

PRICE LIST
Indoor Selection

We manufacture contemporary furniture for singular collaborative spaces

Why Viccarbe

- Our warranty period is valid for 10 years
- Average production time, 5 weeks (*25 working days*)
- Samples and mock-ups easily provided to success with projects
- Sustainable and environmentally respectful model of management approved by ISO 9.001 and 14.001
- Quality certificates (UNE / ANSI-BIFMA)

Quality, sustainability, affordability

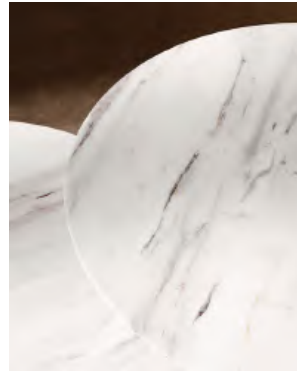

Our products have successfully passed strict heavy-use tests, as sign of our highest commitment to quality and user's security. Additionally, our constant search for balance has made possible the inclusion of iconic, timeless, comfortable and affordable products on the collection. The experience and know-how of the industrial network where Viccarbe is framed, has allowed us to develop an economic model based on sustainability and a careful use of resources – designing and producing furniture pieces that could last in time.

Dear customer,

Below, you will find the updates to version 02 of 2025 Pricelist:

ADDITIONS

- **Burin collection with marble tabletop.** The Burin table with a marble top is perfect for both offices and home spaces. Its wide base, contrasting with the marble, creates an elegant and timeless silhouette, adding a premium and distinctive touch to any environment. Available in various sizes and with different electrification options, this new top enhances the Burin collection, offering an exclusive and sophisticated piece that elevates any space, without compromising the functionality required for daily use.

- **Burin and Cambio 240x120 cm tabletop in HPL.** The 240x120 cm tabletop is now available in black HPL Soft Touch by Fenix (CAC240HPLN and BUC240HPLN) and white HPL (CAC240HPLB and BUC240HPLB).

DISCONTINUED

- **Maarten chair with four upholstered legs base.** Discontinued references: MAAPL4PTP, MAAPL4PTL, MAAPL4PTPC, MAAPL4PTLC, MAAL4PTP, MAAL4PTL, MAA4PTP and MAA4PTL.

- **Maarten chair with upholstered swivel base.** Discontinued references: MAAPLPGTP, MAAPLPGTL, MAAPLPGTPC, MAAPLPGTLC, MAALPGTP, MAALPGTL, MAAPGTP and MAAPGTL.

- **Maarten lounge chair auditorium base.** Discontinued for all references: MAALBUAU and MAABUAU.

- **Ears chair with four upholstered legs base.** Discontinued references: EA4PTPRO, EA4PTLRO, EA4PTPROC, EA4PTLROC, EA4PTPT and EA4PTLT.

- **Copa chair with four upholstered legs base.** Discontinued references: COPTP, COPTL, COPTPS and COPTLS.

- **Wrapp with upholstered base.** Discontinued references: WRTAP and WRTAL.

- **Sistema upholstered legs.** Discontinued references: SISPTITP, SISPTITL, SISPMETTP and SISPMETTL.

- **Maarten modesty screen.** Discontinued for all references: MAAF160RO, MAAF160TX, MAAF180RO, MAAF180TX, MAAF200RO and MAAF200TX. LOE November 3rd, 2025.

- **Trestle table lacquered legs.** Discontinued only the lacquer finish of the references: TRPM, TRPMH, TRPMB and TRPMR. LOE November 3rd, 2025.

- **USB-C port.** Discontinued references: SAVIUSB, TREUSB, TOUSB, SISUSB, TRIUSB, CAUSB, MAAUSB and BUUSB. LOE November 3rd, 2025.

Lastly, the latest additions to our collaborative furniture collection:

1. **Perxa collection.** Perxa, designed by Piero Lissoni, is inspired by the cultural heritage of Valencia. With its generous proportions and a solid ash wood backrest, it offers exceptional comfort and an aesthetic that brings warmth to any setting. Perfect for offices, hospitality or residential spaces, Perxa infuses every space with a serene and welcoming atmosphere.

2. **Noha collection.** Designed by Ludovica Serafini + Roberto Palomba, to humanize workspaces and transform them in inspiring hubs that foster interaction and wellbeing. Noha is available as a chair and a lounge chair and includes multiple bases and finishes, as well as a special piping detail that can be personalized in 5 colors.

3. **Aleta Executive collection.** Aleta Executive is a collection of executive chairs & lounge chairs designed by Jaime Hayon to transform corporative settings into kind and inviting environments to make users perform their best. Multiple options, finishes and bases shape the collection to equip workspaces and beyond.

4. **Polished aluminium finish** on five casters aluminium base for *Noha chair* and *Aleta Executive chair*.

5. **SCS Indoor Advantage Gold certification.** Viccarbe has obtained certifications that ensure our products comply with strict limits on volatile organic compound (VOC) emissions, contributing to a healthier indoor environment.

6. **Charger USB C + USB C.** New multimedia model with 20W, for charging mobile phones & other devices. Available for *powerbox*, *powerbox plus* & *under table powerbox*.

We would like to remind you that Viccarbe does not have printed prices as we are truly committed to the fact that taking care of our environment is taking care of our future. Please do not hesitate to contact our team if you have any questions or requirements regarding our latest news.

Thank you very much,

Viccarbe

Instructions for using the pricelist

INFORMATION AVAILABLE FOR EACH PRODUCT

Each product is accompanied by a table where you will have all the necessary information when choosing the finish, the corresponding price and its associated code, to reflect it correctly in the order.

- CODE

Short sequence of letters and numbers that identifies each model of the product and that will have to be indicated in the order.

- FINISH

All the possible finish options for both lacquered and upholstered finishes, which must be chosen and indicated together with the product code.

- PUBLIC PRICE

Final price of the chosen product, associated with code and finish, which will be expressed in Euros €. In case of upholstered product, it always be fire retardant.

CODE	FINISHES	PUBLIC PRICE
Reference of each product to be indicated in the order.	It indicates for each product its possible finishes, from lacquered to upholstered. For all available finishes, see page 17.	Price of the flame retardant product, expressed in Euros €.

NAVIGATE THROUGH THE PRICE LIST

When you click on a product image in the index, the pdf will take you to the product page.

By clicking on the cover image of each product, the pdf will take you to the product's website.

SYMBOLOLOGY

 Product weight in kilograms.

 Number of boxes and volume in which the product is packed.

 Number of products contained in one box.

 Number of products that can be stacked together.

A curated selection of fabrics available as standards, stocked in Spain, for the fastest delivery under our fast track program.

SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle.

- Our aim when designing products is to create them with interchangeable parts, allowing for the seamless recycling of components at the end of their life cycle.
- We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.
- For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- We use powder coating on all our metallic structures.
- We offer several graded-in fabrics which are 100% made of recycled materials.
- We appropriately manage all our waste with authorised agents.
- We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.
- For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.

SCS Indoor Advantage Gold Certification

Viccarbe has obtained the *SCS Indoor Advantage Gold certification*, both for seating (chairs, stools, armchairs, sofas & benches) and tables (tables & low tables).

This certification, granted by SCS Global Services, ensures that the products comply with strict limits on volatile organic compound (VOC) emissions, contributing to a healthier indoor environment.

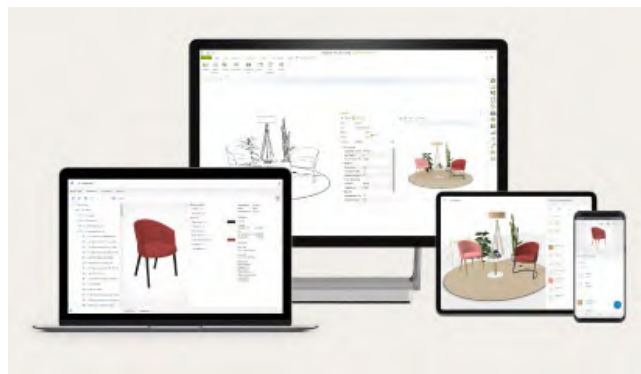

QUALITY

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMME), which guarantees that the products have been tested.

RESOURCES FOR ARCHITECTS AND DESIGNERS

We have included 2D, 3D, REVIT, and BIM files of our products at www.viccarbe.com in order to facilitate your job and be able to include them effortlessly in your design proposals. You will be able to find these documents in the "Downloads" section on our website. Here you will also find our latest catalogue and sample cards for the finishes available (woods, metals, propylene, and fabrics). As a novelty, we have incorporated individual catalogues for each product which can be found on each product webpage listing. Each brochure includes multiple product and lifestyle pictures plus every specification, certificates, and technical data you may require. You will be able to download high-quality product pictures from our gallery, facilitating the incorporation of our pieces in any design.

pCon

We are deeply immersed in a digitalization project and therefore we have partnered with the platform pCon and its different modules, the tool for professionals to prepare layouts and 3D projects in a quick and easy way. Our collection is available here, enabling our products to be included rapidly in your project proposals.

We have also included a new online product configurator at www.viccarbe.com/configurator, allowing to configure and visualize product compositions that match any specific project requests.

BIMobject®

Viccarbe is live on BIM Object, the global platform for the architecture and design industry where users can download technical product data such as BIM and Revit files of our furniture to configure projects and design proposals.

General sales conditions

Public pricelist valid from 21st April 2025.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

— HOW TO ORDER

All orders need to be received in written to e-mail:
info@viccarbe.com

Must contain the following information:

- A) Model name and reference
- B) Finishes
- C) Fabric reference
- D) Quantity

It is not possible to cancel or modify an order after 48 hours of the order confirmation. It is not allowed to order spare references as frames, legs, casters...

— COMPOSITIONS

For orders that include the SAVINA, SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

— ABOUT THE FINISHES

Any model not shown in this price list is discontinued. To match the fabric or wood tonality of articles manufactured in different periods is not possible technically. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

— CUT OUT

Viccarbe offers a series of preset positions for cut outs and power options based on the most demanded ones. If a different position were needed, please contact the sales department for assesment.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

— VICCARBE CUSTOM

We love personal solutions, and unique design, like diversity, is part of our company ethos. Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

We are delighted to adapt our existing furniture to the needs and preferences of our customers.

Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE will not be liable to any customer or third party that files a claim against the customer in relation to the product included in said order, with the understanding that the characteristics of same correspond to customer requirements and have not been subjected to the usual company tests and controls.

For such purposes, "special order" shall be understood to mean those products that differ from the forms, sizes or finishes included in the VICCARBE catalogue in force at the time the order is placed.

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance (this amount is only required to confirm the customer's definitive acceptance of same, and after this point no modifications will be allowed).

By accepting this quote, the customer acknowledges that it is a special order and therefore exempts VICCARBE from all liability related to same, the pieces having been manufactured at the customer's request, diverging from the forms, sizes or finishes in the VICCARBE catalogue in force at the time of the order, with the commitment to maintain VICCARBE free of liability for any claim a third party might file against VICCARBE related to same.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote (minimum 10 weeks). Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

— PAYMENT TERMS

The first order will be paid 100% in advance with no extra discount for early payment.

For subsequent deliveries, Viccarbe will only sell on credit if such sales are covered by its insurance company; in this case, payment terms and conditions will be agreed upon individually and will never exceed 30 days.

— BANKING INFORMATION

Payments need to be settled though:

SANTANDER
SWIFT: BSCHESMMXXX
IBAN: ES56 0049 1021 1327 1032 5951

Payment must be made in full (100%), and any bank charges incurred must be paid by the buyer.

If payment is not made according to the agreed terms, a 2% monthly interest charge will be made. In the event of non-payment, the buyer will be responsible for all debt-collection costs, including legal costs and attorneys' fees as a result of legal action taken to recover the payment.

The company reserves the right to suspend deliveries in any case in which the buyer fails, even partially, to fulfill its commercial or payment obligations.

Vicarbe will remain the owner of the goods in question until the price has been paid in full (100%). The customer will be liable for costs related to repossession of the goods, regardless of their location.

If a replacement part is needed, payment will be made according to the standard payment method, with spare parts invoiced subsequently and individually; however, the total payment of the order can never be linked to partial claims.

— PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer. Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

Orders with C.O.M. delivery time starts to run once the fabric is phisically in our warehouse.

NOTE: Any incident that occurs during transport must be reported within the 24 hours following reception. In the event of potential claims, the delivery note must state "merchandise pending inspection"

— TRANSPORT INCOTERMS: EXWORKS

1. Vicarbe will invoice the products within the 5 days following the date on which Vicarbe communicates to the client the products are at its disposal for their collection.

2. Additionally, Vicarbe will be entitled to invoice the client a fixed fee of 1.271 DKK a variable fee of a daily 1% of the total amount of the order t that the client does not collect the products within seven (7) days after Vicarbe communicates the products are ready to be collected.

In case of air shipments, the material used to protect the product will be charged to the customer.

— IMPORTANT LOGISTICS PROCESS

Vicarbe offers two different procedures for orders deliveries:

1. Via seafreight. By container (20' / 40' / 40'HQ) or Groupage LCL. Normal packaging is used with loose cardboard boxes.

2. Via airfreight. There are 2 options, depending on the form / volume of the packaging.

2.a) Palletized: the models will be grouped in fumigated pallets (complying with ISPM-15 regulation). The price per pallet is ~~257~~ DKK unit. Please note that pallets are not stackable.

2.b) Wooden boxes: on request, special wooden boxes can be manufactured in order to group more items in the inside and send them stackable. The price of each wooden box will depend on the distribution and type of models purchased.

VERY IMPORTANT NOTE: in order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order size) at most in 2 weeks.

— SPECIAL PACKAGING

Always under request and quotation to the factory.

— 10 YEAR WARRANTY

Vicarbe guarantees the product quality throughout all its manufacturing process and all products components when have had an adequate use for their specific characteristics.

Defects caused by negligence, knocks, inadequate cleaning products or climatic changes are not covered, neither changes caused by the environmental conditions.

Woods: All our polishes are protected against UV rays. However, prolonged exposure to direct sunlight can cause changes in the tone of wood. As wood is a natural material, this slight tone difference is part of its individuality and therefore may not be considered as a fault or returned for such reasons. To prevent any tone variation, we recommend avoiding leaving an object on the surface in a fixed position for a prolonged period. In addition, if products are purchased in different periods there might be a slight difference in wood tonality.

