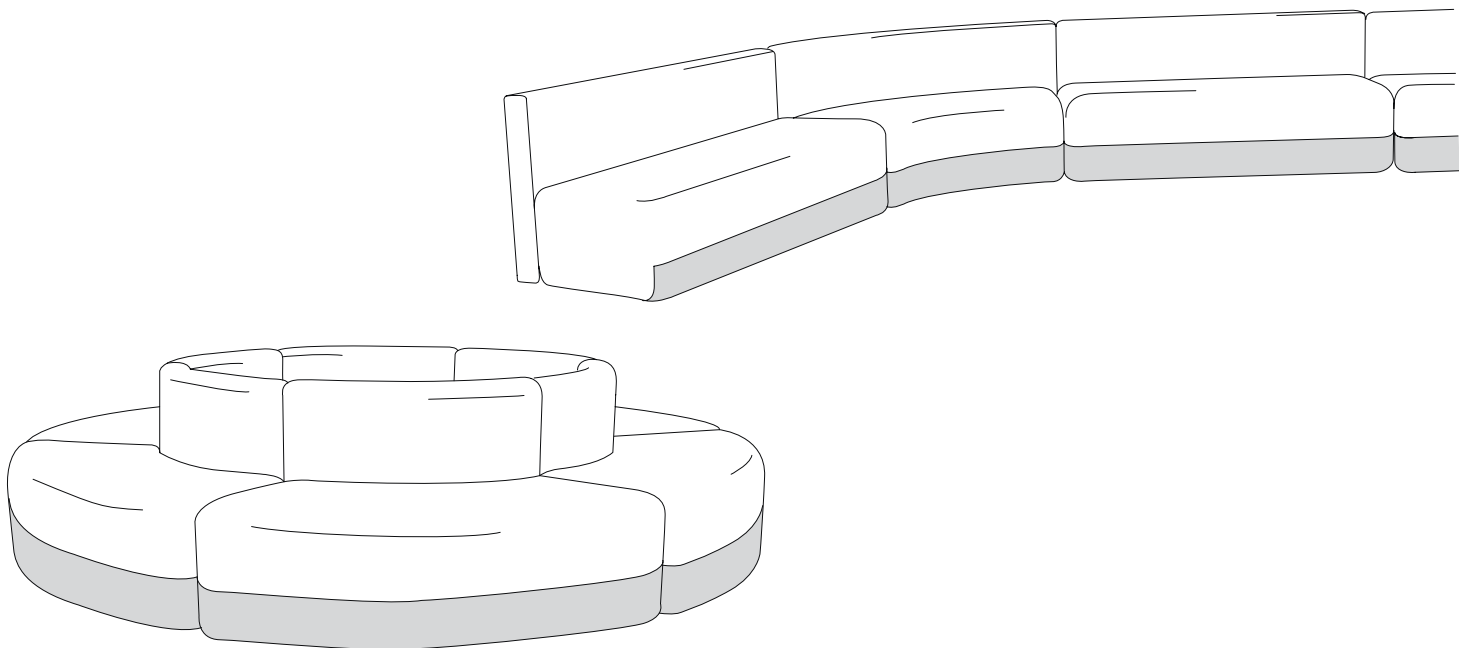

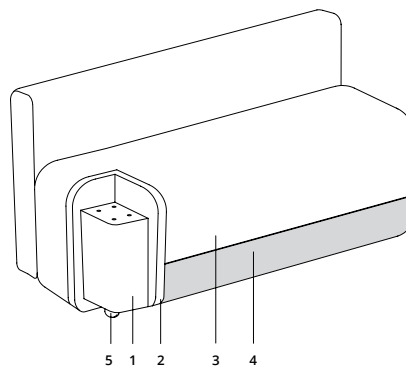

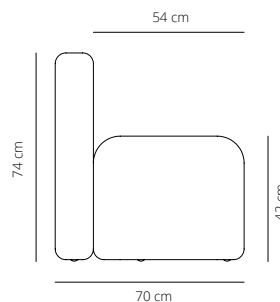

Perfect for offices, restaurants, receptions, etc.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Upholstery protection (technical fabric).
- 5- Height equalising legs.

**Check all the technical fabric colours available on [page 22](#).*

Step

BY VINCENT VAN DUYSSEN

SOFAS

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

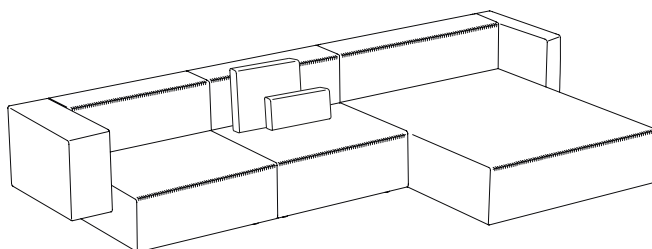

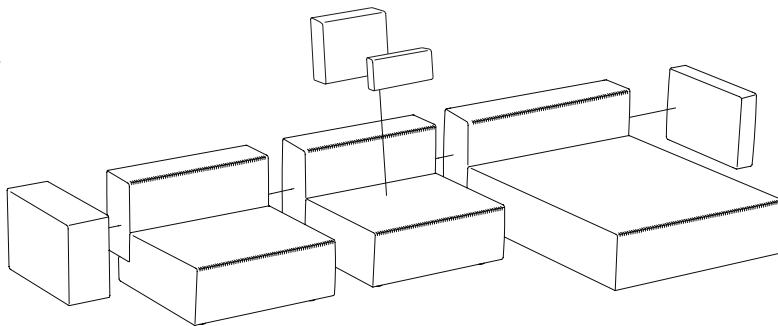

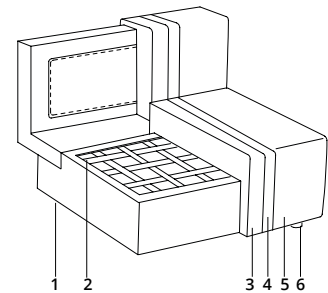

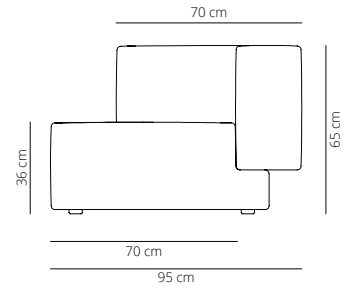

Step is a collection of seating and benches that allows a wide variety of compositions by combining elements of different dimensions.

