## Outdoor Selection

# We inspire Mediterranean experiences for indoor & outdoor collaborative spaces

Talking about outdoor furniture is talking about collaboration. Nature inspires us to connect, dream and create. Nature brings us back to our roots. Natural light invites us to make the

exterior stage the meeting point of all the celebrations and reunions, the place to share and cooperate. We are increasingly committed to creating intermediate outdoor spaces with natural textures and fabrics that transmit serenity and harmony. Places to live, feel and enjoy.

Viccarbe Collaborative Outdoor is a line of versatile furniture, for use both in and outdoor, that takes geometry and nature as a reference. Noble materials that endure over time and invite you to connect with the outside, making it an extension of the office. A place to get inspired and let creativity flow. Mediterranean essence in all its splendor.

## Why Viccarbe Outdoor

- Collaboration outdoors as an extension of the interior space
- 2 years warranty
- Average production time of 5 weeks (25 working days)
- Samples and mock-ups are easily provided for any project
- Sustainable and environmentally respectful management model approved by ISO 9.001 and 14.001
- Quality certificates (UNE / ANSI-BIFMA) available

**CAMBIO OUTDOOR H105**

—  
BY VICTOR CARRASCO

From 4.229 DKK

Dear customer,

Below, you will find the updates to version 02 of 2025 Pricelist:

## CHANGES

---

- **Outdoor Covers.** As part of our commitment to continuous improvement, we have carried out a thorough update of the weights and parcels of all outdoor covers for our products.

*Lastly, the latest additions to our Outdoor collaborative furniture collection:*

1. **Cambio table H105.** A comfortable, refined, and minimalist design for both in and out where one could work, relax, unwind, and celebrate. With Cambio 105cm, comfort and practicality can also be enjoyed outside. Inspired by the relaxed and easy paced Mediterranean lifestyle, the Cambio high table range offers a casual gathering point outdoors and is the way to go when seeking to naturally extend any corporate or hospitality project to the open air.

2. **The following fabric references have been added.** **Crevin:** VITA (04, 05, 09, 15, 18, 21, 26, 36, 41, 49, 54, 61, 64, 90) | **Sunbrella:** NATTÉ (Oyster, Clay, Antique, Stone, Cadet Grey, Charcoal, Marine).

3. **OEKO TEX Standard 100 & OEKO TEX Made in Green signs.** Added to VITA fabrics collection.

*We would like to remind you that Viccarbe does not have printed prices as we are truly committed to the fact that taking care of our environment is taking care of our future. Please do not hesitate to contact our team if you have any queries or requirements regarding our latest news.*

*Thank you very much,*

*Viccarbe*

# Instructions for using the pricelist

## INFORMATION AVAILABLE ABOUT EACH PRODUCT

Each product is accompanied by a table where you will have all the necessary information when choosing the finish, the corresponding price and its associated code, to reflect it correctly in the order.

- CODE

Short sequence of letters and numbers that identifies each model of the product and that will have to be indicated in the order.

- FINISH

All the possible options for lacquered and upholstered finishes, which must be chosen and indicated together with the product code.

- PUBLIC PRICE

Final price of the chosen product, associated with code and finish, which will be expressed in Euros €. In the case of an upholstered product, always indicate the price of the fireproof product.

CODE	FINISHED	PUBLIC PRICE
Reference of each product to be indicated in the order.	It indicates for each product its possible finishes, from lacquered to upholstered. For available finishes, see page 18.	Price of the flame retardant product, expressed in Euro €.

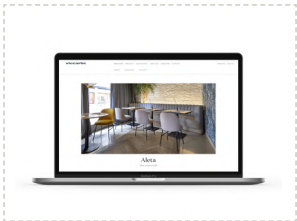

## NAVIGATE THROUGH THE PRICE LIST

When you click on a product image in the index, the pdf will take you to the product page.

By clicking on the cover image of each product, the pdf will take you to the product's website.

## SYMBOLS

 Weight of the packaged product in kg.

 Maximum number of product inside the packaging.

 Number of boxes used for packing each product.

 Amount of product that can be stacked up together.

### SUSTAINABILITY

At Viccarbe we believe that sustainability is designing and producing furniture that will stay with us for the longest time possible. Furniture we won't want to throw out. Consequently, the concept of environmental sustainability becomes important for Viccarbe from the furniture's conception, right through its design until the end of its useful life cycle.

