1.DEFINITIONS AND INTERPRETATION

In these Terms and Conditions ("Conditions"):
"Magis" means Magis spa;
"Customer" means the person (including a registered company or partnership) that accepts a quotation or offer from Magis for the sale of the Goods or whose order of Goods is accepted by Magis;
"Contract" means any contract between Magis and the Customer for the sale and purchase of goods.
"Goods" means any furniture and/or accessories which Magis is to supply in accordance with these conditions.

2. APPLICATION OF TERMS

(a) Subject to any variation under Condition 2(b) the Contract shall be on these Conditions to the exclusion of all other terms and conditions (including any terms or conditions which the Customer purports to apply under any purchase order, confirmation of order, specification, or other document).
(b) These Conditions apply to all Magis's sales and any variation to these Conditions and any representations about the Goods shall not be binding unless expressly agreed in writing by Magis.
The Customer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of Magis which is not set out in the Contract. Nothing in this condition shall exclude or limit Magis's liability for fraudulent misrepresentation.
(c) Each order or acceptance of a quotation for Goods by the Customer from Magis shall be deemed to be an offer by the Customer to purchase Goods subject to these Conditions.
(d) Any reference in these conditions to any provision of a statute shall be construed as a reference to that provision as amended, re-enacted, or extended at the relevant time.

3. ORDERS

(a) Unless otherwise agreed, the prices applying to any orders will be the prices valid at the time of dispatch of the Goods. All prices are in Euro unless otherwise stated. Magis will execute the orders (totally or partially) according to the availability of the Goods requested at that particular time.
(b) The Customer is responsible for ascertaining whether the Goods ordered are suitable for and sufficient for its purpose.

4.SPECIFICATION

(a) All technical specifications, measurements, plans, and illustrations supplied by Magis or contained in Magis's catalogues, price lists and advertising matter are by way of general description and are approximate only and not binding on Magis in any way.
(b) It is Magis' policy to develop and improve its products and accordingly Magis reserves the right to change the specification of, or discontinue, any of the Goods without prior notice.
(c) The Customer acknowledges that the patents, copyrights, trademarks, service rights, goodwill, reputation, and any other rights (registered or unregistered) in or related to the Goods are and shall remain the property of Magis.
Without prejudice to the above, the Customer acknowledges and agrees that it shall not reproduce any images, drawings, plans or specifications of or relating to the Goods without Magis's prior written consent.

5. DELIVERY

(a) Delivery shall be affected at such premises as specified in the order and confirmed by Magis in writing. 40 days should be allowed for delivery of Goods. All delivery dates are estimates only and the time of delivery shall not be of the essence.
(b) Magis shall not be liable for late delivery and delay in delivery shall in no case entitle the Customer to cancel the order unless such cancellation is agreed by Magis in writing.
(c) Magis may deliver the Goods by separate instalments. Each separate instalment shall be invoiced and paid for in accordance with the provisions of the Contract. Each instalment shall be a separate Contract and no cancellation or termination of any one Contract relating to an instalment shall entitle the Customer to repudiate or cancel any other contract or instalment.
(d) If for any reason the Customer fails to accept delivery of, or requests that Magis delay delivery of any of the Goods when they are ready for delivery:
(i) the Goods shall be deemed to have been delivered;
(ii) risk in the Goods shall immediately fall to the Customer;
(iii) Magis shall store the Goods until delivery, whereupon the Customer shall be liable for all related costs and expenses (including, without limitation, storage, and insurance).

6. ORDER CANCELLATION AND CHANGES

Orders can be cancelled/changed in accordance with the below rules:

	0-3 DAYS AFTER ORDER CONFIRMATION HAS BEEN SENT	LATER THAN 3 DAYS AFTER ORDER CONFIRMATION HAS BEEN SENT
STANDARD PRODUCTS	NO CHARGE	CHARGE 25% OF NET PRICE EXCL. VAT
COM/COL AND MADE-TO-ORDER	CANCELLATION/ CHANGES NOT POSSIBLE FULL PRICE CHARGE	

7. PACKING

Prices include packing unless otherwise stated. Orders must conform to the unit per package figure, as indicated in the pricelist. If they do not, Magis reserves the right to charge a supplement of Euro 15.00 in respect of the incomplete carton to cover additional packaging costs. In any case where special packing is requested, Magis may make an extra charge.

8. TITLE AND RISK

(a) The Goods are at the risk of the Customer from the time of delivery or deemed delivery.
(b) Notwithstanding delivery and passing of risk, the Goods shall remain the property of Magis until all monies due from the Customer to Magis have been paid in full.