Despite its precise and formal geometric design, it is surprisingly comfortable, which makes it perfect for the residential use.

The tolerance of the different elements can be +/- 3 cm.
Cushions made of soft virgin fibre with anti-acarus treatment.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure of the arms, back and seat in solid wood.
For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Woven seat and back structure.
- 3- Expanded polyurethane foam in different densities.
- 4- Polyester fibre covering.
- 5- Fabric.
- 6- Adjustable legs in height.

HANDMADE

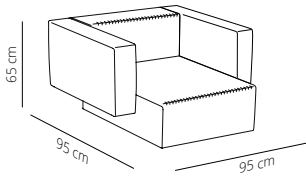

Seam* colours available: white, black, red, sky blue, light grey, dark grey, green, cream, deep blue, caramel and wine.

**Decorative seams are handmade*

Levitt

BY LUDOVICA + ROBERTO PALOMBA

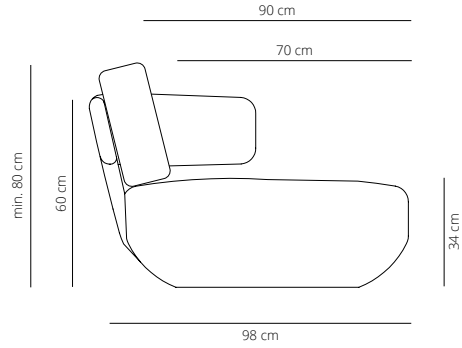

SOFAS

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

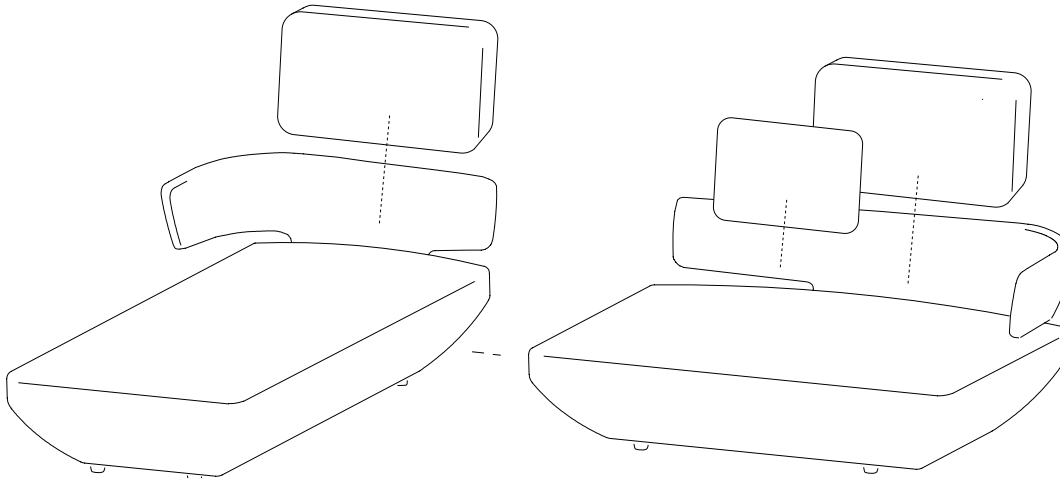

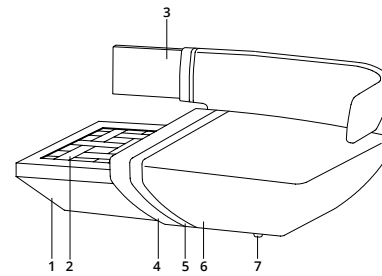

Levitt is a collection of modular sofas and lounge chairs that allow to multiply compositions and finishes.

The seat depth of the sofa is 90 cm without cushions so do not forget to order the back cushions that you need.
 The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing.
 The tolerance of the different elements can be +/- 3cm.

Indicate in the order the cushion/back that you would like.
 Cushions in washed duck and goose feather with anti-acarus treatment.
 Anti-feather scape cotton cover.

- 1- Interior structure of seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Woven seat structure.
- 3- Structure in plywood with curved back.
- 4- Expanded polyurethane viscoelastic foam in different densities.
- 5- Polyester fibre covering.
- 6- Fabrics or leather.
- 7- Height equalising legs.

Levitt

2007, BY LUDOVICA + ROBERTO PALOMBA

SOFAS

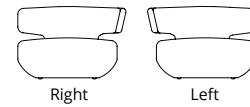

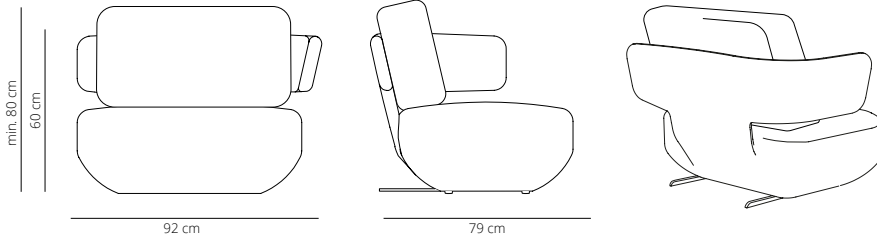

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Needed fabric for material 1.40 m wide:

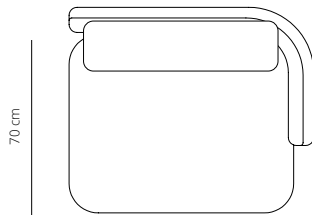

Lounge chair: 4.2 m

Sofa 152: 7.6 m

Lounge chair

NOTE: The lounge chair will be supplied with a wide right arm (front-on-view); although it can also be made with a wide left arm (in any case it is essential that you provide us with a sketch when making the order so that no mistakes are made). The other models will be supplied with the arm in the position that is shown in each sketch.