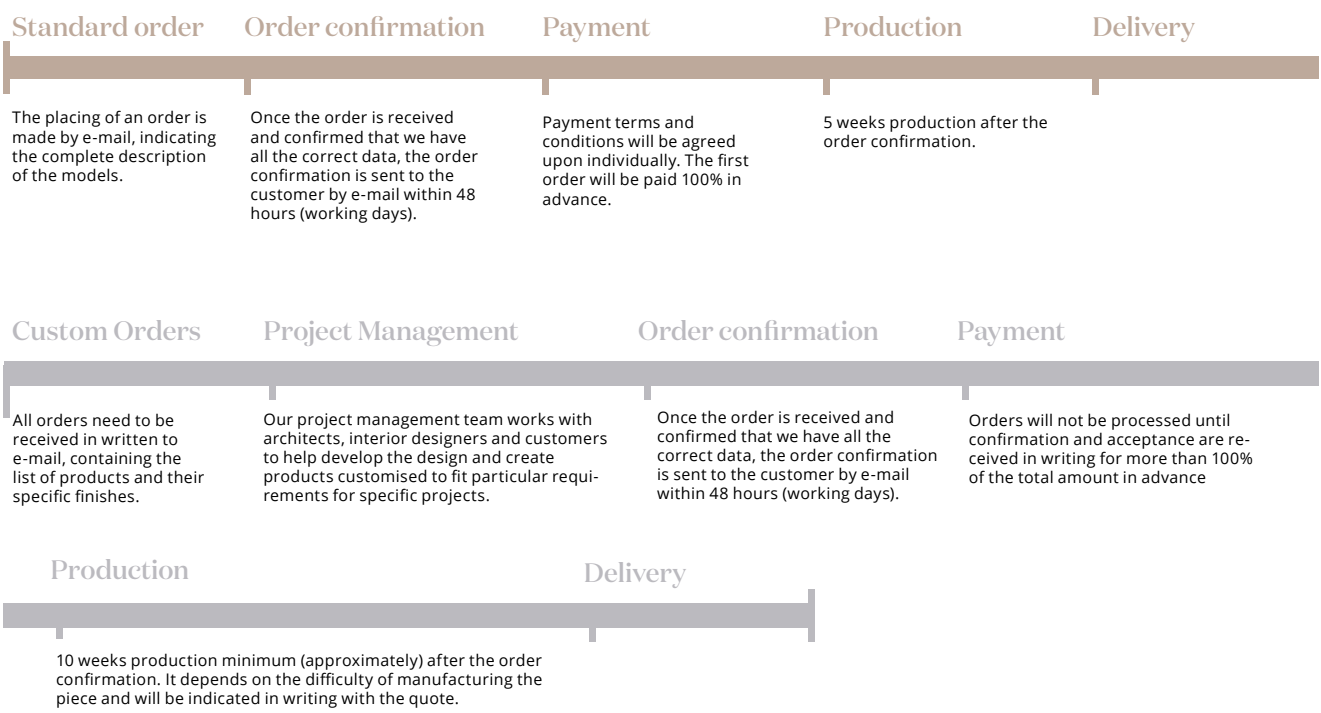

Marble: Due to the natural origin of the material, each piece exhibits unique color variations and grain patterns. As such, any discrepancies between the final product and the sample or reference image shall not constitute valid grounds for claims. To maintain the product in optimal condition, it is essential to avoid placing glasses, cups, bottles, or any objects that may leave marks directly on the surface. The use of unsuitable cleaning products, dirty cloths, or acidic pH solutions is also discouraged, as these may damage the finish, cause surface burns, or alter the material's natural appearance. Strict adherence to the handling, assembly, and maintenance instructions provided in the official manuals is mandatory. Improper procedures may result in irreversible damage not covered by the warranty. Likewise, the warranty does not cover damages such as impacts, dents, breakage, or cracks on the edges caused by improper use of the board.

The guarantee is valid for 10 years from the date of the invoice of Vicarbe, except for Custom orders, Outdoor product and the following list of products: Burin with marble tabletop, Trino, Burin Mini, Ryutaro, Tiers, Giro and Bamba; in which cases the warranty is 2 years. During the term of the guarantee, the holder thereof shall be entitled to at least:

a) Total repair free of charge of the manufacturing defects and of the damaged resulting therefore.

b) In the event of unsatisfactory repairing and the object failed to be in optimum condition to fulfill the use on which it was indented, the holder of the guarantee shall be entitled to either the replacement of the object purchased by another product of identical characteristics or a full price refund.

Summary

GRADED IN & STANDARD FABRICS

The fabrics used are of the highest quality and have been tested beforehand; however, they cannot be formally guaranteed, especially with regard to variations in shade that may exist with respect to the sample book or between products delivered at different times, and it is therefore impossible for us to guarantee a perfect match between the coating of an original composition and the elements added later.

The length indicated is indicative for a fabric width of 1.4 m. In the case of skins (C.O.L), to calculate the square metres required please contact the Sales Team.

The tolerance in the measurements of the upholstered elements may be +/- 3 cm.

— CAMIRA STAY SAFE

As a new feature, we now offer the option to include Camira Stay Safe treatment on certain fabrics. This is an advanced textile treatment that reduces the potential for viral transmission from fabric surfaces in commercial spaces and any interior. When applied to a fabric, this textile technology destroys viruses and kills bacteria, ensuring the upholstery does not act as a potential source of transmission.

In a world where hygiene and health are today's top priorities, Camira StaySafe can help create safer indoor spaces by providing a higher level of protection against viruses and bacteria. It is perfect for multi-purpose furniture: in waiting areas, public transport vehicles, breakout spaces, restaurants, hotels, educational environments, residences and many more. The treatment can be applied to the following fabrics:

URBAN, ERA, BLAZER

Please contact our sales department for a quotation and further information.

— UPHOLSTERED WITH CUSTOMER'S FABRIC

They may be supplied at the price indicated in the customer fabric category (G1), but the fabrics must arrive at our factory carriage paid. Any costs incurred by the customer fabric will be charged on the invoice. Customer fabric warning:

- The customer fabric must be validated by Viccarbe's technical department before being put into production. For this purpose, a 20x20 cm sample of each of the customer fabrics must be sent.
- Please indicate the order reference number and the product to which the customer fabrics correspond.
- The order will not be put into production until the fabric has been received by Viccarbe.
- Viccarbe will not be responsible in any case for any incidence on the product derived directly or indirectly from the selection of a client's fabric. The client will assume the responsibility and guarantee of a good selection of fabric that meets the minimum requirements of quality, resistance, abrasion, colour change, pilling, fire resistance regulations or any other characteristic of the fabric that may cause an incident or complaint about the product.

Standard Fabrics selection

A curated selection of fabrics available as standards, stocked in Spain, for the fastest delivery under our fast track program. Now available a collection of fabrics in stock that guarantee a shorter lead time on all upholstery products and provides guidance of the best-performing ranges.

For large-scale projects please contact the Sales Team

All available sample collections and colours can be consulted on **page 554** or in the Professional Area in our web **pro.viccarbe.com**

Graded In Fabrics

The selection of *Graded In* fabrics are approved by our upholstery experts to ensure that all our upholstered products perform well. These fabrics are of the highest performance and meet the strictest quality standards.

They are backed by the best upholstery textile manufacturers in the sector. We offer the full range of colours in each of the collections available to adapt to each project.

Remember that a careful selection of some of these colours is available in the *Standard Fabrics* catalogue, with a shorter delivery time than the *Graded In* catalogue.

All available sample collections and colours can be consulted on **page 554** or in the Professional Area in our web **pro.viccarbe.com**

CHAIRS AND STOOLS

Test certificates: UNE-EN 16139:2013vc2015 & ANSI/BIFMA X6.4-2021

The Perxa collection, designed by Piero Lissoni for Viccarbe, embodies a refined wooden aesthetic that seamlessly integrates into any collaborative interior. This modern classic, meticulously crafted from sustainably sourced timber, brings a touch of warmth to working, living and dining environments. Its visually light outline offers robust back support, ensuring all-day comfort without compromising on design.

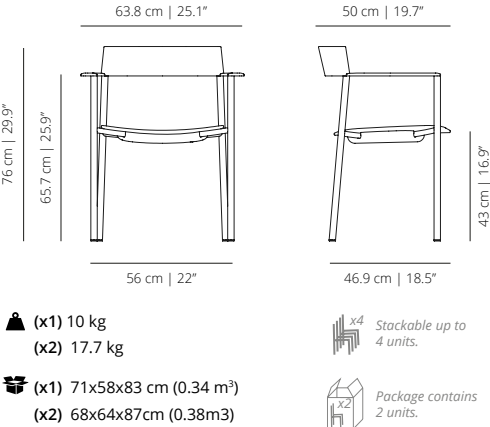

- 1- Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Plastic glides with or without felt.*
- 2- Curved oak plywood seat stained in the finishes of our collection or upholstered in any fabric of Viccarbe selection.
- 3- Backrest and armrest made of solid ash wood stained in the finishes of our collection.

Noha

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

VICCARBE · Price List 2025 EXW

V02 Apr.

CHAIRS AND STOOLS

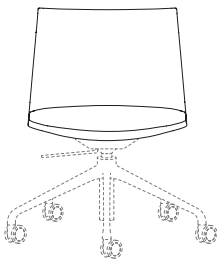

Noha is a simple gesture, a pillow folded in the act of providing a comfortable seat, highly versatile, perfectly fitting into both workspaces and beyond. A collection designed by Ludovica + Roberto Palomba aimed at bringing the pleasure of living into the office, so that this space can achieve the levels of hospitality, kindness, and refinement found in a domestic environment.

In its chair version, Noha stands out for the sophisticated smooth lines of its backrest and its cleverly balanced seat. With or without armrests, with executive or standard backrest, the chair is a great addition to workspaces, meeting rooms and lounge areas that seek friendlier shapes to make their teams feel comfortable and cared for.

BACKREST OPTIONS

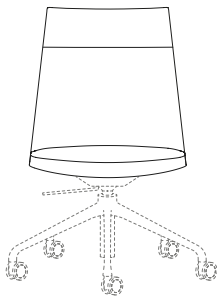

Standard

Seat and backrest made in non-deformable fireproof expanded polyurethane, foam moulded on a steel structure.

Executive

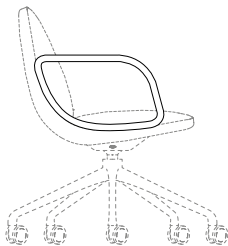

Seat and backrest made in non-deformable fireproof expanded polyurethane, foam moulded on a steel structure.

ARMREST OPTIONS

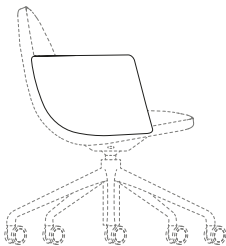

Metal armrest

Armrests made in calibrated tubular steel, lacquered in thermosetting polyester in black, white or taupe. Available for all bases and seats.

Upholstered armrest

Armrests in non-deformable fireproof expanded polyurethane foam moulded on a steel structure. Available for all bases and seats.

Noha Chair

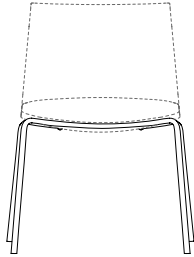

2023, BY LUDOVICA SERAFINI + ROBERTO PALOMBA

CHAIRS AND STOOLS

BASE OPTIONS

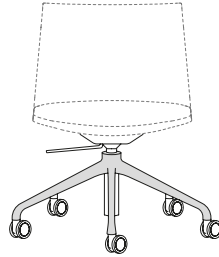

Four metal legs

Calibrated steel structure powder coated in thermo-reinforced polyester in the colors of our collection. Black or white plastic glides with or without felt.

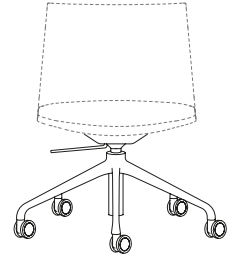

Five casters nylon base with height adjustment

Black nylon swivel base. Gas height adjustment and soft casters in black. Available with tilting mechanism.

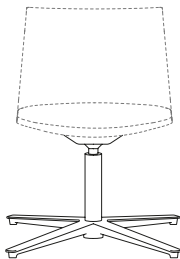

Five casters aluminium base with height adjustment

Aluminium swivel base powder coated in black or white microtexturized or polished aluminium. Gas height adjustment and soft casters in white or black. Available with tilting mechanism.

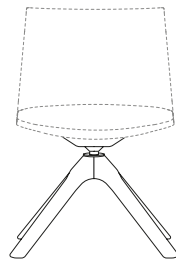

Flat swivel

Injected aluminum swivel base, white or black lacquered with microtextured finish. Translucent or black plastic glides with or without felt. Available with tilting and/or self-return mechanism.

Wooden swivel

Wooden swivel structure in stained beech wood with the finishes of our collection. Plastic glides with or without felt. Available with tilting and/or self-return mechanism.

OPTIONAL MECHANISMS

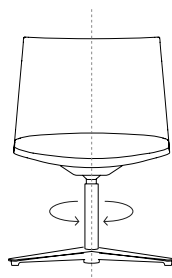

Tilting

A tilting mechanism option is available for all bases except four leg base. For the base with casters, tilting mechanism can be locked by the user.

Self-return

Self-returning swivel system that returns the chair to its original position after use. Available in flat swivel chair base, wooden swivel base and in the lounge chair version.

PIPING OPTIONS

Piping available in the following finishes*:
All colors can be combined with all the upholstery options of our collection.

999 White

129 Linen

29 Burgundy

95 Anthracite

59 Forest Green

* NOTE: New piping finishes are available upon request. Please contact our sales department for more information.

Aleta Executive

BY JAIME HAYON

VICCARBE · Price List 2025 EXW

V02 Apr.

CHAIRS AND STOOLS

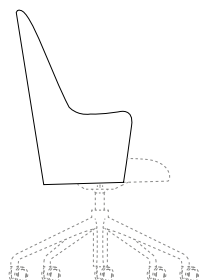

Aleta Executive represents how we bond with the designers of each collection, expanding the families, maturing hand in hand to create new pieces based on new behaviors and solid creative concepts. The collection is a natural transition that leads to new ways of working, collaborating and promoting inclusive habits between users in the workspace environment. It is here to make gatherings more comfortable, pleasant and sophisticated.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

CHAIR BACK BACKREST OPTIONS

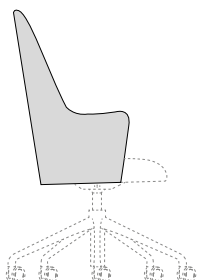

Standard backrest

Back of backrest upholstered in the same finish as the rest of the chair.