9. LIABILITY

(a) Subject to Condition 5 the following provisions set out the entire financial liability of Magis (including any liability for the acts or omissions of its employees, agents and sub-contractors) to the Customer arising out of or in connection with the Goods and/or these Conditions.
(b) All warranties, conditions and other terms implied by statute or common law are, to the fullest extent permitted by law, excluded from the Contract.
(c) Nothing in these Conditions excludes or limits the liability of Magis :
(i) for the death or personal injury caused by Magis 's negligence; or
(ii) for any matter which it would be illegal for Magis to exclude or attempt to exclude its liability; or
(iii) for fraud or fraudulent misrepresentation.
(d) Subject to Condition 10 (b) and Condition 10 (c) Magis's total liability in contract, tort (including negligence or breach of statutory duty), misrepresentation, restitution or otherwise, arising in connection with the performance or contemplated performance of the Contract shall be limited to the Contract price and Magis shall not be liable to the Customer for:
(i) any pure economic loss, loss of profit, loss of business, depletion of goodwill or otherwise, in each as whether direct, indirect, or consequential, or any claims for consequential compensation whatsoever (howsoever caused) which arise out of or in connection with the Contract.
(ii) damage to or loss of the Goods or any part of them in transit unless the Customer shall notify Magis of any such claim in writing within 7 days of receipt of the Goods;
(iii) for defects in the Goods caused by fair wear and tear, abnormal or unsuitable conditions of storage or use or any act, neglect or default of the Customer or of any third party;
(iv) for other defects in the Goods unless the Customer shall notify Magis within 30 days of receipt of the Goods.
(e) Upon the Customer receiving the Goods, the number of the cartons is to be checked against the number stated on the delivery note. Any possible shortage or damage to any carton must be notified on the delivery note.
(f) Claims falling within the criteria set out in this Condition 10 will only be considered upon receipt of a written explanation from the Customer, setting out full details of the claim, including the relevant invoice number as issued by Magis in respect of the Goods.

10. RETURN OF GOODS

Return of Goods will be accepted only with Magis' written consent. A 15% charge may apply to unauthorized returns.

11. PAYMENT

(a) Payment terms shall be as specified by Magis from time to time.
(b) Time for payment of any sums due under the Contract shall be of the essence.
(c) Without prejudice to Condition 12(b), in the event of any delay in payment Magis shall be entitled to charge interest on any outstanding balance at the rate of 2% per annum above the base rate of such reputable bank as Magis may from time to time nominate.
(d) Magis reserves the right to suspend the provision of Goods to the Customer where any amounts are overdue under, or the Customer is in breach of, any contract between Magis and the Customer, until all such

12. GENERAL

(a) Each right or remedy of Magis under the Contract is without prejudice to any other right or remedy Magis may have, whether under the Contract or not.
(b) Magis shall not be regarded as in breach of the Contract to the extent that it is prevented from or hindered in fulfilling its obligations by any circumstances outside its reasonable control (such as: any act of God, war, riot, strike, lock-out, governmental control or regulation, abnormal weather conditions, accident, or breakdown) provided that Magis shall have given written notice to the Customer of such circumstances within a reasonable time after learning of them.
(c) If any provision of the Contract is found by any court, tribunal, or administrative body of competent jurisdiction to be wholly or partly illegal, invalid, void, voidable, unenforceable or unreasonable it shall to the extent of such illegality, invalidity, voidness, voidability, unenforceability or unreasonableness be deemed severable and the remaining provisions of the Contract and the remainder of such provision shall continue in full force and effect.
(d) Failure or delay by Magis in enforcing or partially enforcing any provision of the Contract shall not be construed as a waiver of any of its rights under the Contract and any waiver by Magis of any breach of, or any default under, any provision of the Contract by the Customer shall not be deemed a waiver of any subsequent breach or default and shall in no way affect the other terms of the Contract.
(e) The parties to the Contract do not intend that any term of the Contract shall be enforceable by any person that is not a party to it.
(f) This Contract shall be governed by Italian law.
(g) Any dispute arising out of or in connection with the Contract and/or the present Terms and Conditions shall be submitted to the exclusive jurisdiction of the Court of Treviso (Italy).

QUALITY CERTIFICATIONS

CERTIFICATION ISO

In October 2004, Magis was granted the Quality Certification of the Swiss certification bureau SQS (an IQNet partner) for its management system.