NOTE 1: A, B, C, D, E, F and G are references of connection points where the electrification articles can be located, in which up to 1 article can be placed per connection point. Plug and USB options can be combined within the same piece of furniture.

NOTE 2: As the power devices are installed inside the upholstery, a tolerance of 3cm respect the dimensions provided may be expected.

Torii

BY LUDOVICA + ROBERTO PALOMBA

BENCHES

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

The new bench designed by Ludovica + Roberto Palomba is distinguished by its multifunctionality and use, as it is typically placed in collaborative

spaces and it can also take many different possible finishes (colours, upholstery and electrics).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

STAINED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND STAINED BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat made from plywood covered in non-deformable foamed polyurethane.

Backrest made from curved oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from plywood covered in non-deformable foamed polyurethane.

Black or white injection polypropylene glides.

STAINED SEAT AND BACKREST WITH CUSHIONS

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

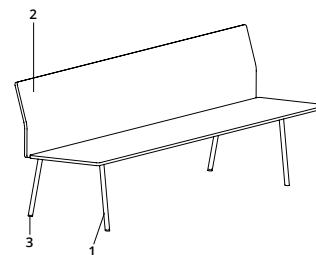

Seat and backrest cushion made from 5 mm thick MDF covered in non-deformable foamed polyurethane.

There are two cushion models with different widths.

The position of the cushions on the bench is predefined by a series of set configurations *(page 272)*

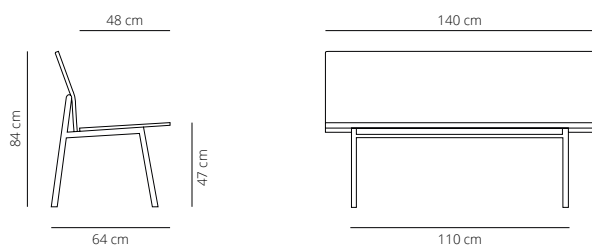

Test certificates: ANSI/BIFMA X5.4-2012 and UNE-EN 16139:2013 vc 2015

- 1- Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
- 2- Seat and backrest made from natural oak plywood stained with the finishes of our collection.
- 3- Black or white injection polypropylene glides.

CUSTOMIZATION

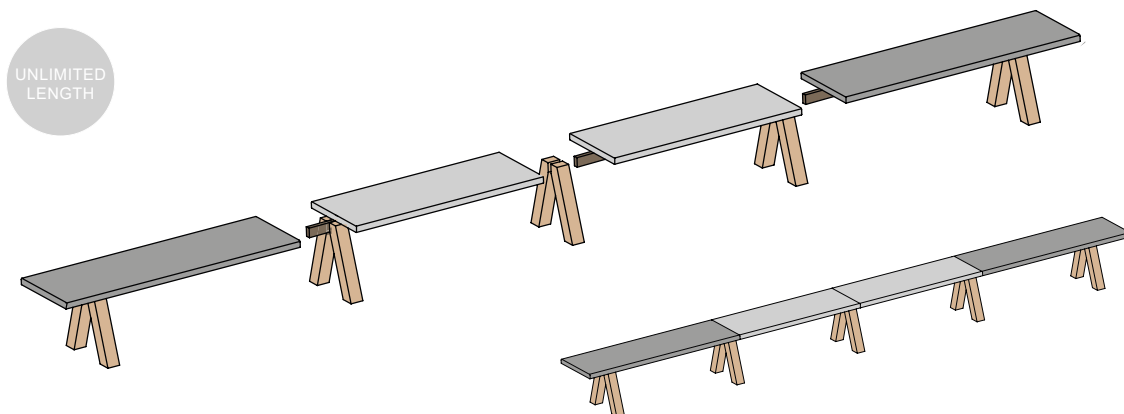

Custom foams and shapes of the backrest are available upon request. If you would like this, please indicate it on the order and attach a sketch.

COMPONENTS FOR BENCH COMPOSITIONS

Apart from those suggested, there is a possibility to create your own bench compositions.

For those compositions, it will be necessary to choose two end seats, central seats according to the length of the table, and the legs (the number of legs will be the result of the number of total seats plus 1).

Colour code:

- Central seat
- End seat
- Legs

Needed fabric for material 1.40 m wide:

- Central seat smooth upholstery: 1.60 m
- Central seat padded upholstery: 1.75 m
- End seat smooth upholstery: 1.90 m
- End seat padded upholstery: 2.15 m

BENCHES

Test certificates: ANSI BIFMA X5.4-2012 (H40)

Common is a modular collection of benches that allows different settings to be created through a variety of compositions. To give you an example, some of the most common options are pictured below. The tolerance of the different elements can be +/- 3 cm.