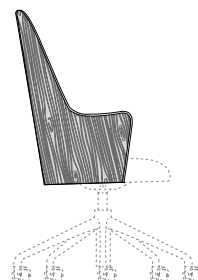

Back in leather or ecoleather

Back of backrest upholstered in leather or eco-leather for an extra charge.

Back in wood

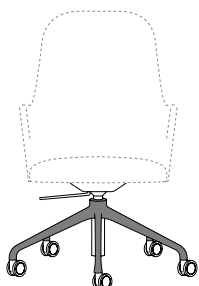

Back of backrest in stained oak veneer in matt oak, cognac, ash, bleached oak or walnut.

BASE OPTIONS

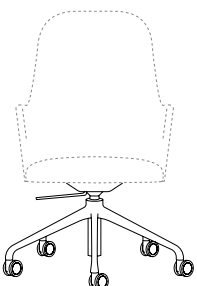

Five casters nylon base with height adjustment

Black nylon swivel base. Gas height adjustment and soft casters in black. Available with tilting mechanism.

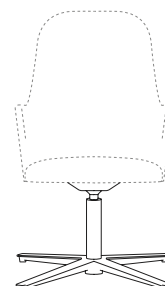

Five casters aluminium base with height adjustment

Aluminium swivel base powder coated in black or white microtexturized or polished aluminium. Gas height adjustment and soft casters in white or black. Available with tilting mechanism.

Flat swivel

White or black lacquered swivel aluminium base with microtextured finish. Black or translucent plastic glides with or without felt. Available with tilting and self-return mechanism.

OPTIONAL MECHANISM

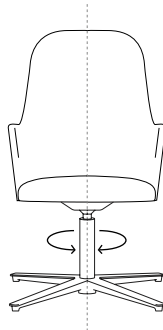

Tilting

A tilting mechanism option is available for all bases. In the case of the wheeled base, the tilting mechanism can be locked by the user.

Self-return

Self-return system that brings the chair back to its original position after use. Only available on the flat base of chair and armchair.

Ears

BY PIERO LISSONI

VICCARBE · Price List 2025 EXW

V02 Apr.

CHAIRS AND STOOLS

The chair by the versatile Piero Lissoni joins the collection with the soul of a true icon. Ears is as light in terms of materials as it is resistant to aging. Its sinuous shapes keep intact a style capable of taking us back in time to the contemporary classics of the 70s.

Its balanced arrangement (as reduced as it is comfortable) makes Ears a perfect option for different collective and private areas: meeting points, cafeterias, auditoriums, waiting rooms, educational spaces, work areas in libraries or lounges.

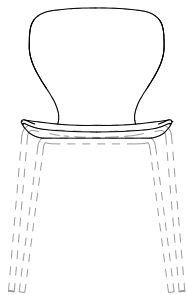

It is possible to choose oak wood finishes for the entire product, as well as combining its oak seat and metal structure. Both versions of the chair can be complemented with distinctive armrests, designed to embrace the user.

This chair designed by the Italian architect means going back to the roots of industrial design, a tribute to the shapes and materials that so inspired Viccarbe's beginnings in the furniture industry.

SEAT OPTIONS

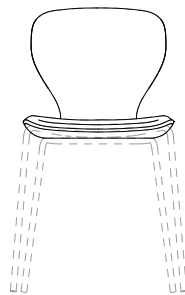

Stained

Stained curved oak plywood seat.

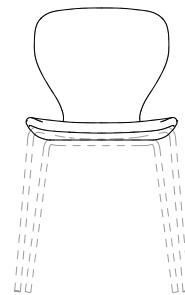

Combined

Stained curved oak plywood seat with cushion.

Smooth upholstery

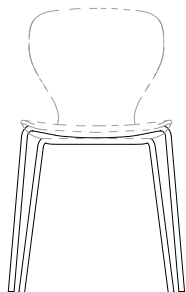

Smooth upholstered plywood seat covered with expanded polyurethane foam.

CHAIR BASE OPTIONS

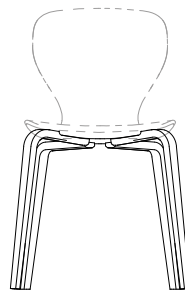

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Plastic glides in black or white with or without felt.

Four wooden legs

Curved legs in natural oak plywood with the finishes of our collection and white (open pore). Plastic glides in white or black.

x4 All versions can be stacked up to 4 units.

Ears Chair

Funda

BY STEFAN DIEZ

VICCARBE · Price List 2025 EXW

V02 Apr.

The commitment to maximum sustainability and comfort shapes Funda, a range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture of two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

Test certificates: ANSI/BIFMA X5.4-2020 and UNE-EN 16139:2013vc2015

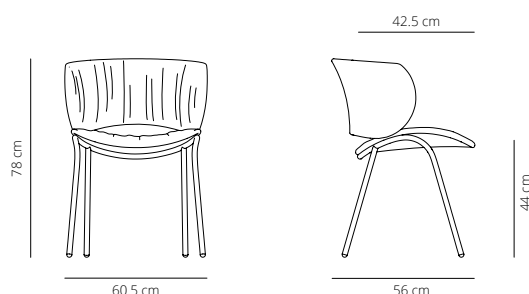

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black.
Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam.
Fabric or leather upholstery with the finishes of our collection.
Plastic glides.

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Needed fabric for material:
1.40 m wide:

Quadra

BY MARIO FERRARINI

VICCARBE · Price List 2025 EXW

V02 Apr.

CHAIRS AND STOOLS

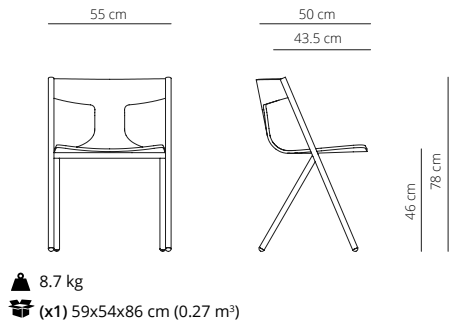

Test certificates: UNE-EN 16139:2013vc2015

Quadra has been originated as a tribute to the delicate details, lines, and tools of architectural drawing.

It is a convenient option for projects that require excellent functionality and durability over time (educational spaces, coffee shops, meeting

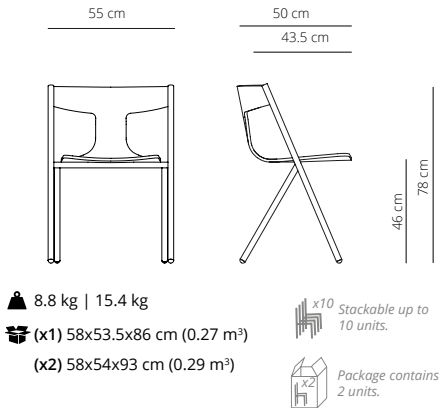

rooms, homes...), and can additionally be stacked in large quantities. Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Curved oak plywood stained in the finishes of our collection and white open pore. Black plastic glides with or whitout felt* or white plastic glides.

Back in leather or ecoleather

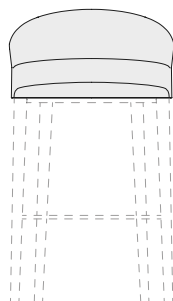

Back part of the backrest upholstered in leather or ecoleather

BASE OPTIONS

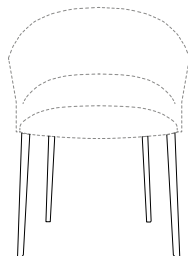

Four metal legs

Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Black or white plastic glides with or without felt.

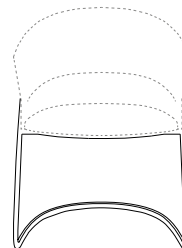

Four wooden legs

Four solid oak wood legs stained with the finishes of our collection. Black or white plastic glides with or without felt.

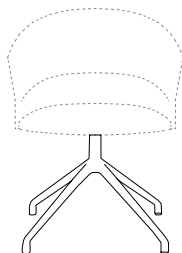

Cantilever

Calibrated steel structure powder coated in thermoreinforced polyester in black or white. Black or white plastic glides with or without felt.

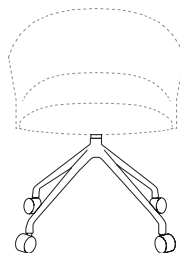

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

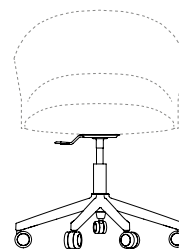

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

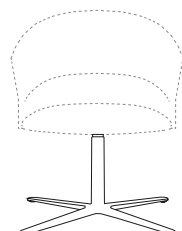

Aluminum swivel base powder coated in black or white, height adjustment system and black or white soft casters for hard floors*.

**6 weeks production time.*

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

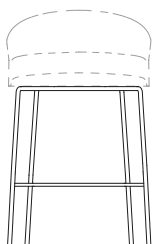

CHAIRS AND STOOLS

STOOL BASE OPTIONS

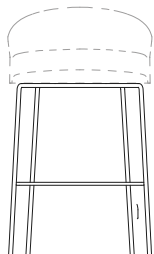

Fixed counter stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

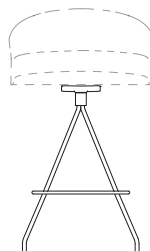

Fixed bar stool

Calibrated steel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

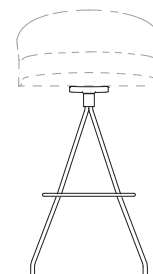

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

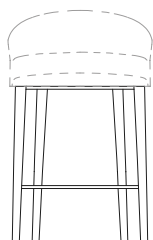

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white or black. Footrest in the same colour. Black or white plastic glides with or without felt.

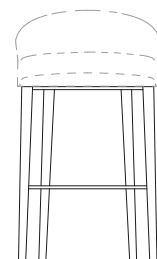

Four wooden legs counter stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black. Black or white plastic glides with or without felt.

Four wooden legs bar stool

Four solid oak wood legs stained with the finishes of our collection. Footrest in calibrated steel powder coated in thermoreinforced polyester in black. Black or white plastic glides with or without felt.

UPHOLSTERY OPTIONS AND FABRIC NEEDED

Calculated for fabric width 1.40m

Classic upholstery

Chair

Smooth upholstery: 2.1m
Soft upholstery: 2.1m

Stool

Smooth upholstery: 1.7m
Soft upholstery: 1.7m

Bicolor upholstery

Chair*

Seat: 1m
Backrest: 1.25m

Stool*

Seat: 0.85m
Backrest: 0.5m

Upholstery with leather/
eco-leather backrest

Chair*

Seat and backrest front: 1.60m
Backrest back: 0.70m

Stool*

Seat and backrest front: 1.20m
Backrest back: 0.60m

Bicolor upholstery with leather/
eco-leather backrest

Chair*

Seat: 1m
Backrest front: 0.65m
Backrest back: 0.70m

Stool*

Seat: 0.85m
Backrest front: 0.55m
Backrest back: 0.60m

*The measurings are valid for smooth and soft finish.

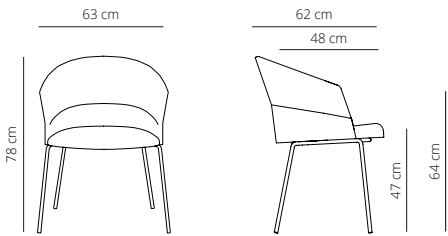

FOUR METAL LEGS BASE

Test certificates: ANSI BIFMA X5.4:2012 and UNE-EN 16139:2013vc2015

Calibrated steel structure powder coated in thermoreinforced polyester in black or white.
Black or white plastic glides with or without felt.*

The upholstery options available and the fabric needed for each option are indicated on **page 79**

Is possible to upholster the back part of the backrest in ecoleather for an extra of 517 DKK ther for 1.042 DKK t case, it has to be noted in the in the fabr eference. If not indicated, it will be upholstered with the same fabric as the seat.

+ 34 DKK

*Felt glides available with an upcharge of 34 DKK indicated, the chair will be produced with plastic glides.

Aleta

BY JAIME HAYON

VICCARBE · Price List 2025 EXW

V02 Apr.

CHAIRS AND STOOLS

Inspired by the physiognomy and movement of sharks, Jaime Hayon has created the Aleta collection for Viccarbe.

The collection is designed and created for use in public spaces like restaurants, hotels or offices as well as residential spaces.

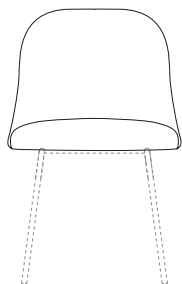

For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

SEAT OPTIONS

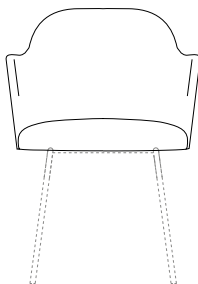

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

High backrest with armrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

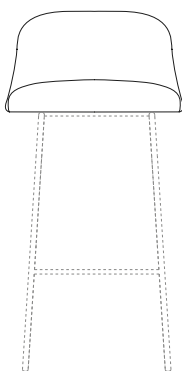

SEAT OPTIONS

Low backrest

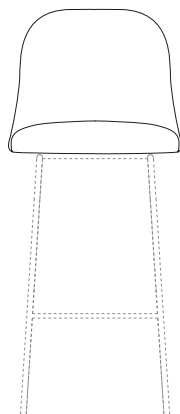

Moulded plywood seat and backrest covered with expanded polyurethane foam.

* Only available for stools.

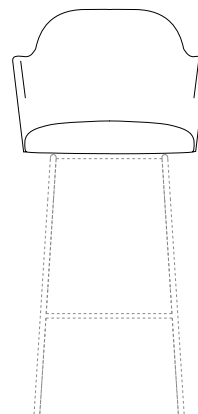

High backrest

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

High backrest with armrest

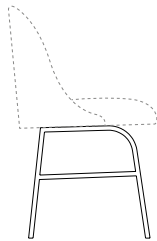

Moulded plywood seat and backrest covered with expanded non-deformable polyurethane foam.

CHAIR BASE OPTIONS

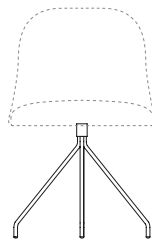

Four metal legs

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

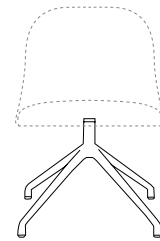

Swivel

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white glides with or without felt.