The certification by an accredited external bureau allows Magis to implement a quality management system that meets the international standards of UNI EN ISO 9001:2000.

In December 2007, Magis was granted the ISO 14001:2004 Environmental Certification of the Swiss certification bureau SQS for its environmental management system.

CERTIFICATION GREENGUARD

Magis, which has always been sensitive to environmental themes, has obtained the Greenguard Certification, a program promoted and directed by UL Environment undergoing products to severe tests against chemical emissions in indoor spaces.

The Greenguard certified products distinguish themselves therefore by low emission levels in the air and by a minimum level of chemical emissions in indoor spaces. Magis received the Greenguard Gold Certification, which offers even stricter certification criteria and considers safety factors to account for sensitive individuals (such as children and the elderly), ensuring in this way that a certified product is acceptable for use in environments such as schools and hospitals.

Magis obtained the Greenguard Gold Certification for the following products:

Air-chair / Air armchair
Air table
Baguette
Bell chair
Chair_One / Chair_One 4 star / Chair_One Public Seating System 2 / Chair_One cushion / Stool_one / Table_one bistrot
Costume
Cyborg club / Cyborg stick
Déjà-vu chair / Déjà-vu stool

Traffic armchair / Traffic sofa / Traffic bench / Traffic platform / Traffic chaiselongue / Traffic low table
Tibu
Trioli
Troy / Troy front cover / Troy fully covered / Troy stool
XZ3

CERTIFICATION FSC

Magis also got, in 2014, the FSC® C123236 certification, which guarantees that wooden components have been sourced from responsibly managed woodland, thus protecting precious natural resources and biodiversity.

MAGIS'S MATERIALS AND THEIR MAINTENANCE

METALS

Magis uses the following metals in the manufacturing of its products: steel and aluminum tubing, steel plate, steel and stainless steel rod, aluminum sheeting, extruded aluminum profiles and die-cast aluminum. Surface treatments used: On steel: chromium plating, cold galvanising, hot galvanising, epoxy coating, cathaphoresis coating with polyester.

On aluminum sheeting, aluminum tubing and extruded aluminum profiles: natural and black anodising.

On die-cast aluminum: polishing, epoxy coating, titanisation coating with polyester. Only products bearing the inscription "Suitable for Outdoor Use" should be used outside.

Products not specifically marked with the words "Suitable for Outdoor Use" must not be used outside because they would be subject to permanent damage by the elements.

We advise you to consult us before using outdoor products in extreme weather conditions.

CLEANING OF METALS

We recommend using a soft rag, either dry or wet. When needed, use ph-balanced soap diluted in water. Do not use abrasive sponges as they may leave scratches. Immediately dry after washing with a soft rag or chamois leather. Never leave water or other liquids to sit on metal parts. Avoid contact with all acidic substances. Periodic maintenance and cleaning allows the products to keep their original look and lengthens the duration of their performance.

For the Al Bombo stool (in die-cast aluminum) we recommend using the special Al Bombo Cleaning Kit.

As die-cast aluminium is not treated with any chemical products or any kind of painting, small marks or irregularities, which might be visible on the surface, should not be considered as faults, but on the contrary as technical results of the nature of aluminium itself. Aluminium is very likely to dull while using. Regular care is therefore necessary to maintain its original appearance. We recommend using specific cleaning products for aluminium.

PLASTICS

The plastic materials used by Magis are numerous. Their choice depends on the desired visual effect and particular durability requirements. In addition, certain additives can be used to guarantee that the plastics pass the most stringent safety tests.

All Magis's plastics are organic and fully recyclable. Their life cycles are long, which is an advantage for the environment.

At the end of their life-cycle, we recommend taking the products or parts of the products to specialised recycling centres.

All products and product parts are coloured throughout and not painted, with the exception of the metallic silver version of the Bombo stool.

The plastics most used in Magis' production are polypropylene (PP) and ABS.

CLEANING OF PLASTICS

We recommend using a soft rag, either dry or wet. When needed, use ph-balanced soap diluted in water. Do not use abrasive sponges as they may leave scratches. Avoid using acidic products, solvents and products containing ammonia.

Plastic products marked with the label "Suitable for Outdoor Use" can be used outside. However, prolonged exposure to sunlight may cause the fading of colours. This is due to the fact that there are currently no additives available on the market that protect plastics from colour fading.

Periodic maintenance and cleaning allows the products to keep their original look and lengthens the duration of their performance.

WOOD

Because wood is a natural material, there are small differences between the products. These are not to be considered faults, but a characteristic of a natural material.