- Our aim when designing products is to create them with interchangeable parts, allowing for the seamless recycling of components at the end of their life cycle.
- We take environmental impact into account when selecting raw materials. 98% of our suppliers are European, allowing us to minimise the environmental impact caused by transport. The remaining 2% come from the U.S.
- For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.
- We use powder coating on all our metallic structures.
- We offer several graded-in fabrics which are 100% made of recycled materials.
- We appropriately manage all our waste with authorised agents.
- We carefully analyse the packaging of our product, using the quantity of cardboard, plastic or foam strictly necessary to avoid the product being damaged in any way during transport.
- For the distribution of our products we use groupage transport companies, ensuring that the trucks are full. For inter-continental transport we always go by sea. We only use aerial transport in urgent cases.

### QUALITY

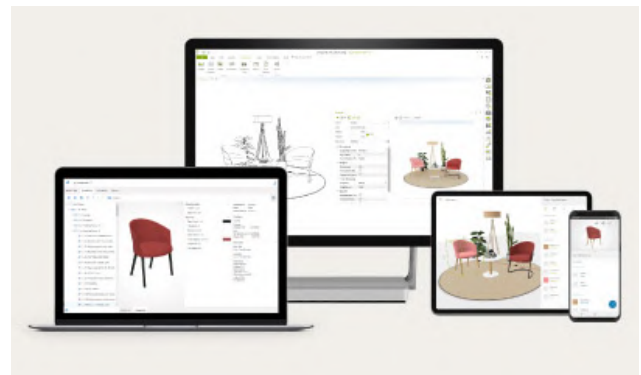

Viccarbe is certified by SGS in ISO 14001 and ISO 9001 as well as with the SymbolC by the Furniture Institute of Technology (AIDIMME), which guarantees that the products have been tested.

### RESOURCES FOR ARCHITECTS AND DESIGNERS

We have included 2D, 3D, REVIT, and BIM files of our products at [www.viccarbe.com](http://www.viccarbe.com) in order to facilitate your job and be able to include them effortlessly in your design proposals. You will be able to find these documents in the "Downloads" section on our website. Here you will also find our latest catalogue and sample cards for the finishes available (woods, metals, propylene, and fabrics).

As a novelty, we have incorporated individual catalogues for each product which can be found on each product webpage listing. Each brochure includes multiple product and lifestyle pictures plus every specification, certificates, and technical data you may require. You will be able to download high-quality product pictures from our gallery, facilitating the incorporation of our pieces in any design.

#### pCon

We are deeply immersed in a digitalization project and therefore we have partnered with the platform pCon and pCon planner, the tool for professionals to prepare layouts and 3D projects in a quick and easy way.

Our collection is available here, enabling our products to be included rapidly in your project proposals. We have also included a new online product configurator at [www.viccarbe.com/configurator](http://www.viccarbe.com/configurator) allowing to configure and visualize product compositions that match any specific project requests.

#### BIMobject®

Viccarbe is live on BIMobject®, the global platform for the architecture and design industry where users can download technical product data such as BIM and Revit files of our furniture to configure projects and design proposals.

# General sales conditions

---

Public pricelist valid from 21st April 2025.

To place an order implies to submit the following conditions that describe the process for proper ordering.

Price is per unit without taxes, unless any other information is stated. VICCARBE reserves the right to modify prices.

## — HOW TO ORDER

All orders need to be received in written to e-mail:  
**info@viccarbe.com**

Must contain the following information:

- A) Model name and reference
- B) Finishes
- C) Fabric reference
- D) Quantity

It is not possible to cancel or modify an order after 48 hours of the order confirmation.

It is not allowed to order spare references as frames, legs, casters...

## — COMPOSITIONS

For orders that include the SAVINA, SISTEMA, SEASON SOFA or STEP sofa, it will be necessary to send a drawing of the desired composition.

## — ABOUT THE FINISHES

Any model not shown in this price list is discontinued.

To match the fabric or wood tonality of articles manufactured in different periods is not possible technically. The buyer accepts the tolerance when placing the order.

Viccarbe reserves the right to modify dimensions, assembling, materials or tonalities to improve the products without notice.

## — CUT OUT

Viccarbe offers a series of preset positions for cut outs and power options based on the most demanded ones. If a different position were needed, please contact the sales department for assesment.

To arrange this cutting of tabletops, it is necessary to submit a drawing prepared by the Viccarbe technical department, with the signature of the customer accepting the position of the cut. No order will be put into production without signed drawings.