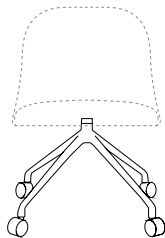

Pyramid swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent glides with or without felt.

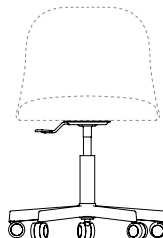

Pyramid swivel with casters

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized with black or white soft casters for hard floors.

Five casters

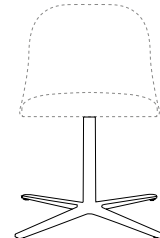

Aluminum swivel base powder coated in black or white (high gloss), height adjustment system and black or white soft casters for hard floors.*

**6 weeks production time*

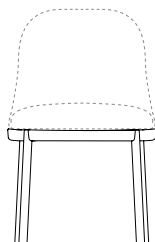

Flat swivel

Injected swivel aluminium base powder coated in thermoreinforced polyester in black or white microtexturized. Black or translucent plastic glides with or without felt.

Four wooden legs

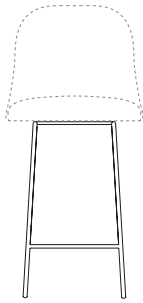

Structure in solid oak wood stained with the finishes of our collection. Black or white plastic glides with or without felt.

STOOL BASE OPTIONS

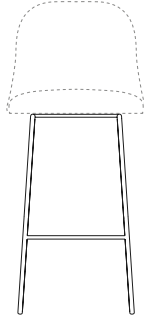

Fixed counter stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

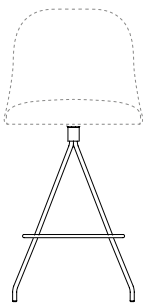

Fixed bar stool

Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

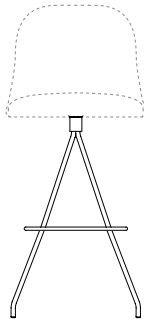

Swivel counter stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Swivel bar stool

Calibrated steel swivel structure powder coated in thermoreinforced polyester in white, black or taupe. Black or white plastic glides with or without felt.

Test certificates: ANSI BIFMA X5.4:2012 and
UNE-EN 16139:2013vc2015

- 1- Calibrated steel structure with brass finish or powder coated in thermoreinforced polyester in white, black or taupe.
2- Moulded plywood seat and backrest covered with expanded polyurethane foam.
3- Fabric or leather.
4- Black or white glides with or without felt.*

NOTE: This collection offers the possibility of two-color upholstery, with one color for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

Maarten Chair

BY VICTOR CARRASCO

VICCARBE · Price List 2025 EXW

V02 Apr.

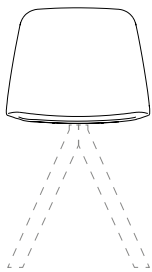

The powder coated steel tube structure and the carefully made, elegant, upholstered seat of the Maarten chair recall the classics of the '70s. Maarten is available in a wide: variety of base and seat finishes to fit with all kind of environments. Fixed upholstery covering available in the soft and smooth versions.

Plastic chairs with four metal legs or sled base can be stacked up to 10 units and up to 4 units for the upholstered chairs. We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.

CHAIRS AND STOOLS

A plywood oak chair with the finishes from our collection. Optional cushion upholstered in fabric or leather. Perfect for home and contract use, stackable up to 10 chairs for the non upholstered version and 4 chairs for the upholstered version. Its name is a reference to the slot in its back, which serves both as a handle for moving it about easily and as a hang for handbags etc.

We do not recommend stacking upholstered chairs for long periods of time as it can damage the upholstery.
[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

SEAT OPTIONS

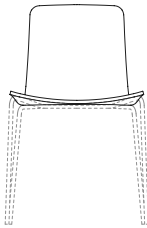

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, with the handle in the back. Maximum weight supported by the handle: 33.1 lb.

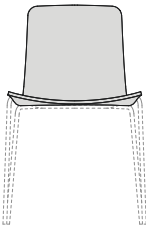

Stained / Lacquered with handle

Curved oak plywood stained or curved beech plywood lacquered in the finishes of our collection, without handle in the back.

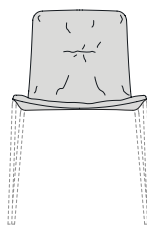

Smooth upholstery

Plywood natural beech chair covered by expanded polyurethane foam, smooth upholstery.

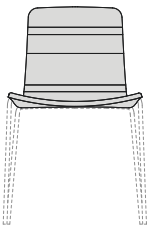

Soft upholstery

Plywood natural beech chair covered by expanded polyurethane foam, soft upholstery.

Aleta Executive Lounge

BY JAIME HAYON

VICCARBE · Price List 2025 EXW

V02 Apr.

LOUNGE CHAIRS

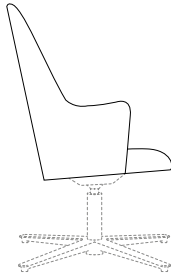

The Aleta Executive lounge chair makes corporate spaces more welcoming and sophisticated. The collection facilitates the exchange of ideas and conversation thanks to a comfortable seat of balanced proportions and a backrest that gently adapts to the back. Available in multiple finishes and bases, the lounge chair allows two different materials to be combined inside and out, rising a singular piece for all atmospheres. Recommended for intermediate areas, meeting rooms, receptions, and welcome areas.

NOTE: This collection offers the possibility of two-colour upholstery, with one colour for the seat and another for the back. In this case, always calculate based on the price of the fabric in the higher category.

LOUNGE CHAIR BACKREST OPTIONS

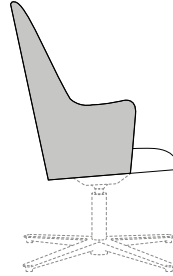

Fabric backrest

Backrest back upholstered in the same fabric as the rest of the chair.

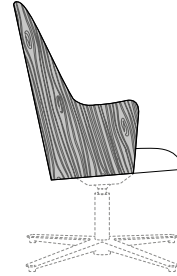

Back in leather or ecoleather

Back of backrest upholstered in leather or eco-leather for an extra charge.

Back in wood

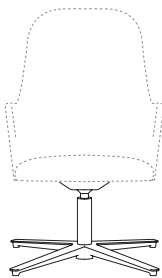

Back of backrest in stained oak veneer in matt oak, cognac, ash, bleached oak or walnut.

BASE OPTIONS

Flat swivel lounge

Injected aluminium swivel base, white or black lacquered with microtextured finish. Black or translucent plastic glides, with or without felt. Available tilting mechanism and self-return mechanism.

OPTIONAL MECHANISM

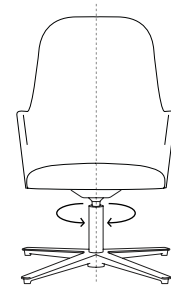

Tilting

The lounge chair can include a tilting mechanism, which gives the user greater flexibility and comfort.

Self-return

Self-return system that brings the lounge chair back to its original position after use.

Zoco

BY VICTOR CARRASCO

ARMCHAIRS

Zoco pays tribute to the traditional markets held in Arabic countries, central hubs of collaboration between different cultures. An environment that fuses colors, textures and scents that connect people to each other, sparking creativity, interaction, and consensus. This is what Zoco is all about, a very comfortable lounge chair with rounded shapes where work meetings, friendly encounters and the exchange of ideas revolve. Designed by Victor Carrasco.

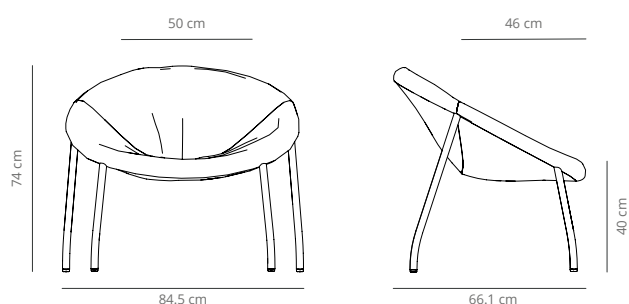

Calibrated steel tube structure lacquered in thermoset polyester in black or white.

Upholstered cover in the fabrics and leathers of the collection, with CMHR28 fireproof foam and wadding inside.

Plastic mats with and without felt or mixed castors for hard and soft floors.

Funda Bold

BY STEFAN DIEZ

LOUNGE CHAIRS

Bold, suggestive and extremely comfortable. A collection of oversize seats with matching ottoman, cushions, and headrest. Funda Bold's large silhouette and comfortable proportions are created for relaxation and promoting 'slow work' in offices, homes, and in-between spaces. This design represents the new era of huge comfort. The Funda Bold lounge chair promises to be roomy without losing an ounce of lightness. Its construction system is formed by a single steel tube that makes the chair light and allows it to be easily transported.

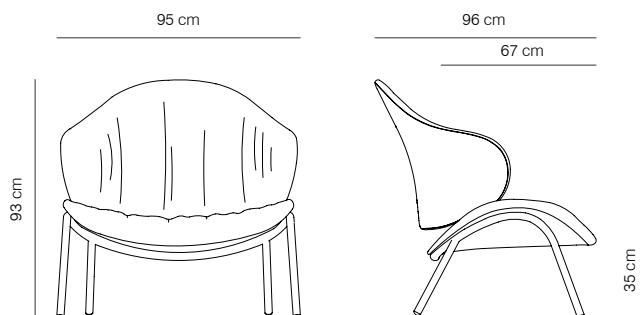

Maintaining the sustainable philosophy of the Funda range, this design by Stefan Diez is created to last over time. Through an

innovative production process, the environmental impact is minimized, and circular economy is promoted, as both parts can be recycled independently.

Four legs base of calibrated steel tube powder coated in thermoreinforced polyester in white and black. Internal frame for the seat and back of calibrated steel tube powder coated in thermoreinforced polyester covered with shape-holding expanded polyurethane foam and polyester fibre. Fabric or leather upholstery with the finishes of our collection. Plastic glides.

Funda Lounge

BY STEFAN DIEZ

LOUNGE CHAIRS

Test certificates: ANSI/BIFMA X5.4-2020 and UNE-EN 16139:2013vc2015

The commitment to maximum sustainability and comfort shapes Funda, a range of seats conceived by the outstanding designer Stefan Diez under the umbrella of creating an innovative and light chair. Funda means "cover" in Spanish.

This collection is presented as a construction made up of two differentiated pieces that, thanks to its shape, simulate the gesture or two hands which embrace the user. The development of Funda has been based on combining a metal structure designed to last over time, and an upholstered seat that can be replaced after years of use or severe wear and tear.

In this case we simplify the usual components of a chair (structure, seat, fabrics) to structure and upholstery, without losing its resistance and comfort.

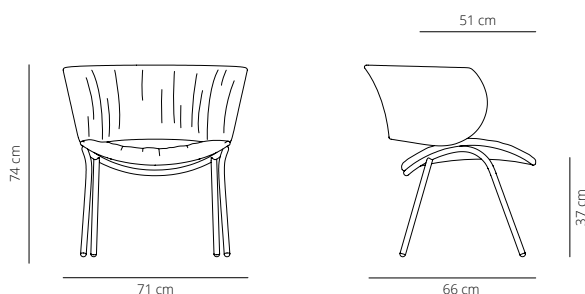

Funda represents the balance between precision and the human-centered approach of Stefan Diez. His constant search for both industrial innovation and visual appeal has achieved in this collection a curved and friendly shape, combined with an upholstery known for its wrinkles.

In this way, Funda manages to evoke the maximum expression of comfort and makes available the different pieces of the range to all types of environments: restoration projects, homes, intermediate spaces and office

Savina

BY VICTOR CARRASCO

Savina joins our collection of ancillary furniture to enhance soft collaboration. An innovative modular cloud sofa that presents a new universe of comfortable working solutions for every office, workplace, home, hotel, or hybrid space.

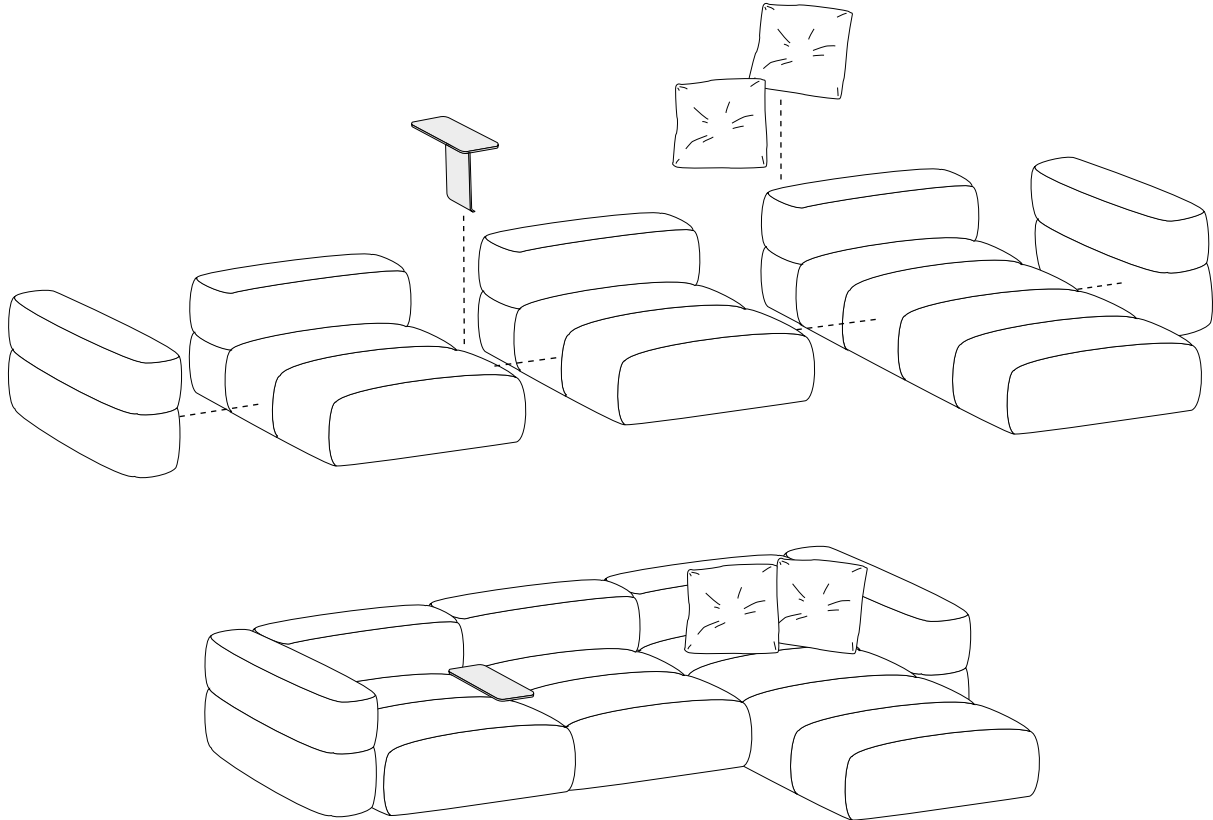

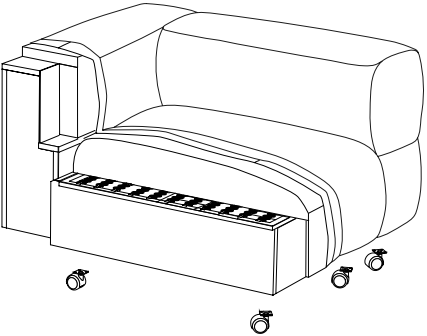

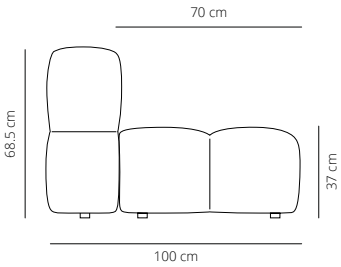

The Savina collection is characterized by being a soft sofa, so the behavior of the fabric significantly influences its visual appearance depending on the selection of one fabric or another, with finer fabrics tending to generate more wrinkles than thicker fabrics. The appearance of these wrinkles is part of the original design intention. Over time and with use, wrinkles may appear on fabric, leather, or faux leather upholstered products.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

Solid wood frame with steel spring frame, non-deformable expanded polyurethane of different densities with viscoelastic layer, recycled PET fiber paneling and padded chamber filled with anti-mite feathers. Non-removable fabric or leather upholstery. Height adjustable legs or hidden casters.