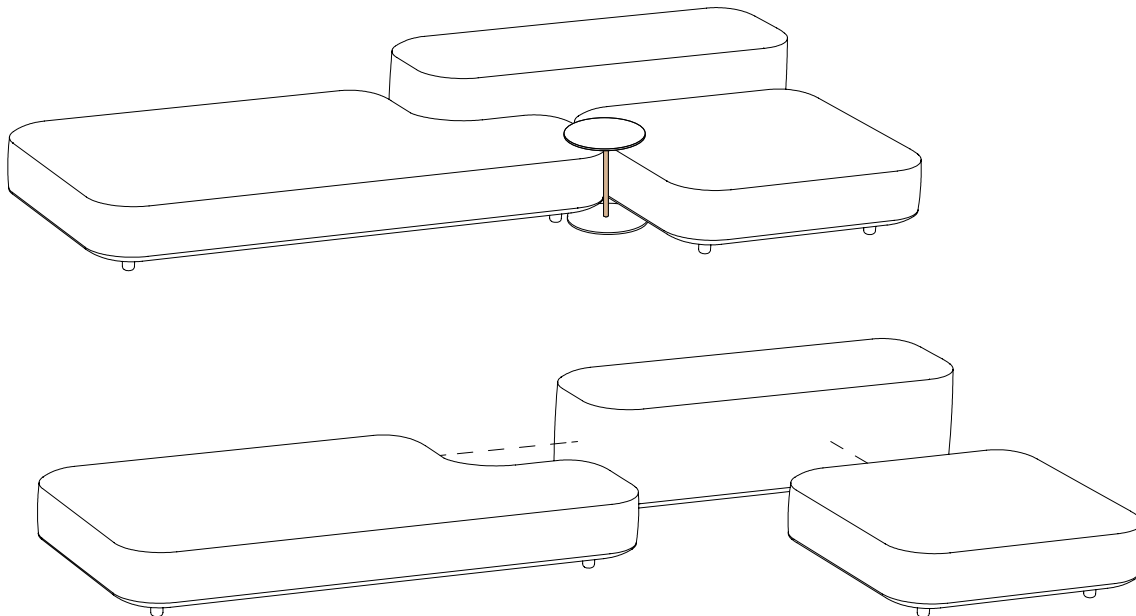

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources
- 2- Expanded polyurethane foam in different densities.
- 3- Polyester fibre covering.
- 4- Fabric.
- 5- Legs in matt varnished natural beech.

NOTE: Leather and some technical upholster models are manufactured with different seams.

**Felt glides available with an upcharge of 4€.*

If not indicated, the chair will be produced with plastic glides.

NOTE: The CO240F and CO180F benches can be used in two positions. Indicate the desired option in the order, remembering that left / right is understood by looking at the element straight from above for manufacturing purposes.

Season Pouf

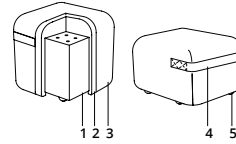

BY PIERO LISSONI

BENCHES

Piero Lissoni's successful collection grows with poufs of new dimensions, maintaining the option of incorporating his intelligent system of hidden casters - very suitable for office and educational spaces where agility and dynamism are paramount - as well as his particular strap, making it easier to move around places.

Test certificates: ANSI/BIFMA X5.4:2020 and UNE-EN 16139:2013vc2015 (for all sizes, only fixed models)

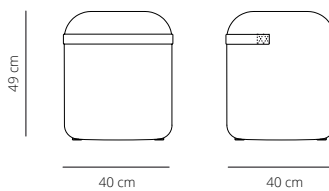

- 1- Interior structure in solid wood and perforated top of micro particles low in formaldehyde. For the production of this piece Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Strap or belt produced in high-resistance technical fabric black, grey and red.
- 5- Hidden casters or height adjustment legs.

Needed fabric for material 1.40 m wide:
Season Pouf 40: 1.45 m

Pouf 40 fixed or with casters

Foro ^{NEW}

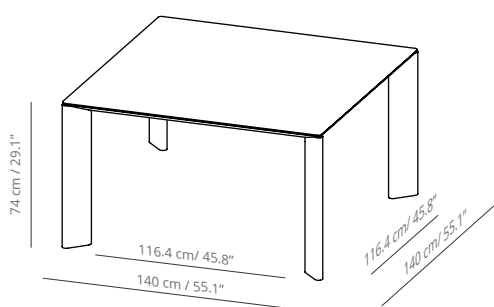

BY JOHN PAWSON

TABLES

Forum is our new venture with designer John Pawson. A collection of minimalist tables meticulously crafted in oak, the noblest material for conveying richness, warmth and depth to any environment. Forum can include a patented electrification mechanism that cleverly conceals the cables through the leg. A practical complement to connect equipment and boost productivity.

Made of wood, the legs of the Foro table are made of solid polished American oak, joined by a polished ash wood frame like the legs. The tabletop is made from European oak and polished to match the legs in the finishes of the collection.

POWER OPTIONS

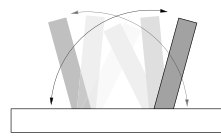

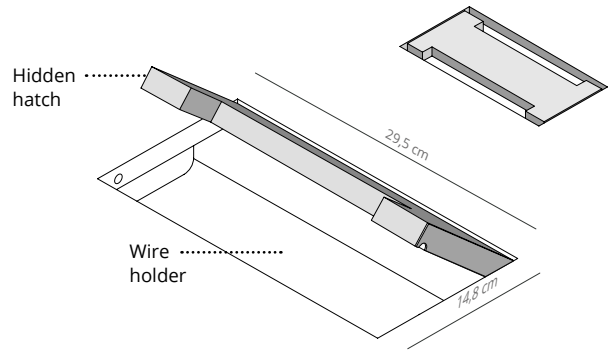

Hidden hatch set

CODE		FINISHES		PUBLIC PRICE
		HATCH	WIRE HOLDER	
-	FOCTO	top's stain	black	1.907 DKK

Built-in wooden hatch, that includes cut out and wire holder, with the same material and finish as the table top. Can be opened from both sides. Includes wire management devices.