## — VICCARBE CUSTOM

We love personal solutions, and unique design, like diversity, is part of our company ethos. Our project management team works with architects, interior designers and customers to help develop the design and create products customised to fit particular requirements for specific projects.

We are delighted to adapt our existing furniture to the needs and preferences of our customers.

Because we have total control over the production chain, we can respond to customer needs.

In the case of special orders, VICCARBE will not be liable to any customer or third party that files a claim against the customer in relation to the product included in said order, with the understanding that the characteristics of same correspond to customer requirements and have not been subjected to the usual company tests and controls.

For such purposes, "special order" shall be understood to mean those products that differ from the forms, sizes or finishes included in the VICCARBE catalogue in force at the time the order is placed.

Orders will not be processed until confirmation and acceptance are received in writing for more than 100% of the total amount in advance (this amount is only required to confirm the customer's definitive acceptance of same, and after this point no modifications will be allowed).

By accepting this quote, the customer acknowledges that it is a special order and therefore exempts VICCARBE from all liability related to same, the pieces having been manufactured at the customer's request, diverging from the forms, sizes or finishes in the VICCARBE catalogue in force at the time of the order, with the commitment to maintain VICCARBE free of liability for any claim a third party might file against VICCARBE related to same.

The delivery time will depend on the difficulty of manufacturing the piece and will be indicated in writing with the quote (minimum 10 weeks). Nonetheless, it should be noted that this timeframe will be approximate, as any complication or unforeseen circumstances encountered in the manufacturing process could delay delivery.

## — PAYMENT TERMS

The first order will be paid 100% in advance with no extra discount for early payment.

**For subsequent deliveries, Viccarbe will only sell on credit if such sales are covered by its insurance company;** in this case, payment terms and conditions will be agreed upon individually and will never exceed 30 days.

## — BANKING INFORMATION

Payments need to be settled though:

SANTANDER  
SWIFT: BSCHESMMXXX  
IBAN: ES56 0049 1021 1327 1032 5951

Payment must be made in full (100%), and any bank charges incurred must be paid by the buyer.

If payment is not made according to the agreed terms, a 2% monthly interest charge will be made. In the event of non-payment, the buyer will be responsible for all debt-collection costs, including legal costs and attorneys' fees as a result of legal action taken to recover the payment.

---

The company reserves the right to suspend deliveries in any case in which the buyer fails, even partially, to fulfill its commercial or payment obligations.

Vicarbe will remain the owner of the goods in question until the price has been paid in full (100%). The customer will be liable for costs related to repossession of the goods, regardless of their location.

If a replacement part is needed, payment will be made according to the standard payment method, with spare parts invoiced subsequently and individually; however, the total payment of the order can never be linked to partial claims.

#### — PRODUCTION TIME

Between 5 and 6 weeks after order confirmation. In any case, this is a just indicative and is not a binding for the manufacturer. Loading date for special orders, large quantities or with C.O.M. needs to be confirmed case by case.

**Orders with C.O.M. delivery time starts to run once the fabric is phisically in our warehouse.**

*NOTE: Any incident that occurs during transport must be reported within the 24 hours following reception. In the event of potential claims, the delivery note must state "merchandise pending inspection"*

#### — TRANSPORT INCOTERMS: EXWORKS

1. Viccarbe will invoice the products within the 5 days following the date on which Viccarbe communicates to the client the products are at its disposal for their collection.

2. Additionally, Viccarbe will be entitled to invoice the client a fixed fee of 1.271 DKK a variable fee of a daily 1% of the total amount of the order t that the client does not collect the products within seven (7) days after Viccarbe communicates the products are ready to be collected.

In case of air shipments, the material used to protect the product will be charged to the customer.

#### — IMPORTANT LOGISTICS PROCESS

Vicarbe offers two different procedures for orders deliveries:

1. Via seafreight. By container (20' / 40' / 40'HQ) or Groupage LCL. Normal packaging is used with loose cardboard boxes.

2. Via airfreight. There are 2 options, depending on the form / volume of the packaging.

2.a) Palletized: the models will be grouped in fumigated pallets (complying with ISPM-15 regulation). The price per pallet is 237 DKK unit. Please note that pallets are not stackable.

2.b) Wooden boxes: on request, special wooden boxes can be manufactured in order to group more items in the inside and send them stackable. The price of each wooden box will depend on the distribution and type of models purchased.

**VERY IMPORTANT NOTE:** in order to not delay the pick-up date, the client should notify the shipping option (sea or airfreight) at the moment of registering the order. Once the order is completed and the customer requests a change to air shipment not foreseen in the original registration, it may be delayed due to packaging (depending on the order size) at most in 2 weeks.