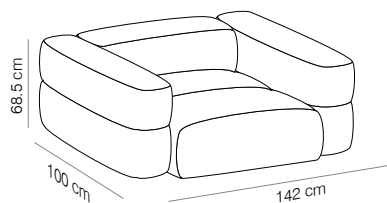

[For the production of this sofa Viccarbe is using wood from certified sustainable forestry sources]

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

Dimensions: Ø 7.4 cm

The powerbox has a Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

*For all available power options [see page 552](#).

POWER OPTIONS POSITIONS

A y B are references of connection points where the electrification articles can be located, in which up to 1 article can be placed per connection point. Plug and USB options can be combined within the same piece of furniture.

As the power devices are installed inside the upholstery, a tolerance of +/-3cm respect the dimensions provided may be expected.

Sistema

BY LIEVORE ALTHERR MOLINA

VICCARBE · Price List 2025 EXW

V02 Apr.

Sistema Legs

Sistema Legs gives the possibility to choose between three different types of legs depending on the form: scissors, cylinder and flute – Offering great durability and adaptability to diverse environments.

Sistema Floor

The definitive approach to the aesthetics of a residential sofa. Perfect for an additional degree of elegance thanks to its fully upholstered modules.

Smooth Upholstery

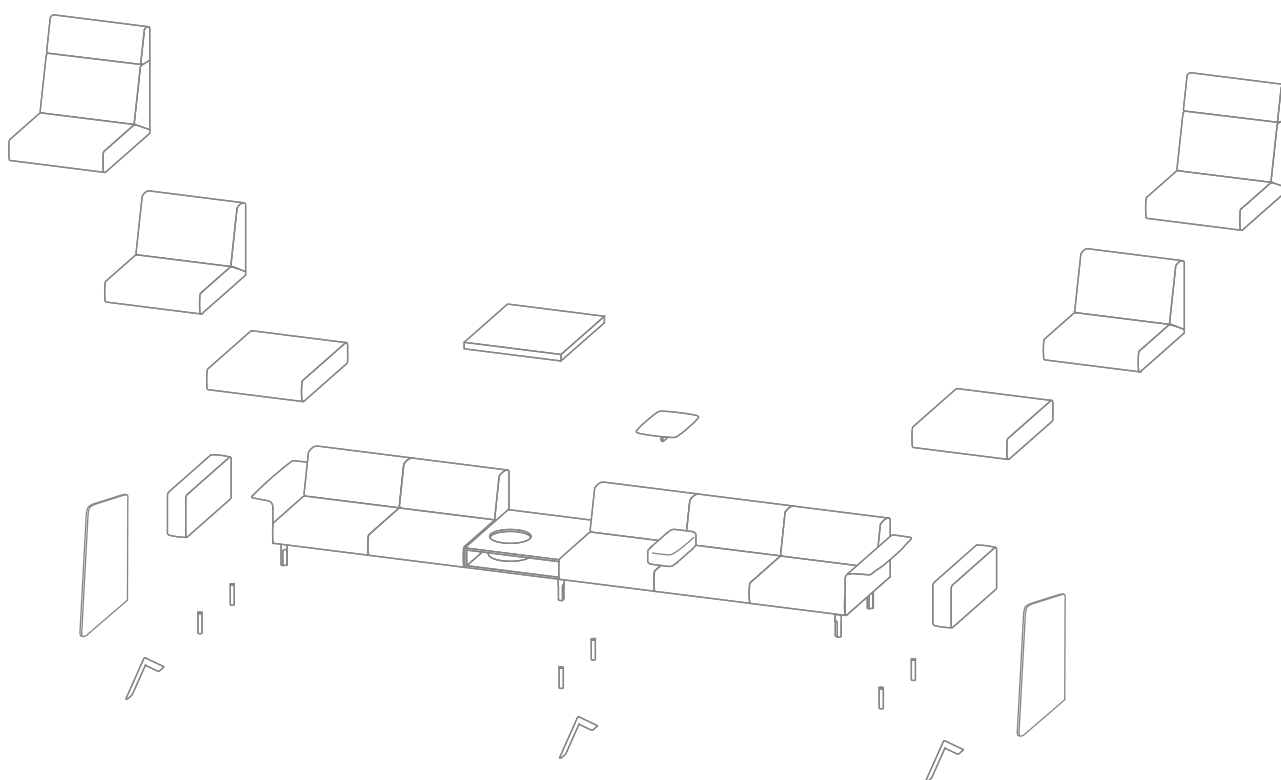

Great durability and adaptability to diverse environments. Sistema, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

Soft Upholstery

A meeting point between rationalism and warmth. Soft Sistema emerges as an evolution of the Sistema sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

Detachable free powerbox between seats.
SISCON-E: Powerbox with one slot for socket.
SISCON-U: Detachable free powerbox with USB - A and a USB - C.
Dimensions: Ø6.6x15 cm

For all available power options [see page 552](#).

The cable length is 0.80 m with Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

Season Sofa

BY PIERO LISSONI

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

SEASON SOFA is a simple and elegant upholstered modular sofa. The collection is composed by different modules, which makes it very easy to create different compositions for waiting areas and living rooms, in a very intuitive way.

The fixed upholstery is available in fabric and leather, to choose from a variety of colors that can be combined with other items of the collection. The base of the SEASON sofa has a grey protection of washable technical fabric.

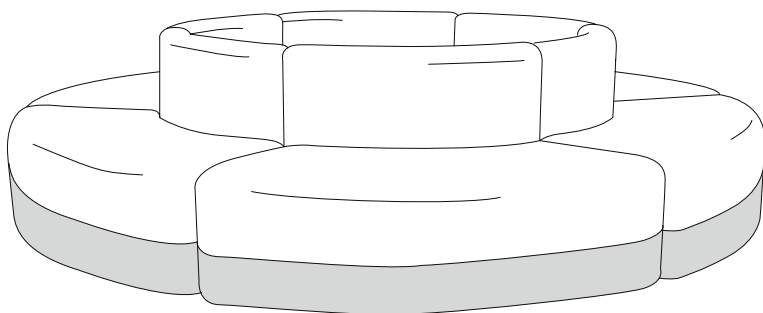

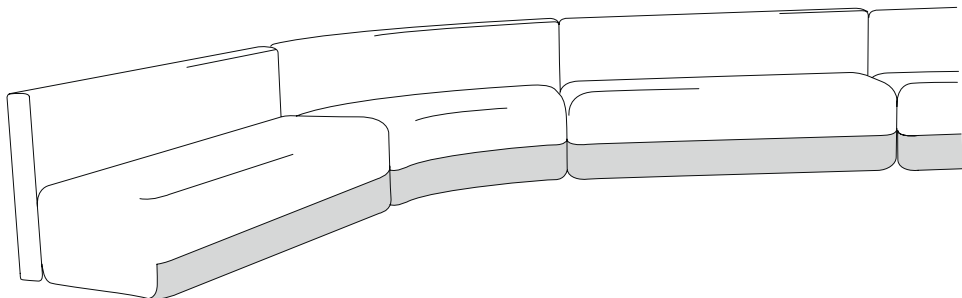

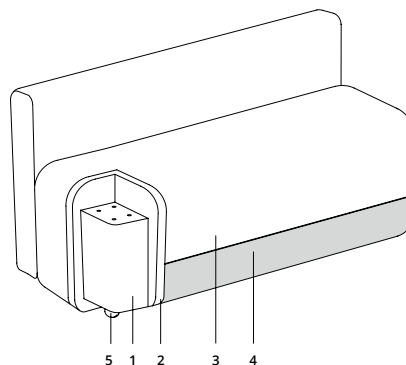

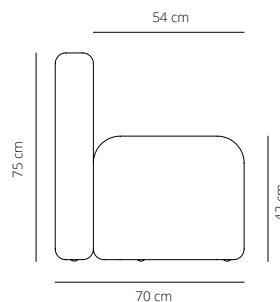

Perfect for offices, restaurants, receptions, etc.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Upholstery protection (technical fabric).
- 5- Height equalising legs.

**Check all the technical fabric colours available on [page 19](#).*

BY VINCENT VAN DUYSSEN

VICCARBE · Price List 2025 EXW

V02 Apr.

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

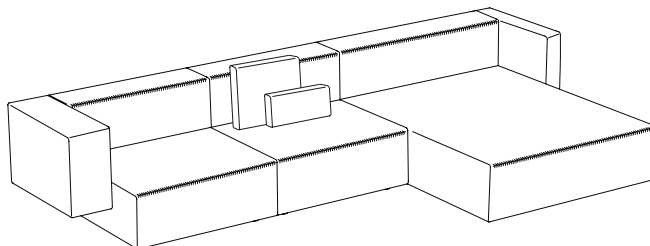

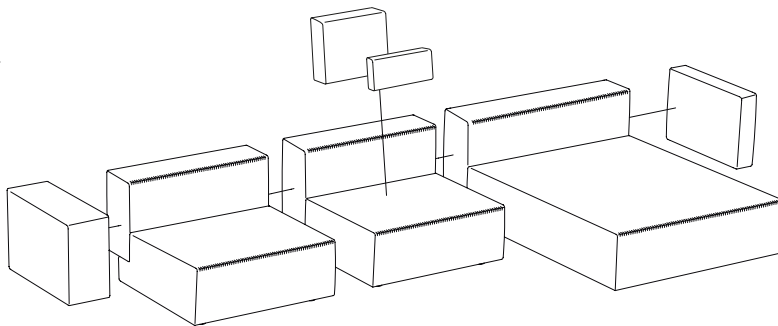

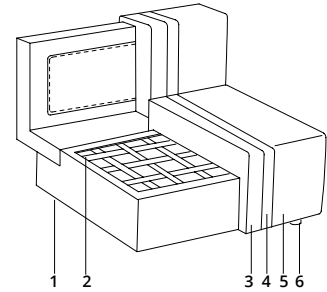

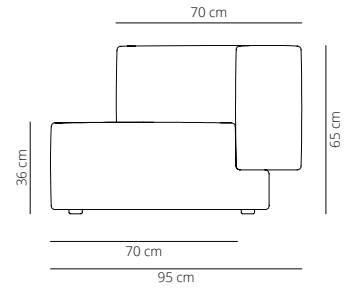

Step is a collection of seating and benches that allows a wide variety of compositions by combining elements of different dimensions.

Despite its precise and formal geometric design, it is surprisingly comfortable, which makes it perfect for the residential use.

The tolerance of the different elements can be +/- 3 cm.
Cushions made of soft virgin fibre with anti-acarus treatment.

NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood from the perspective of the person looking at the object from the front. The more information you include with your order, the lower the possibility of error.

- 1- Interior structure of the arms, back and seat in solid wood.
For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- 2- Woven seat and back structure.
- 3- Expanded polyurethane foam in different densities.
- 4- Polyester fibre covering.
- 5- Fabric.
- 6- Adjustable legs in height.

HANDMADE

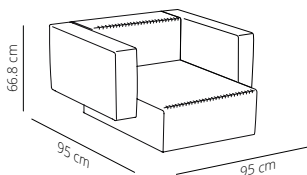

Seam* colours available: white, black, red, sky blue, light grey, dark grey, green, cream, deep blue, caramel and wine.

**Decorative seams are handmade*

Levitt

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

VICCARBE · Price List 2025 EXW

V02 Apr.

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

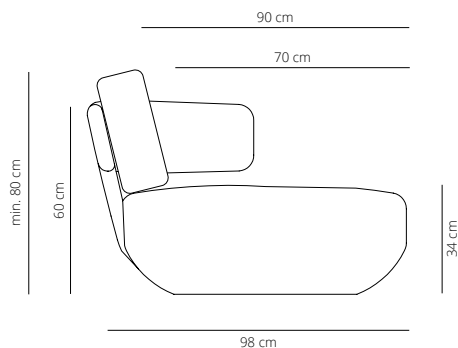

Levitt is a collection of modular sofas and lounge chairs that allow to multiply compositions and finishes.

The seat depth of the sofa is 90 cm without cushions so do not forget to order the back cushions that you need.

The direction of the fabric in the chaise lounge and similar sizes options will be the opposite to the side unit to avoid visible sewing. The tolerance of the different elements can be +/- 3cm.

Indicate in the order the cushion/back that you would like.

Cushions in washed duck and goose feather with anti-acarus treatment. Anti-feather scape cotton cover.

1- Interior structure of seat in solid wood. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.

2- Woven seat structure.