Dimensiones: 29,5x14,8 cm

-  2.7 kg
-  (x1) 40x33x11cm (0.014 m³)

The hidden hatch can be opened from both sides

Hidden powerbox set

CODE		FINISHES		PUBLIC PRICE
		HATCH	POWERBOX AND WIRE HOLDER	
-	FOCPO-E	top's stain	black	3.220 DKK
-	FOCPO-M			4.000 DKK

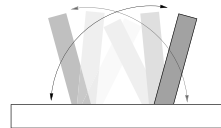

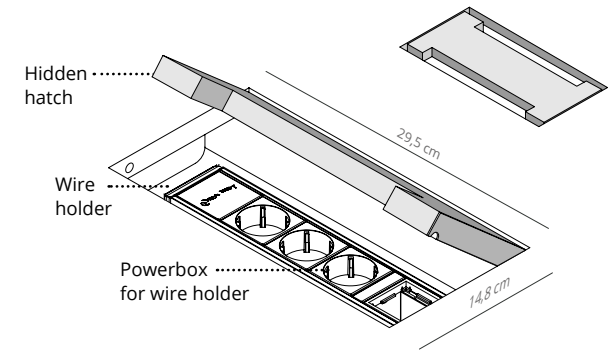

Hidden powerbox set that includes cut out, table top hatch, powerbox, and wire holder. The finish of the hatch is the same as the table. Includes wire management devices. The powerbox may include:

- FOPOC-E:** 4 sockets
- FOPOC-M:** 4 devices (sockets and multimedia)

Dimensions: 29,5x14,8 cm

For all available power options *see page 505*.

-  3.7 kg
-  (x1) 40x33x11cm (0.014 m³)

The hidden hatch can be opened from both sides

The powerbox has 4 modules (sockets or multimedia devices) to install power options. The modules can be complete (1) or half module. (1/2). The power options are under the UNE-EN 50085 standards.

The cable length is 0.3 meters with Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

Double powerbox set

CODE		FINISHES		PUBLIC PRICE
		HATCH	POWERBOX AND WIRE HOLDER	
-	FOPOD-E	top's stain	black	4.534 DKK
-	FOPOD-M			6.094 DKK

Hidden powerbox set that includes cut out, table top hatch, powerbox, and wire holder. The finish of the hatch is the same as the table. Includes wire management devices.

The powerboxes may include:

FOPOD-E: 8 sockets

FOPOD-M: 8 devices (sockets and multimedia)

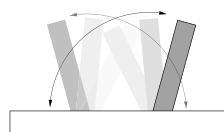

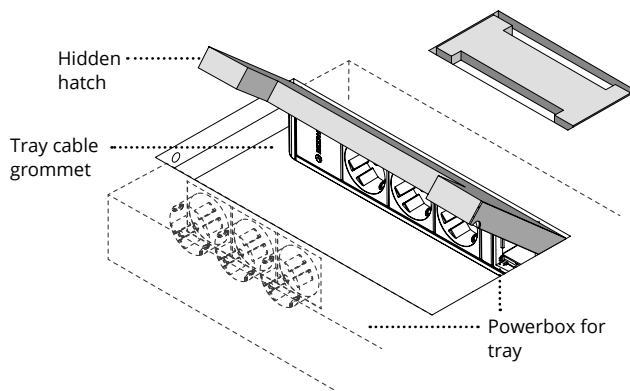

Dimensions: 32x15 cm

For all available power options *see page 505*.

 4.7 kg

 (x1) 40x33x11 cm (0.014 m³)

Each powerbox has 4 modules (sockets or multimedia) to accommodate electrification. The modules can be complete (1) or half (1/2). The electrification elements comply with the UNE-EN 50085 standard. The cable length is 0.3 metres with Wieland quick connector. The power connection cable is not included, and will have to be provided by the customer.

The hidden hatch is accessible and can be opened from both sides.

Table top hatch powerbox

Cambio

BY VICTOR CARRASCO

TABLES

Defined by a singular central base with a seamless silhouette, Cambio is a minimalist game of geometry based on the transition from a square to a round shape, taking us back to our origins.

A modern table collection that allows to create infinite compositions and accommodate multiple guests with its tabletops of up to 2 meters long and discreet electrification options.

Central base in rotomoulded polyethylene available in white, black or taupe. It allows electrification elements to be added in the centre of the tabletop thanks to the internal cable ducting.

The table top is available in 30mm thick MDF, with a technical microtextured lacquered finish in the colours of our collection that gives it great scratch resistance, or veneered in natural oak stained in matt, cognac, ash, bleached or walnut.

Also available in high resistance materials for severe use in Contract such as 19mm Melamine or 12mm Compact.

NOTE: We can offer the possibility to ship the tables without counterweight.

There is no option to install the tables without the recommended counterweight.

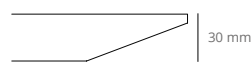

For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 240 cm, the production delay is two additional weeks respect the normal production term.

Thickness and type of table top edges available for each material:

Solar

FOR MARC KRUSIN

TABLES

Test certificates: ANSI/BIFMA X5.4-2020 and UNE-EN 16139:2013vc2015

Solar is a disruptive table concept designed by Marc Krusin, which opens up new ways of working and collaborating.

It consists of a table with an integrated seat, which rotates according to the user's needs, ensuring collaboration but also privacy.

The structure is made of steel.

The table is made of MDF board or compact with the finishes of our

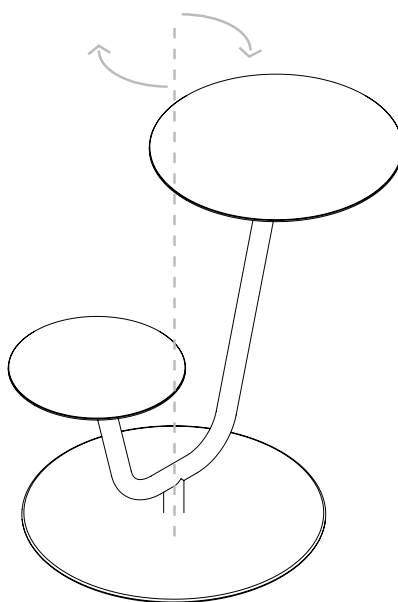

collection and the seat can be upholstered in any of the fabrics from our collection. It also includes a small hook, located under the tabletop, so that the user can keep their belongings close at all times. The maximum load for this hook is 15 kg.

A new concept of versatile table, suitable for public areas, offices, educational environments such as schools or universities, restaurants and coworking spaces.