#### — SPECIAL PACKAGING

Always under request and quotation to the factory.

#### — WARRANTY

The products on this pricelist are made for outdoor use, preferably in porch or covered spaces.

This product is not recommended for extreme weather environments such as extreme cold, warmth, humidity nor marine environments, exposed to saltpetre or brine.

For an optimun preservation of the product, is highly rcommended not only a regular cleaning and maintenance process, specified in our web, but also the use of our outdoor covers for long term periods of disuse, or extreme climate conditions. In case of not being able to cover the product, store it protected from the outdoor and the adverse weather conditions.

The warranty period of the product last for two years, strating from the billing date.

The warranty coverage does not include damage caused by regular use or natural degradation of materials and components of the product, caused over time, including colour fading, texture change, material scratch or others due to modifications, repairs, uses, manipulations, operation, incorrect cleaning and/or maintenance, not following the product technical sheet, nor overall, those occurred by external meanings to Viccarbe. The coverage neither will include accidental damage, force majeure or atmospheric pollutants.

The warranty only covers substitution or repairing of the product or its components that may occur to be defective, but not the manipulation, movements and expenses due to its application.

There will never be economic compensation in any case of damages due to use cease (loss of profit).

The warranty conditions described are considered instead of and excluding of any other condition or warranty indicated on the Law.

## Outdoor considerations

### — DISCLAIMERS

All of our products have been developed following:

**UNE EN 581 Outdoor furniture - Seating and tables for camping, domestic use and contract.**

The Viccarbe Outdoor collection is suited for outdoor controlled use under porch or covered spaces. Is not allowed to use it under extreme climates or weather conditions or climates, nor in marine environments, exposed to saltpetre.

Do a regular proper cleanse and maintenance of the product in order to avoid an accelerated degradation. If the product gets wet, dry it immediately with a cloth.

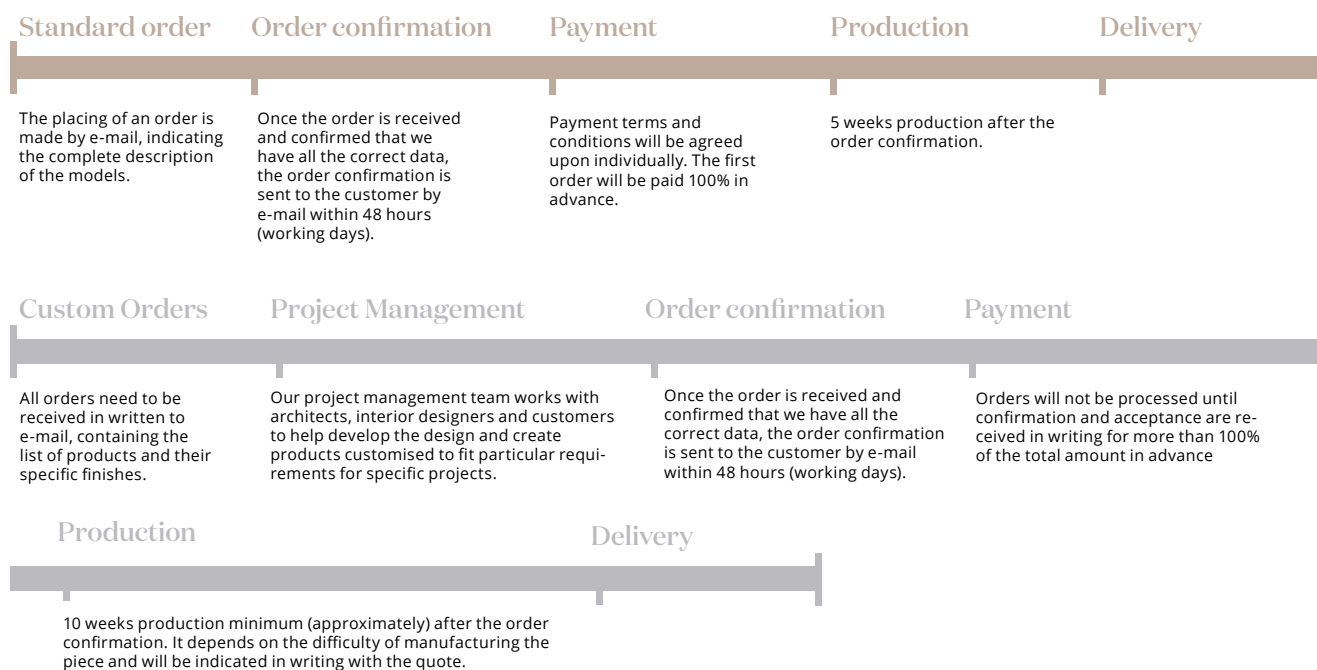

Some materials as the thermopolymers or wood can suffer a tone variation during time, even in outdoor use under porch or covered space. Avoid direct contact with sunlight.