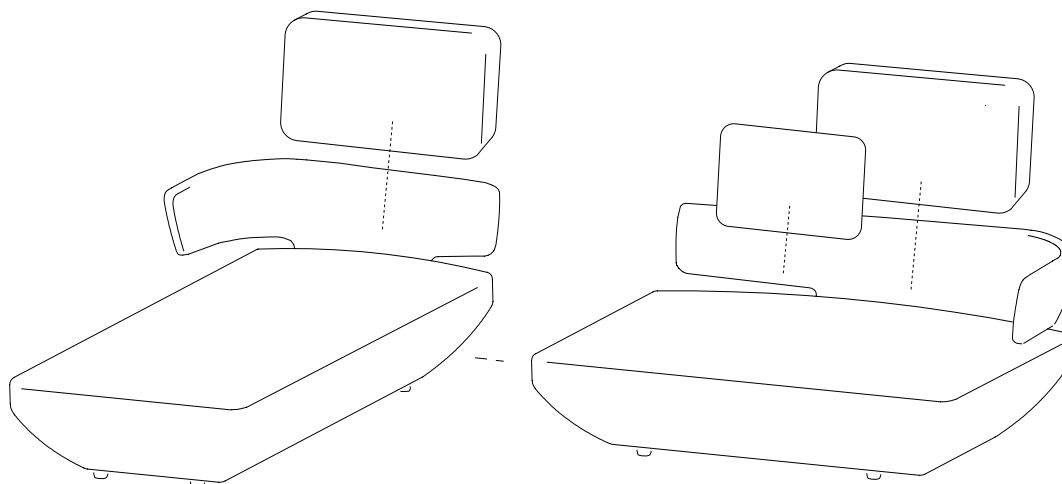

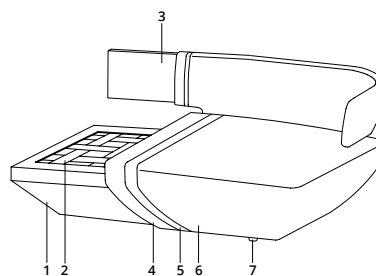

3- Structure in plywood with curved back.

4- Expanded polyurethane viscoelastic foam in different densities.

5- Polyester fibre covering.

6- Fabrics or leather.

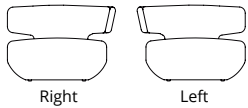

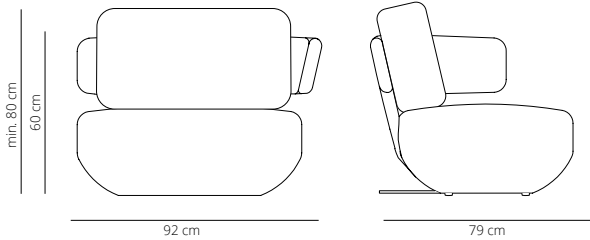

7- Height equalising legs.

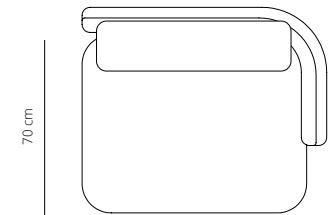

Test certificates: ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

Needed fabric for material 1.40 m wide:
Lounge chair: 4.2 m
Sofa 152: 7.6 m

Lounge chair

NOTE: The lounge chair will be supplied with a wide right arm (front-on-view); although it can also be made with a wide left arm (in any case it is essential that you provide us with a sketch when making the order so that no mistakes are made). The other models will be supplied with the arm in the position that is shown in each sketch.

POWER POSITION OPTIONS

Bench 190 cm

Bench 250 cm

NOTE 1: A, B, C, D, E, F and G are references of connection points where the electrification articles can be located, in which up to 1 article can be placed per connection point. Plug and USB options can be combined within the same piece of furniture.

NOTE 2: As the power devices are installed inside the upholstery, a tolerance of 3cm respect the dimensions provided may be expected.

Torii

BY LUDOVICA SERAFINI + ROBERTO PALOMBA

VICCARBE · Price List 2025 EXW

V02 Apr.

BENCHES

With its pure and timeless lines, Torii takes both its name and its form from traditional Japanese culture, making reference to the arches, normally found at the entrance to Shinto shrines, that embody the frontier between earthly and sacred matters.

The bench designed by Ludovica Serafini + Roberto Palomba is distinguished by its multifunctionality and use, as it is typically placed in

collaborative spaces and it can also take many different possible finishes (colours, upholstery and electrics).

It can be set to the same height as a chair, which means it can be used next to desks or work tables.

STAINED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND STAINED BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat made from plywood covered in non-deformable foamed polyurethane.

Backrest made from curved oak plywood stained with the finishes of our collection.

Black or white injection polypropylene glides.

UPHOLSTERED SEAT AND BACKREST

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from plywood covered in non-deformable foamed polyurethane.

Black or white injection polypropylene glides.

STAINED SEAT AND BACKREST WITH CUSHIONS

Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.

Seat and backrest made from natural oak plywood stained with the finishes of our collection.

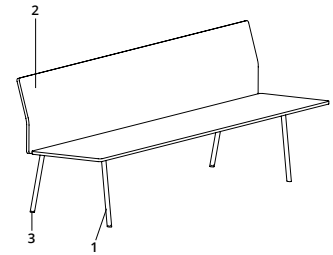

Seat and backrest cushion made from 5 mm thick MDF covered in non-deformable foamed polyurethane.

There are two cushion models with different widths.

The position of the cushions on the bench is predefined by a series of set configurations (page 348)

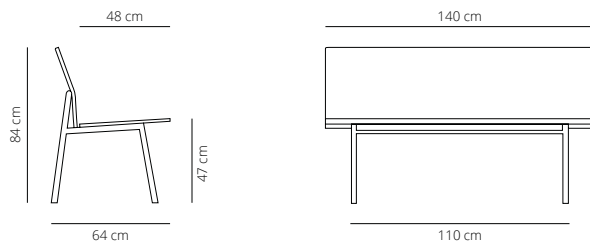

Test certificates: ANSI/BIFMA X5.4-2012 and UNE-EN 16139:2013 vc 2015

- 1- Structure in calibrated powder coated steel in thermoreinforced polyester in black or white.
- 2- Seat and backrest made from natural oak plywood stained with the finishes of our collection.
- 3- Black or white injection polypropylene glides.

COMPONENTS FOR BENCH COMPOSITIONS

Apart from those suggested, there is a possibility to create your own bench compositions.

For those compositions, it will be necessary to choose two end seats, central seats according to the length of the table, and the legs (the number of legs will be the result of the number of total seats plus 1).

Colour code:

- Central seat
- End seat
- Legs

Needed fabric for material 1.40 m wide:

Central seat smooth upholstery: 1.60 m
Central seat padded upholstery: 1.75 m
End seat smooth upholstery: 1.90 m
End seat padded upholstery: 2.15 m

Common

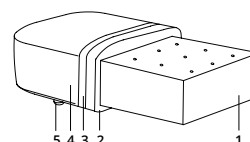

BY NAOTO FUKASAWA

BENCHES

Test certificates: ANSI BIFMA X5.4-2012 (H40)

Common is a modular collection of benches that allows different settings to be created through a variety of compositions. To give you an example, some of the most common options are pictured below. The tolerance of the different elements can be +/- 3 cm.

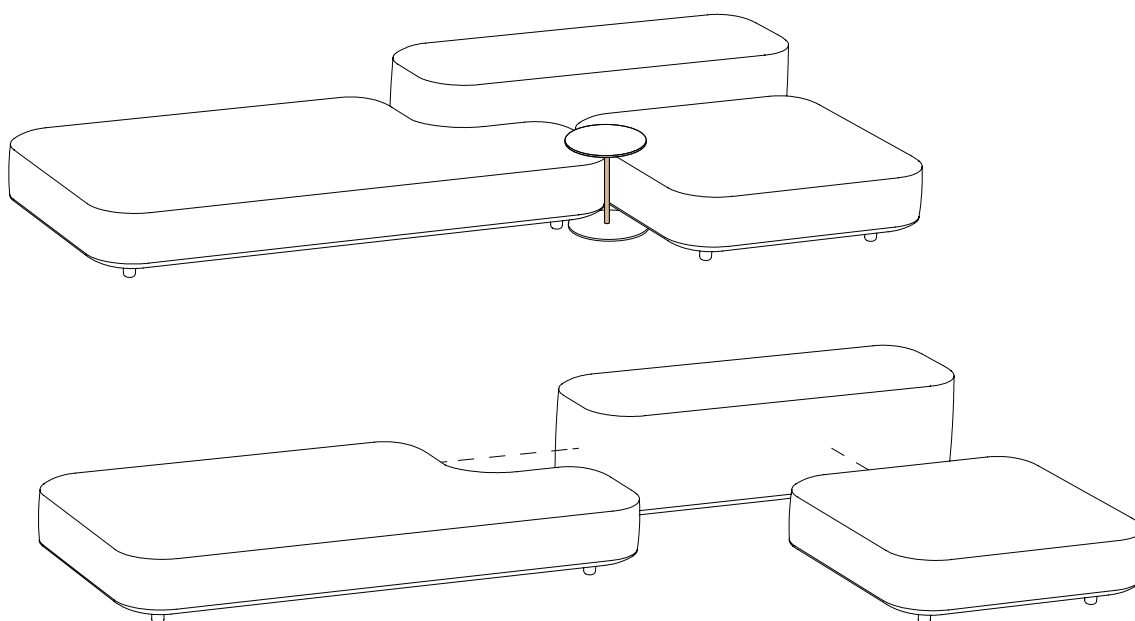

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources
- 2- Expanded polyurethane foam in different densities.
- 3- Polyester fibre covering.
- 4- Fabric.
- 5- Legs in matt varnished natural beech.

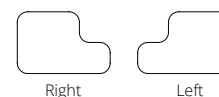

NOTE: Leather and some technical upholstery models are manufactured with different seams.

*Felt glides available with an upcharge of 34 DKK
If not indicated, the chair will be produce

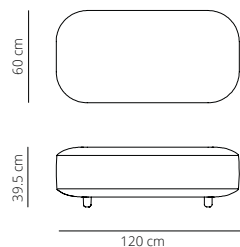

stic glides. + 34 DKK

NOTE: The CO240F and CO180F benches can be used in two positions. Indicate the desired option in the order, remembering that left / right is understood by looking at the element straight from above for manufacturing purposes.

Season Pouf

BY PIERO LISSONI

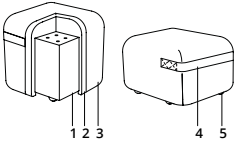

VICCARBE · Price List 2025 EXW

V02 Apr.

Piero Lissoni’s successful collection grows with poufs of different dimensions, maintaining the option of incorporating his intelligent system of hidden casters - very suitable for office and educational spaces where agility and dynamism are paramount - as well as his particular strap, making it easier to move around places.

Test certificates: ANSI/BIFMA X5.4:2020 and UNE-EN 16139:2013vc2015 (for all sizes, only fixed models)

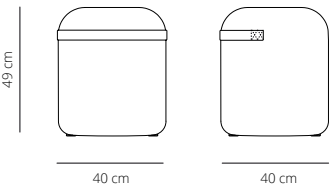

- 1- Interior structure in solid wood and perforated top of microparticles low in formaldehyde. For the production of this piece Viccarbe is using wood from certified sustainable forestry sources.
- 2- Expanded polyurethane foam in different densities.
- 3- Fabric or leather.
- 4- Strap or belt produced in high-resistance technical fabric black, grey and red.
- 5- Hidden casters or height adjustment legs.

NOTE 2: As the power devices are installed inside the upholstery, a tolerance of 3cm respect the dimensions provided may be expected.

Fuste

BY VICTOR CARRASCO

TABLES

With a warm and balanced design, Fuste is our tribute to classical architecture. It is a wooden table with fluid lines, designed by Victor Carrasco to bring warmth and friendliness to all kinds of collaborative spaces.

The collection takes its name from the essential point of connection between the base and the capital of columns, the shaft, that unmistakable architectural element since classical Greece.

NOTE: The manufacturing lead time for tables with a board length of 240 cm or longer is an additional 2 weeks compared to the normal manufacturing lead time.

Fuste is a sturdy yet visually light table, ideal as a presidential table in offices, meeting rooms, restaurants, and residential projects.

It is made with solid wood legs and an oak veneer MDF top, all stained in the finishes of the collection. As a novelty, it features a patented electrification system that hides the cables through one of its legs. Additionally, Fuste includes a height of 65cm, designed for armchairs.

Foro

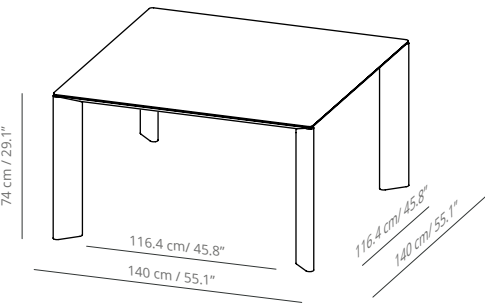

BY JOHN PAWSON

TABLES

Foro is our venture with designer John Pawson. A collection of minimalist tables meticulously crafted in oak, the noblest material for conveying richness, warmth and depth to any environment. Foro can include a patented electrification mechanism that cleverly conceals the cables through the leg. A practical complement to connect equipment and boost productivity.

Made of wood, the legs of the Foro table are made of solid stained American oak, joined by a stained American oak frame like the legs. The tabletop is made from European oak and stained to match the legs in the finishes of the collection.

Cambio

BY VICTOR CARRASCO

VICCARBE · Price List 2025 EXW

V02 Apr.

TABLES

Defined by a singular central base with a seamless silhouette, Cambio is a minimalist game of geometry based on the transition from a square to a round shape, taking us back to our origins.

A modern table collection that allows to create infinite compositions and accommodate multiple guests with its tabletops of up to 3 meters long and discreet electrification options.

NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.

NOTE 2: For tables equal to, or longer than 240 cm, the production delay is two additional weeks respect the normal production term.

Central base in rotomoulded polyethylene available in white, black or taupe. It allows electrification elements to be added in the centre of the tabletop thanks to the internal cable ducting.

The table top is available in 30mm thick MDF, with a technical microtextured lacquered finish in the colours of our collection or veneered in natural oak stained in matt, cognac, ash, bleached or walnut. Also available in high resistance materials for severe use in Contract such as 19 mm Melamine or 12 mm Compact.

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

NOTE: Power options not available for models CAC500 y CAC500TX if it interferes with the center column.