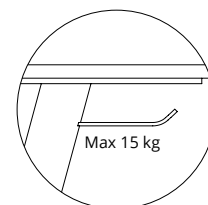

tabletop thickness and edge shape:

Maarten

BY VICTOR CARRASCO

TABLES

Test certificates: UNE-EN 527-1:2011, UNE EN 527-2:03, UNE-EN 527-3:03 and ANSI BIFMA x5.5:2014 (table height 74).

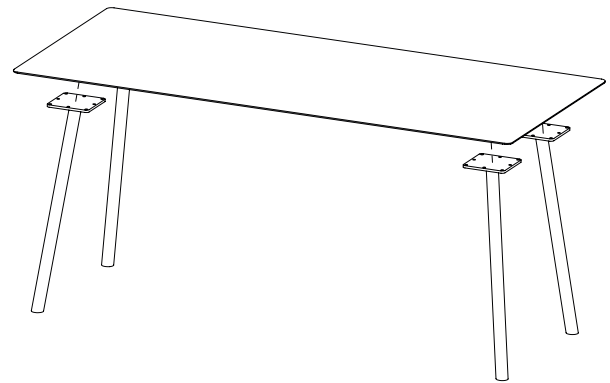

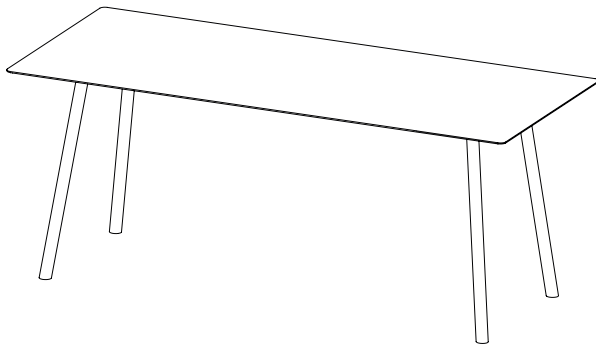

Maarten is a collection of tables and complements that allows m any compositions and finishes.

The legs, which come in heights of 30 or 74 cm, are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, fluorescent orange or a stained oak veneer with the finishes of our collection.

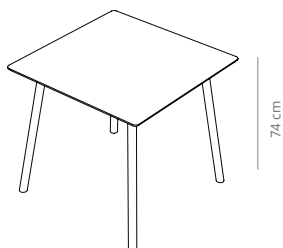

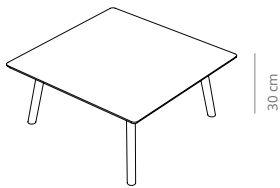

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

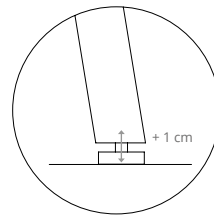

Thickness and type of table top edge:

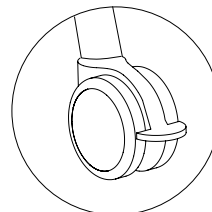

Different measures available for the height of the table:

Burin

BY PATRICIA URQUIOLA

TABLES

Burin is a symbolic tribute to traditional wood carving tools. The unmistakable silhouette of the base runs through this extension of the collection to include a new table with a central base, available in different heights and a double version for large surface areas.

Conceived for both homes and community spaces, the new Burin table gives continuity to the family that was launched in 2011 with the side table designed by Patricia Urquiola.

NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 240 cm, the production delay is two additional weeks respect the normal production term.

Central support available in roto-moulded polyethylene in white, black or taupe.

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes, making it very scratch resistant. It also comes with a solid oak veneer, stained in mate, wenge, cognac or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

THICKNESSES AND TYPES OF BOARD EDGES:

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

Pop-up sockets

0.6 kg
(x1) 21x16x16cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
-	BUTC	by model* 3.009 DKK

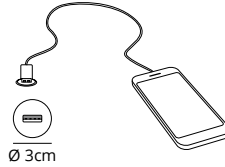

Built-in pop-up socket cylinder can have 2 Schuko sockets or 1 Schuko socket + 2 USB hubs. For different configurations, contact the sales department.

The cylinder is hidden and pops up by gently pressing on it, offering the possibility of connection on four sides.

The finish can vary depending on the internal configuration. For more information, please contact our sales department.

NOTE: The cut out is included only if it is in the center of the base column.

USB hub

Installed and included in the table top box

CODE	FINISHES	PUBLIC PRICE
-	BUUSB	white or black 525 DKK

Built-in USB hub for charging electronic devices.

Available in black or white.

Dimensions: Ø 3 cm

NOTE: The cut out is included if it coincides with the center of the base column. It is not included for other positions.

Cut out

CODE	PUBLIC PRICE
-	BUMEC 1.093 DKK

Custom table top measure. The price is per table top.

Table top hatch

1.2 kg
(x1) 34x18x9cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
VCBCAP*	CAP*	white or black 1.246 DKK

Metallic hatch access to the lower part of the table.

Available in white, black or grey. Does not include power options.

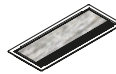

Dimensions: 32x15 cm

* Cut out not included.

NOTE: Not available for compact tabletops.

NOTE: Only available for models: BUC140, BUD150, BUC240, BUC300 and BUC500.

Table top hatch plus

1.2 kg
(x1) 34x18x9cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
VCBCAPP*	CAPP*	white or black 1.500 DKK

Metallic hatch access to the lower part of the table for wooden table tops. Metal frame available in black or grey and central part in the veneer of the finish of the table. Does not include power options.

Dimensions: 32x15 cm

* Cut out not included.

NOTE: Not available for compact tabletops.

NOTE: Only available for models: BUC140, BUD150, BUC240, BUC300 and BUC500.

Trestle

BY JOHN PAWSON

TABLES

Test certificates: ANSI/BIFMA X5.5:2014, UNE-EN 15372:2017, UNE-EN 527-1:2011 and UNE EN 527-2:2017 A1:2019

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 74 cm height, 88 cm counter height and 105 cm bar height.

Stained solid oak, solid beech legs and metal legs lacquered with the finishes of our collection.