CLEANING OF WOOD

We recommend using a soft rag, either dry or wet. If desired, use ph-balanced liquid soap especially formulated for wood, diluted in water. Do not use abrasive sponges, as they may leave scratches. Avoid using acidic products, solvents and products containing ammonia. Avoid exposure to sunlight as this may permanently discolour the surface. Periodic maintenance and cleaning allows the products to keep their original look and lengthens the duration of their performance.

Magis has in recent years significantly expanded its custom-made production to respond to the increasing, and increasingly diverse, requests of the contract market. Today, Magis is in a position to satisfy the following requirements:

COLOURS OF PLASTICS

- We can customise the colours of our injection-moulded products for quantities of no fewer than 300 pieces per colour.
- We can customise the colours of our rotational-moulded products. The quantities must be of at least 30 pieces per colour for large pieces (e.g. Voids, Spun or Raviolo) or at least 50 pieces of smaller products.

PAINTING

- We can customise the colours of metals and woods for quantities of no fewer than 30 pieces per colour.

FABRIC OR LEATHER UPHOLSTERY (COM/COL)

Kindly refer to the COM/COL section from p.360 for more information about the number of meters of fabric/leather to be sent to Magis to upholster the product:

- If the client chooses a fabric/leather from our assortment.
- If the fabric/leather is supplied by our client – and is therefore not in our assortment.

TABLES

- Magis is happy to consider making tables of sizes and with finishes that differ from our standard products.

Please do not hesitate to contact Magis sales department for any further information or cost estimates you may be interested in.

INSTRUCTIONS

INSTRUCTIONS FOR SIMPLIFIED READING OF THE PRICE LIST

Each product is listed with the description of its materials, article reference, colours and finishes.
The finishes for steel, aluminium, plywood and HPL laminate, as well as the plastic colours, are followed by a number.
The same number represents finishes and colours and is intended to act as a guide as to the actual finish and colour.

For the chairs and some of the tables, actual colour samples are also available.

The colour number is followed by one of the following abbreviations:

C = which stands for matt or glossy colours

TL = which stands for translucent colours

TR = which stands for transparent colours

To order correctly, please specify the article reference plus the code of the colour/finish.

Example:

SD74 Air-Chair green 1320 C

SD1722 Cyborg Lord glossy white 1736 C / Kvadrat Divina MD 613 / pink

MATERIALS, FABRICS AND LEATHER

The printing ink and the screen visualization cannot exactly reproduce the colours. For higher accuracy we suggest inspecting the colour samples.

LEGEND OF PICTOGRAMS

	number of units package
	number of boxes package
0000.000.00	custom code goods

As natural aluminium is a living material, it is very likely to dull while using. Regular care is therefore necessary to maintain its brilliance. Small marks or irregularities, which might be visible on the surface, should not be considered as faults, but on the contrary as technical results of the nature of natural aluminium and its brushing and polishing by hand.

Costume

Design Stefan Diez, 2021

Modular sofa with a 4 mm thin structure made from recycled and recyclable polyethylene.
Cover in fabric available in 3 categories. The cover is fully removable thanks to the elastic loops hooked into the bottom.
The sofa can be easily dressed and undressed for washing and replacement.
The modular system consists of one single unit, which can be interlocked in various constellations or extended with armrests.
All parts are separately replaceable.

 Small misalignments or height differences between the tabletop and the extensions, which may be noticeable after assembly, **should not be considered defects**. Instead, they are normal consequences of the structure and tabletop manufacturing process, the characteristics of the extension mechanism, and potential irregularities in the flooring. These differences can be easily corrected using the rubber pads of varying thicknesses provided, which allow for adjustment of the tabletop support.

brick red 5304	brick red 8516		

Small misalignments or height differences between the tabletop and the extensions, which may be noticeable after assembly, **should not be considered defects**. Instead, they are normal consequences of the structure and tabletop manufacturing process, the characteristics of the extension mechanism, and potential irregularities in the flooring. Such differences can be easily corrected by adjusting the attachment points of the tabletop or the support points of the extensions, thereby realigning the various elements with one another.

Frame + Top**Top thickness**

polished aluminium

aluminium: 20 mm

As die-cast aluminium is not treated with any chemical products or any kind of painting, small marks or irregularities, which might be visible on the surface, should not be considered as faults, but on the contrary as technical results of the nature of aluminium itself. We recommend using specific cleaning products for aluminium. Aluminium is very likely to dull while using. Regular care is therefore necessary to maintain its original appearance.