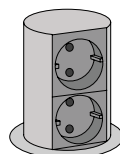

Cut out

CODE		PUBLIC PRICE
-	CAMEC	1.144 DKK

Tabletop custom cut out. The price is per number of pieces of the tabletop when using Viccarbe electrification. With customer's electrification, the price is per each cut out.

NOTE: Check number of tabletop pieces at page 436 where power position options are described.

Pop-up sockets

0.6 kg
(x1) 21x16x16cm (0.005 m³)

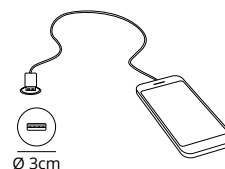

CODE		PUBLIC PRICE
-	CATC	3.161 DKK

Built-in pop-up socket cylinder can have 2 Schuko sockets or 1 Schuko socket + 2 USB ports. For different configurations, contact the sales department.
The cylinder is hidden and pops up by gently pressing on it, offering the possibility of connection on four sides.

*The finish can vary depending on the internal configuration. For more information, please contact our sales department.

NOTE: The cut out is included only if it is in the center of the base column.

USB port

Installed and included in the table top box

CODE		FINISHES	PUBLIC PRICE
-	CAUSB	black	551 DKK

Built-in USB port for charging electronic devices, built in the tabletop. The cable length is 1.0 m with USB connection. Available in black or white. **Dimensions:** Ø 3 cm

NOTE: The cut out is included if it coincides with the center of the base column. It is not included for other positions.

Last order entry on November 3rd, 2025

Solar

POR MARC KRUSIN

TABLES

Test certificates: ANSI/BIFMA X5.4-2020 and UNE-EN 16139:2013vc2015

Solar is a disruptive table concept designed by Marc Krusin, which opens up new ways of working and collaborating.

It consists of a table with an integrated seat, which rotates according to the user's needs, ensuring collaboration but also privacy.

The structure is made of steel.

The table is made of MDF board or compact with the finishes of our

collection and the seat can be upholstered in any of the fabrics from our collection. It also includes a small hook, located under the tabletop, so that the user can keep their belongings close at all times. The maximum load for this hook is 15 kg.

A new concept of versatile table, suitable for public areas, offices, educational environments such as schools or universities, restaurants and coworking spaces.

Maarten

BY VICTOR CARRASCO

TABLES

Test certificates: UNE-EN 527-1:2011, UNE EN 527-2:03, UNE-EN 527-3:03 and ANSI BIFMA x5.5:2014 (table height 74).

Maarten is a collection of tables and complements that allows many compositions and finishes.

The legs, which come in heights of 30 or 74 cm, are made from calibrated steel, powder coated in thermoreinforced polyester. Available in white, black, taupe or combined, or a stained oak veneer with the finishes of our collection.

The 30 mm thick cover or work surface is made with microtextured MDF. It is lacquered with one of our collection's finishes. It also comes with a solid oak veneer, stained in matt, bleached, cognac, walnut or ash. Available in high resistance materials such as HPL with MDF for heavy contract use.

NOTE: Due to the fact that the wood used is natural, the finish may vary.

THICKNESSES AND TYPES OF BOARD EDGES:

For more information about the variety of table tops, see page 20.

IMPORTANT: please indicate with a drawing, the situation of each table, especially when combined with the support container or added accessories, along with the order to avoid confusion. Always remember that the right or left denomination always means facing the element. The more information you attach to the order, the less chance of error.

WIRE MANAGEMENT

Wire management leg

CODE		FINISHES		PUBLIC PRICE
-	MAAPMER	lacquered	white, black or taupe	864 DKK

The Maarten table allows the possibility to manage the wiring so that it is hidden and integrated into the table. For this purpose, the cable management leg (MAAPMER) is available as an option.

The leg allows up to 4 cables to be routed inside the table down to the floor.

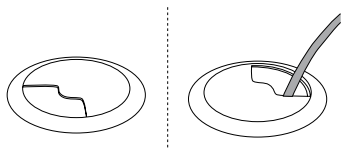

Wire management metal leg.

ACCESSORIES

For the different table tops, we offer the possibility of installing the following accessories. The drawings with the location of the accessories require the approval of the technical department.

Wire hole

 Installed and included in the board box.

Burin^{NEW}

BY PATRICIA URQUIOLA

TABLES

Burin is a symbolic tribute to traditional wood carving tools.

With its unmistakable silhouette defined by its base, this family, introduced in 2011 with the side table designed by Patricia Urquiola, offers a central-base table available in different heights, as well as a double version for large tabletops.

Highly versatile and adaptable to all types of spaces, Burin table features a roto-molded polyethylene base available in white, black, or taupe.

The 30 mm thick tabletop is made of lacquered technical micro-textured MDF in the colors of our collection or veneered in natural oak, available in matte oak, bleached oak, cognac, walnut, or ash. It is also available in

highly resistant materials for intensive Contract use, such as HPL over MDF, melamine, or compact laminate.

The collection expands with a new and noble material: *marble*. A high-quality, beautiful, and elegant natural material, available only in selected sizes. It consists of a 20 mm natural marble table top, available in classic white Carrara or green Alpi -both with honed finish-, resting on a 16 mm support for added stability. An enduring and resilient choice, where the natural stone gives each table a unique character through the singular beauty of its organic origins.

First order entry on April 21st, 2025.

THICKNESSES AND TYPES OF BOARD EDGES:

MDF laquered / stained |
HPL with MDF

Melamine

Compact

Marble **NEW**

For more information about the variety of table tops, see page 20.

The total size of the compact and melamine tabletops may vary by ± 1 cm.

⚠ Due to its natural condition, each piece of marble is unique, so its tone and appearance may vary. For this reason, reference images should not be considered an exact guide to the final product, and physical samples are not provided.

⚠ The 3- and 5-meter marble tops are made of two pieces joined at the center, resulting in different visual outcomes depending on the length of the model.

3-meter model – Continuous pattern

Both halves are cut from a single marble slab, allowing for continuous veining across the surface and creating a harmonious, seamless appearance.

5-meter model – Bookmatched pattern

The tabletop is made from two adjacent slabs cut from the same marble block. The veining mirrors itself at the center, creating a symmetrical and striking visual effect known as bookmatching.

NOTE 1: The production time for marble tables or those with a tabletop length of 240 cm or more is an additional 2 weeks compared to the normal production time.

⚠ Marble requires special care due to its natural properties. It is essential to consult the **maintenance manual** available on our website.

NOTE 2: The warranty period for the Burin table with a marble top is two years from the date of invoice issuance. For more information, see page 11.

⚠ Due to its weight and fragility, the marble top is shipped in specialized packaging designed to ensure safe transport. This includes an impact detector label that allows verification of whether the delivery has been handled properly.

If the indicator shows any red coloring—whether partial or full—this may indicate that the package has suffered an impact during transit. In such case, the delivery must still be accepted, but its note must clearly state: "Impact indicator is red."

Before opening the packaging, take a photo of the red indicator. Then, open the packaging and inspect the product within 24 hours of receipt. If any damage is detected, take detailed photos of the affected areas with the product still in its original packaging and contact Viccarbe's after-sales team, attaching both the product images and the photo of the impact label.

NOTE 3: We offer the possibility of shipping the tables without the counterweight. However, the tables can only be installed with the recommended counterweight. For more detailed information, please contact the Sales Department.

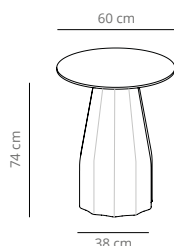

⚠ Installation must be carried out by a qualified professional team. The user manual included inside the packaging provides detailed instructions for proper handling and assembly, including the exact number of people required for a safe and correct installation.

NOTE 4: Consulting the **user manual** is essential to ensure proper setup and to maintain the validity of the product warranty.

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories and power options. The drawings with the location of the accessories need the approval of the technical department.

CENTRAL ELECTRIFICATION

USB port

Installed and included in the table top box

CODE	FINISHES	PUBLIC PRICE
-	BUUSB	white or black
		551 DKK

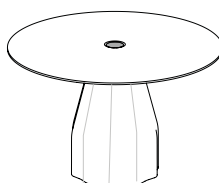

Built-in USB port for charging electronic devices. Available in black or white.
Dimensions: Ø 3 cm

NOTE: The cut out is included if it coincides with the center of the base column. It is not included for other positions.

NOTE: Not available for marble tabletops.

Last order entry on November 3rd, 2025

Cut out

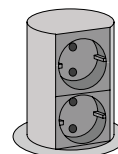

CODE	PUBLIC PRICE
-	BUMEC
	1.144 DKK

Tabletop custom cut out. The price is per number of pieces of the tabletop when using Viccarbe electrification. With customer's electrification, the price is per each cut out.

NOTE: Check number of tabletop pieces at page 490 where power position options are described.

Pop-up sockets

0.6 kg

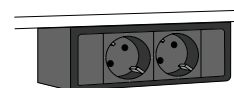

(x1) 21x16x16cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
-	BUTC	by model*
		3.161 DKK

Built-in pop-up socket cylinder can have 2 Schuko sockets or 1 Schuko socket + 2 USB ports. For different configurations, contact the sales department. The cylinder is hidden and pops up by gently pressing on it, offering the possibility of connection on four sides. The finish can vary depending on the internal configuration. For more information, please contact our sales department.

NOTE: The cut out is included only if it is in the center of the base column.

CODE	FINISHES	PUBLIC PRICE
VCBBUELE	BUEL-E	black
		2.958 DKK

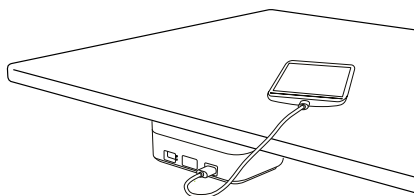

Powerbox available with 2 sockets or combined with built-in multimedia devices

NOTE: Not available for compact tabletops.

For all available power options **see page 551.**

TABLES

USB hub with battery

1.07 kg

(x1) 33x26x11cm (0.01 m³)

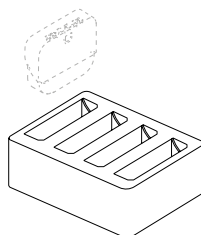

CODE		FINISHES	PUBLIC PRICE
VCBBUELBC	BUEL-BC	grey	2.983 DKK

USB hub with two USB device charging ports without being plugged into electric current.

BUEL-BC: Built-in double USB-A + USB-C. Fast charging suitable for laptops. USB type-C cable required to charge the battery is not included.

Includes magnetic key to remove the station from its support.

Battery charging tray

1 kg

(x1) 40x20x25cm (0.02 m³)

CODE		FINISHES	PUBLIC PRICE
VCBBUELBC	BUEL-C	black	2.670 DKK

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Socket available for USA, UK and EU.

Table top hatch

1.2 kg

(x1) 34x18x9cm (0.005 m³)

CODE		FINISHES	PUBLIC PRICE
VCBCAP*	CAP*	white, black or grey	1.305 DKK

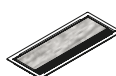

Metallic hatch access to the lower part of the table. Available in white, black or grey. Does not include power options.

Dimensions: 32x15 cm

* Cut out not included.

NOTE: Not available for compact tabletops.

Table top hatch plus

1.2 kg

(x1) 34x18x9cm (0.005 m³)

CODE		FINISHES	PUBLIC PRICE
VCBCAPP*	CAPP*	black or grey	1.576 DKK

Metallic hatch access to the lower part of the table for wooden table tops. Metal frame available in black or grey and central part in the veneer of the finish of the table. Does not include power options.

Dimensions: 32x15 cm

* Cut out not included.

NOTE: Not available for compact or marble tabletops.

Hidden hatch set for marble **NEW**

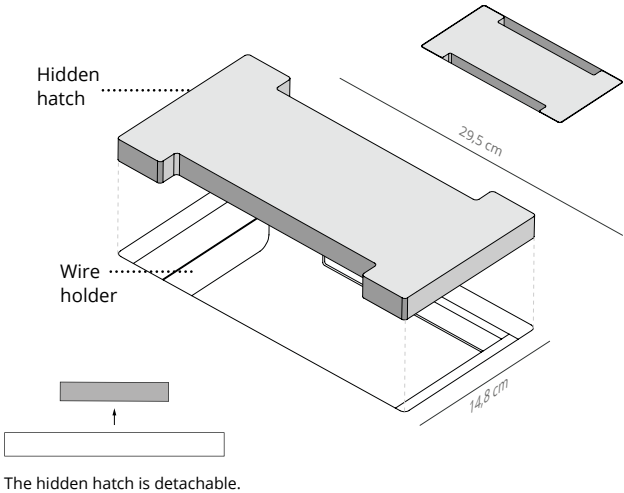

CODE		FINISHES		PUBLIC PRICE
		HATCH	WIRE HOLDER	
-	BUCTOM	marble	black	2.000 DKK

Built-in marble hatch, with the same material and finish as the table top. Only available for marble table tops. Includes wire management devices.

Dimensions: 29.5 x 14.8 cm

2.7 kg

(x1) 40x33x11cm (0.014 m³)

Hidden powerbox set for marble **NEW**

CODE		FINISHES		PUBLIC PRICE
		HATCH	POWERBOX AND WIRE HOLDER	
-	BUCPOM-E	marble	black	3.382 DKK
-	BUCPOM-M			4.204 DKK

Hidden powerbox set that includes cut out, table top hatch, power strip and wire holder. The finish of the hatch is the same as the table. Only available for marble table tops. Includes wire management devices.

The powerbox may include:

BUCPOM-E: 4 sockets

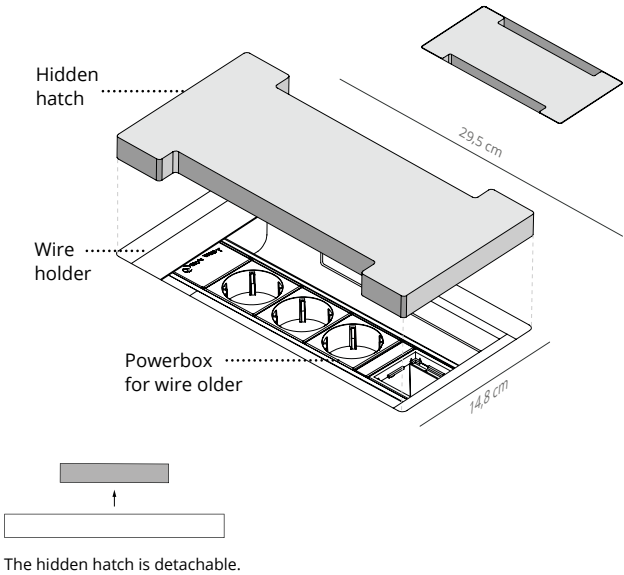

BUCPOM-M: 4 devices (sockets and multimedia)

Dimensions: 29.5 x 14.8 cm

3.7 kg

(x1) 40x33x11cm (0.014 m³)

For all available power options [see page 551](#).