Due to the fact that the wood used is natural, the finish may vary. Beam in calibrated powder coated tube in thermoreinforced polyester in graphite grey (RAL9007).

The table top is available in two different finishes and widths (90 cm and 120 cm):

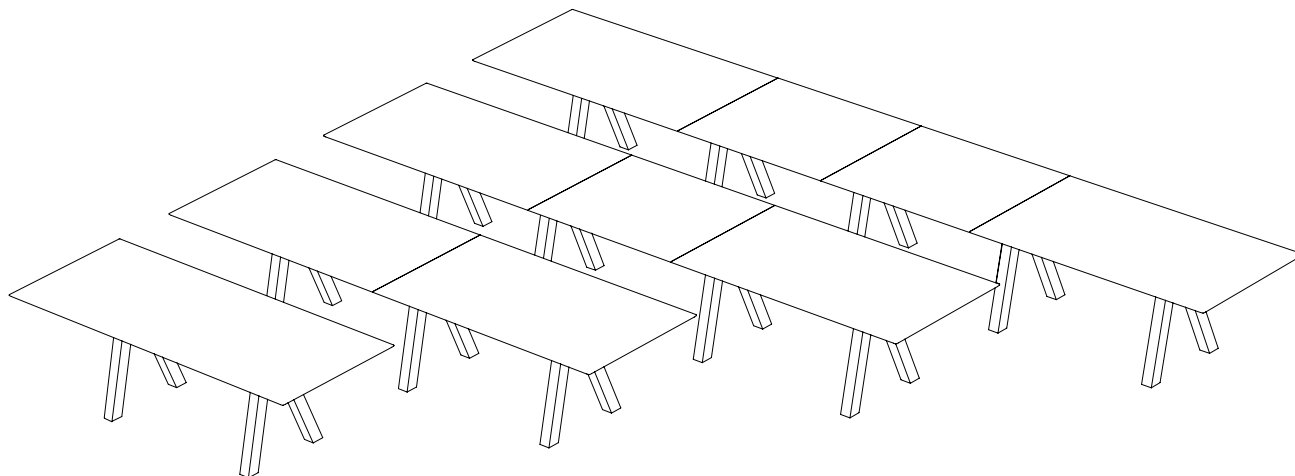

- 30 mm MDF board with a natural oak veneer polished in matt, cognac, ash or wenge. Also available in micro-textured lacquer in white, black or taupe.
- High pressure HPL laminate in black or white on a 30 mm thick MDF board with stained edges in transparent.

NOTE: For tables equal to, or longer than 480 cm, the production delay is two additional weeks respect the normal production term.

Thickness and type of table top edge:

+ 177€

It is possible to add a built-in wire management system (TRPMR) in a leg for an extra of 177€. It has to be indicated in the order with its reference. To see the position options for the wire management leg, see page 467.

NOTES:
 The manufacturing lead time for 480 cm table tops (triples) is 2 weeks additional to the normal manufacturing lead time.

Due to the natural wood used, the finish may vary.

All weights are calculated considering the wooden legs.

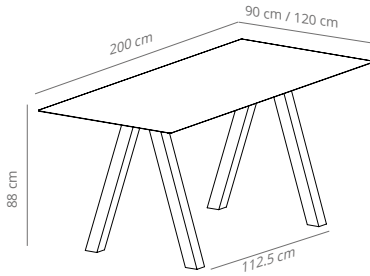

Suggested maximum number of seats per table, calculated with an Aleta chair. The number of seats may vary depending on the chair model.

+ 177€

It is possible to add a built-in wire management system (TRPMR) in a leg for an extra of 177€. It has to be indicated in the order with its reference. To see the position options for the wire management leg, see page 467.

NOTES:
 The manufacturing lead time for 480 cm table tops (triples) is 2 weeks additional to the normal manufacturing lead time.

Due to the natural wood used, the finish may vary.

All weights are calculated considering the wooden legs.

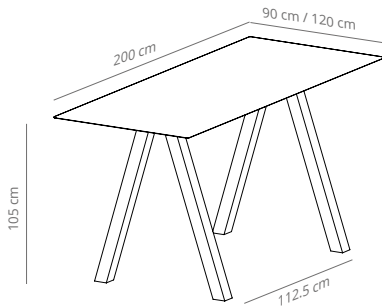

Suggested maximum number of seats per table, calculated with an Aleta chair. The number of seats may vary depending on the chair model.

COMPONENTS FOR TABLE COMPOSITIONS

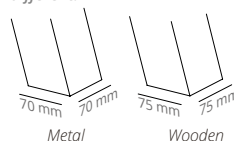

Apart from those suggested, there is a possibility to create your own table compositions.

For those compositions, it will be necessary to choose two end table tops, central table tops according to the length of the table, and the legs (the number of legs will be the result of the number of total table tops plus 1).

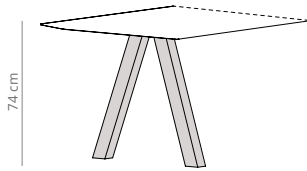

- Colour code:
- Central top (TRMC - TRMCA)
 - End top (TRME - TRMEA)
 - Legs (TRPM - TRPMH - TRPMB - TRPME - TRPMEH - TRPMEB) *

**The measure for metal legs and wooden legs is slightly different.*

WIRE MANAGEMENT

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire holder (TRECAN) and the wire management leg (TRPMR).

The wire holder allows to pass the wires from the bottom of the table top to the leg and the wire management leg allows to canalize up to 6 wires until reaching the floor.

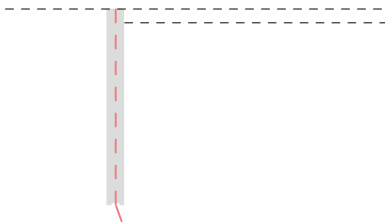

Metal leg wire management

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories. The drawings with the location of the accessories different from the ones shown need the approval of the technical department.