The powerbox has 4 modules (sockets or multimedia devices) to install power options. The multimedia modules can be complete (1) or half (1/2). The power options are under the UNE-EN 50085 standards.

The Wieland power connection cable is not included, and will have to be provided by the customer.

TABLES

Double powerbox set for marble **NEW**

CODE		FINISHES		PUBLIC PRICE
		HATCH	POWERBOX AND WIRE HOLDER	
-	BUCPODM-E	marble	black	4.763 DKK
-	BUCPODM-M			6.399 DKK

Hidden powerbox set that includes cut out, table top hatch, two power strips and wire holder. The finish of the hatch is the same as the table. Only available for marble tabletops. Includes wire management devices.

The powerboxes may include:

BUCPODM-E: 8 sockets

BUCPODM-M: 8 devices (sockets and multimedia)

Dimensions: 29.5 x 14.8 cm

1.7 kg

(x1) 40x33x11cm (0.014 m³)

For all available power options *see page 551*.

Each strip has 4 modules (sockets or multimedia) to accommodate electrification. The multimedia modules can be complete (1) or half (1/2). The electrification elements comply with the UNE-EN 50085 standard.

The Wieland power connection cable is not included, and will have to be provided by the customer. **IMPORTANT:** It's needed a cable per power strip.

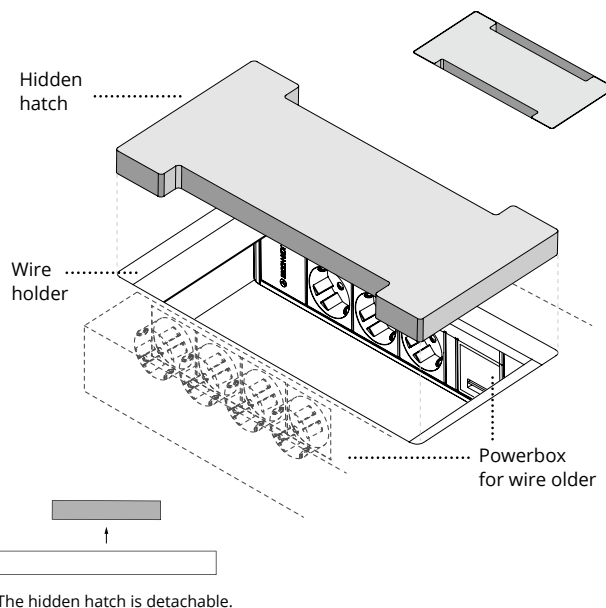

Table top hatch powerbox

1.7 kg

(x1) 34x18x9cm (0.005 m³)

CODE		FINISHES	PUBLIC PRICE
-	BOX-E*	white, black or grey	2.559 DKK
-	BOX-M*		3.712 DKK

BOX-E: 4 sockets

BOX-M: 4 devices (sockets and multimedia)

Metallic hatch with 4 sockets or combined with built-in multimedia devices. Available in white, black or grey.

Dimensions: 32x15 cm

* Cut out not included.

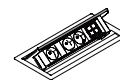

For all available power options *see page 551*.

NOTE: Not available for compact tabletops.

Each hatch has 4 modules (sockets or multimedia devices) to install power options. The modules can be complete (1) or half module. (1/2). The power options are under the UNE-EN 50085 standards.

NOTE: Power options not available for models BUC500, BUC500TX, BUC500MRC and BUC500MRV if it interferes with the center leg.

Table top hatch powerbox plus

1.7 kg

(x1) 34x18x9cm (0.005 m³)

Trestle

BY JOHN PAWSON

TABLES

Test certificates: ANSI/BIFMA X5.5:2014, UNE-EN 15372:2017, UNE-EN 527-1:2011 and UNE EN 527-2:2017 A1:2019

The elegance of Pawson surprises us once again with this immense table and bench of exquisite proportions, for tables 74 cm height, 88 cm counter height and 105 cm bar height.

Stained solid oak, solid beech legs and metal legs lacquered with the finishes of our collection.

Due to the fact that the wood used is natural, the finish may vary.
Beam in calibrated powder coated tube in thermoreinforced polyester in graphite grey (RAL9007).

The table top is available in two different finishes and widths (90 cm and 120 cm):

- 30 mm MDF board with a natural oak veneer stained in matt, bleached, cognac, ash or walnut. Also available in micro-textured lacquer in white, black or taupe.
- High pressure HPL laminate in black or white on a 30 mm thick MDF board with stained edges in transparent.

THICKNESSES AND TYPES OF BOARD EDGES:

More information about table tops on page 20.

NOTE: For tables equal to, or longer than 480 cm, the production delay is two additional weeks respect the normal production term.

NOTES:
 The manufacturing lead time for 480 cm table tops (triples) is 2 weeks additional to the normal manufacturing lead time.

Due to the natural wood used, the finish may vary.
 All weights are calculated considering the wooden legs.

***Last order entry of lacquered legs on November 3rd, 2025**

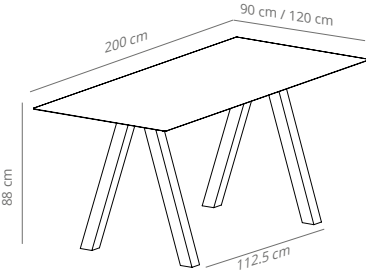

Suggested maximum number of seats per table, calculated with an Aleta chair. The number of seats may vary depending on the chair model.

COMPONENTS FOR TABLE COMPOSITIONS

Apart from those suggested, there is a possibility to create your own table compositions.

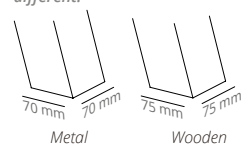

For those compositions, it will be necessary to choose two end table tops, central table tops according to the length of the table, and the legs (the number of legs will be the result of the number of total table tops plus 1).

Colour code:

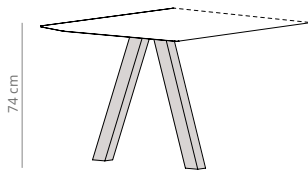

- Central top (TRMC - TRMCA)
- End top (TRME - TRMEA)
- Legs (TRPM - TRPMH - TRPMB - TRPME - TRPMEH - TRPMEB) *

**The measure for metal legs and wooden legs is slightly different.*

WIRE MANAGEMENT

Trestle table allows the possibility of managing the wiring so it is kept hidden and integrated in the table. We offer the option of installing the wire holder (TRECAN) and the wire management leg (TRPMR).

The wire holder allows to pass the wires from the bottom of the table top to the leg and the wire management leg allows to canalize up to 6 wires until reaching the floor.

ACCESSORIES AND POWER OPTIONS

For the different table tops, we offer the possibility of installing the following accessories. The drawings with the location of the accessories different from the ones shown need the approval of the technical department.

Wire hole

 Installed and included in the table top box

CODE		FINISHES	PUBLIC PRICE
-	AC03B	black or white	161 DKK

Cut out of the board is included.
Dimensions: Ø 6 cm

Cut out

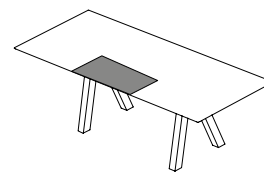

CODE		PUBLIC PRICE
-	TRMEC	1.144 DKK

Tabletop custom cut out. The price is per number of pieces of the tabletop when using Viccarbe electrification. With customer's electrification, the price is per each cut out.

NOTE: Check number of tabletop pieces at page 516 where power position options are described.

Table top protector in ecoleather

 1 kg

 Installed and included in the table top box

CODE		FINISHES	PUBLIC PRICE
-	TRPROT	eco leather	2.297 DKK

Dimensions: 44x90 cm

Table top hatch

 1.2 kg

 (x1) 34x18x9cm (0.005 m³)

CODE		FINISHES	PUBLIC PRICE
-	CAP	black, white or grey	1.305 DKK

Metallic hatch access to the lower part of the table. Available in white, black or grey. Does not include power options.
Dimensions: 32x15 cm

* Cut out not included.

Table top hatch plus

 1.2 kg

 (x1) 34x18x9cm (0.005 m³)

CODE		FINISHES	PUBLIC PRICE
-	CAPP	black or grey	1.576 DKK

Metallic hatch access to the lower part of the table for wooden table tops. Metal frame available in black or grey and central part in the veneer of the finish of the table. Does not include power options.
Dimensions: 32x15 cm

* Cut out not included.

USB port

 Installed and included in the table top box

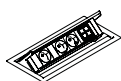

CODE		FINISHES	PUBLIC PRICE
-	TREUSB	white	551 DKK

Built-in USB port for charging electronic devices. Available in black or white.
Dimensions: Ø 3 cm

Last order entry on November 3rd, 2025

1.7 kg
(x1) 17x18x9cm (0.005 m³)

CODE	FINISHES	PUBLIC PRICE
-	TREEL-E	black
-	TREEL-E	2.958 DKK

Powerbox available with 2 sockets or combined with built-in multimedia devices.

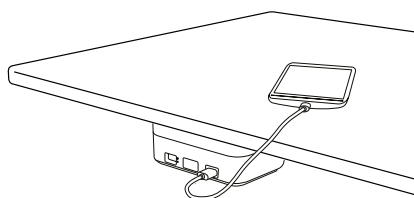

For all available power options [see page 551](#).

NOTE: Not available for compact table tops.

Each hatch has 4 modules (sockets or multimedia devices) to install power options. The modules can be complete (1) or half module. (1/2). The power options are under the UNE-EN 50085 standards.

For the references BOX-E, BOX-M, BOXP-E, BOXP-M y TREEL-E the cable length is 0.3 meters with Wieland connector. The power connection cable is not included, and will have to be provided by the customer.

USB hub with battery

1.07 kg
(x1) 33x26x11cm (0.01 m³)

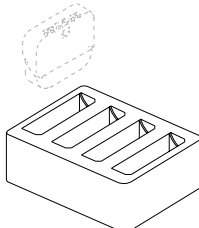

CODE	FINISHES	PUBLIC PRICE
-	TREEL-BC	grey
-	TREEL-BC	2.983 DKK

USB hub with two USB device charging ports without being plugged into electric current.

TREEL-BC: Built-in double USB-A + USB-C. Fast charging suitable for laptops. USB type-C cable required to charge the battery is not included.

Includes magnetic key to remove the station from its support.

Battery charging tray

1 kg
(x1) 40x20x25cm (0.02 m³)

CODE	FINISHES	PUBLIC PRICE
-	TREEL-C	black
-	TREEL-C	2.670 DKK

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Socket available for USA, UK and EU.

POWER POSITION SUGGESTIONS

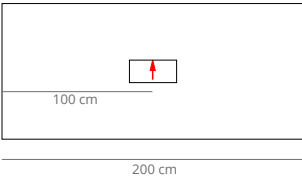

We have curated a selection of cut out positions from the most demanded due to its polyvalence and flexibility. Please contact our sales team in case you need a quote for specials, we are open to listen to your needs. For other options, please contact the sales team, indicating the cut out reference in the order.

All the cut outs presented have the measure of a standard power box (32x15cm), compatible with the references CAP, CAPP, BOX-E, BOX-M, BOXP-E and BOXP-M.

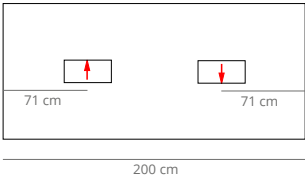

All cut out options are valid for both 90 cm and 120 cm tables.

TABLES

Base in powder coated steel in thermoreinforced polyester in white (RAL 9016) or black (RAL9005). The white base of the Stan table is in RAL 9016. Different base sizes available.

The prices are quoted including the appropriate table top for the correct stability.

*The term of manufacture of the Stan tables is 6 weeks.

Table top available in different measures, materials and thickness:
- Melamine (LPL) thickness 19 mm with 1,5 mm PVC edge, in black or white.
- 12 mm thick compact laminated table top. The edge can be in black or white. With a black edge, the surface of the tabletop is black; for a white edge, it is white.

NOTE: The height of the table varies according to the thickness of the different table tops. The height indicated below refers to the base without tabletop.

THICKNESSES AND TYPES OF BOARD EDGES:

Trino

BY ELISA OSSINO

LOW TABLES

The close relationship between Elisa Ossino and geometry is translated to the Viccarbe collection thanks to a range of side tables.

Trino is born with a sculptural soul and stage vocation, with the inherent elegance of a design capable of expressing and complementing all types of interiors. The Ossino tables are also easy to move thanks to a handle available in three different finishes: metal, solid oak and marble.

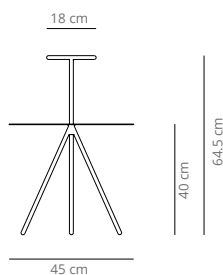

Function and form meet again on this occasion to promote conversation between objects and space.

Top and base in calibrated steel structure powder coated in thermoreinforced polyester in single-color black. Available with three different types of handle:

- T-shaped model in calibrated steel powder coated in thermoreinforced polyester.
- Solid oak sphere model stained in natural matt finish.
- Marble sphere model in Indian Green color.

NOTE: Due to the fact that the marble and wood used is natural, the finish may vary.

Vertical static load.
Horizontal fatigue.
Vertical fatigue, cantilever or pedestal tables.
Vertical impact for tables without glass.

LAST MINUTE

The model tested complies satisfactorily with specifications of standard UNE EN 16139:13, according to the following tests:
Fatigue on the front edge of the seat.
Fatigue on seat and back.

FINISHING PROCESS white (smooth)

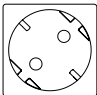

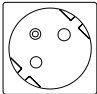

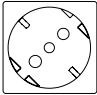

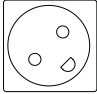

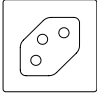

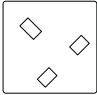

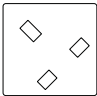

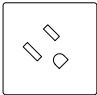

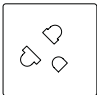

The tested finishing system fulfils the requirements in the standards UNE 89401-1 and UNE 89401-3 to be used as a finishing system.

FINISHING PROCESS white (microtextured)

The tested finishing system fulfils the requirements in the standards UNE 89401-1, UNE 89401-2 and UNE 89401-3 to be used as a finishing system.