Wire hole

 Installed and included in the table top box

CODE		FINISHES	PUBLIC PRICE
-	AC03B	white	153 DKK

Cut out of the board is included.
Dimensions: Ø 6 cm

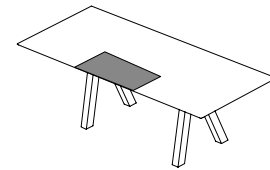

Cut out

CODE		PUBLIC PRICE
-	TRMEC	1.093 DKK

Table top custom cut out. Price cut out table.

Table top protector in ecoleather

 1 kg

 Installed and included in the table top box

CODE		FINISHES	PUBLIC PRICE
-	TRPROT	eco leather	2.187 DKK

Dimensions: 44x90 cm

Table top hatch

 1.2 kg

 (x1) 34x18x9cm (0.005 m³)

CODE		FINISHES	PUBLIC PRICE
-	CAP	black, white or grey	1.246 DKK

Metallic hatch access to the lower part of the table.

Available in white, black or grey.
Does not include power options.

Dimensions: 32x15 cm

* Cut out not included.

Table top hatch plus

 1.2 kg

 (x1) 34x18x9cm (0.005 m³)

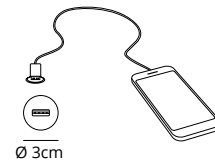

CODE		FINISHES	PUBLIC PRICE
-	CAPP	black or grey	1.500 DKK

Metallic hatch access to the lower part of the table for wooden table tops. Metal frame available in black or grey and central part in the veneer of the finish of the table. Does not include power options.

Dimensions: 32x15 cm

* Cut out not included.

USB hub

Ø 3cm

 Installed and included in the table top box

CODE		FINISHES	PUBLIC PRICE
-	TREUSB	white	525 DKK

Built-in USB hub for charging electronic devices.

Available in black or white.

Dimensions: Ø 3 cm

TABLES

Base in powder coated steel in thermoreinforced polyester in white (RAL 9016), grey (RAL7004) or black (RAL9005). The white base of the Stan table is in RAL 9016.

Different base sizes available.

The prices are quoted including the appropriate table top for the correct stability.

Table top available in different measures, materials and thickness:

- Melamine (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

*The term of manufacture of the Stan tables is 6 weeks.

NOTE: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the base without tabletop.

Thickness and type of table top edges available for each material:

LOW TABLES

The close relationship between Elisa Ossino and geometry is translated to the Viccarbe collection thanks to a new range of side tables.

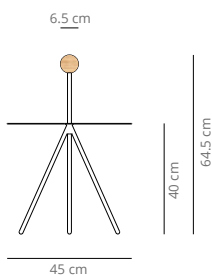

Trino is born with a sculptural soul and stage vocation, with the inherent elegance of a design capable of expressing and complementing all types of interiors. The new Ossino tables are also easy to move thanks to a handle available in three different finishes: metal, solid oak and marble.

NOTE: Due to the fact that the marble and wood used is natural, the finish may vary.

T Model

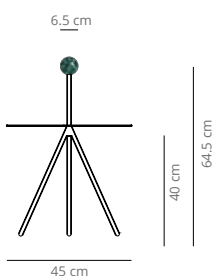

6.8 kg

(x1) 53x52x52 cm (0.14 m³)

Oak sphere Model

6.7 kg

(x1) 53x52x52 cm (0.14 m³)

Green marble sphere Model

7.1 kg

(x1) 53x52x52 cm (0.14 m³)

Function and form meet again on this occasion to promote conversation between objects and space.

Top and base in calibrated steel structure powder coated in thermoreinforced polyester in single-color black.

Available with three different types of handle:

- T-shaped model in calibrated steel powder coated in thermoreinforced polyester.

- Solid oak sphere model stained in natural matt finish.

- Marble sphere model in Indian Green color.

Aleta

BY JAIME HAYON

LOW TABLES

Test certificates: UNE-EN 15372:2017 and ANSI/SOHO S6.5:2008 (R2013)

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.

Table top available in different measures, materials and thickness:
 - 25 mm lacquered technical micro-texturised MDF top in all the finishes of the collection, bevelled on both sides of the top.
 - Melamine (LPL) thickness 19 mm with 1.5 mm PVC edge, in black or white.

- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop can be black or white; for a white edge, it can be white.

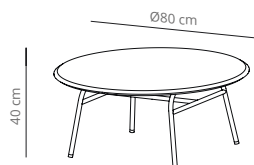

NOTE 1: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the MDF table.

Thickness and type of table top edges available for each material:

BURIN MINI

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

NAGI high armchair

The model tested complies satisfactorily with specifications of standards UNE EN 16139:13, according to the following tests:
General requirements for safety.
Front roll-over stability.
Rear roll-over stability.
Stability roll-over in rocking chairs.
Static on seat load.
Load static on the front edge of the seat.
Durability of the seat and backrest.
Durability of the front edge of the seat.

SERRA rectangular

The model tested complies satisfactorily with specifications of standard UNE EN 15372:08, according to the following tests:
Safety. General requirements and shear and squeeze points.
Horizontal static load.
Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

FINISHING PROCESS white (smooth)

The tested finishing system fulfils the requirements in the standards UNE 89401-1 and UNE 89401-3 to be used as a finishing system.

FINISHING PROCESS white (microtextured)

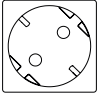

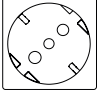

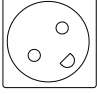

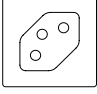

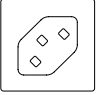

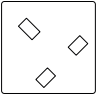

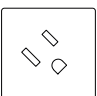

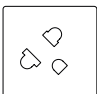

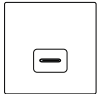

The tested finishing system fulfils the requirements in the standards UNE 89401-1, UNE 89401-2 and UNE 89401-3 to be used as a finishing system.

LAST MINUTE

The model tested complies satisfactorily with specifications of standard UNE EN 16139:13, according to the following tests:
Fatigue on the front edge of the seat.
Fatigue on seat and back.