In long term periods of disuse or in extreme weather conditions, is mandatory the use of outdoor protective covers. The cover must be removed periodically to air the product, avoiding the appearance of mold or humidity. If is not possible, store the product in a protected place. Viccarbe offers outdoor covers for each product in this pricelist.

Do not use abrasive or corrosive products for the cleanse.

Visit [www.viccarbe.com](http://www.viccarbe.com) for more product maintenance recommendations.

## Summary

The In & Out fabrics catalog is a selection of fabrics approved for outdoor use for our outdoor catalog. Due to their composition and materials, many references in this catalog offer extra features of ease of cleaning, stain removal or use of cleaning agents than others, without giving up a feeling of comfort and warmth typical of our collection. We invite you to take a look at each fabric's data sheet and get to know in depth the possibilities of each one.

### — ADDITIONAL INFORMATION ABOUT FABRICS

The fabrics used are of the best quality in their category and subjected to prior testing. Even so, they cannot be formally guaranteed, particularly with respect to color differences between the samples and products delivered at different times, as it is impossible to ensure a perfect match between the upholstery of an original composition and elements added later.

The footage indicated is based on a fabric width of 1.40 m. The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

### — C.O.M.

They can be provided at the price indicated in the category for customer-supplied fabric (G1), but the fabrics must arrive at our factory with all shipping costs paid.

The customer fabrics (COM) have not been tested by Viccarbe, so we cannot guarantee their performance over the years. Viccarbe is not liable for any claims made regarding to any matter related with the COM fabrics used in these products. Please note, every customer fabric applied to products from the Outdoor collection must be made for exterior use, specifically indicated by the fabric's manufacturer. All responsibility derived from a bad selection or any issues related with this fabric are exempted from Viccarbe.

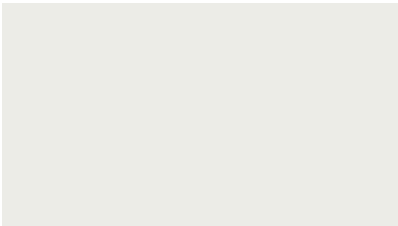

Any additional costs attributable to the customer-supplied fabric will be charged in the invoice. Customer-supplied fabric notice:

- The customer-supplied fabric must be validated by the Viccarbe technical department before the item can enter production. Therefore you Viccarbe must send a 7.9x7.9" sample of each customer fabric.
- Please indicate the reference number of the order and product corresponding to the customer-supplied fabrics.
- The order cannot go into production until the fabric is received by Viccarbe.
- Viccarbe will not be responsible in any case for any incidence on the product derived directly or indirectly by the selection of a customer fabric. Viccarbe will assume the responsibility and guarantee of a good selection of fabric that meets the minimum requirements of quality, resistance, abrasion, color change, pilling, fire resistance standards or any other characteristic of the fabric that may cause an incident or claim on the product.

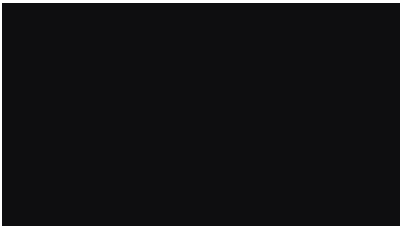

*The production times indicated are subject to the existence in stock of the selected colour and model of fabric. Although it is not usual for fabrics to be out of stock, it is recommended that you confirm the availability of the fabric with the sales department before placing your order.*

Zoco 

BY VICTOR CARRASCO

THE COLLABORATIVE OUTDOOR

Zoco pays homage to the traditional markets of Arab countries, central hubs of collaboration between different cultures. An environment that fuses colours, textures and aromas that connect people to each other, sparking creativity, interaction and consensus. And this is what Zoco is all about, a very comfortable lounge chair that has been designed to encourage collaboration. A piece with rounded shapes around which work meetings, friendly encounters and the exchange of ideas revolve. Designed by Victor Carrasco.

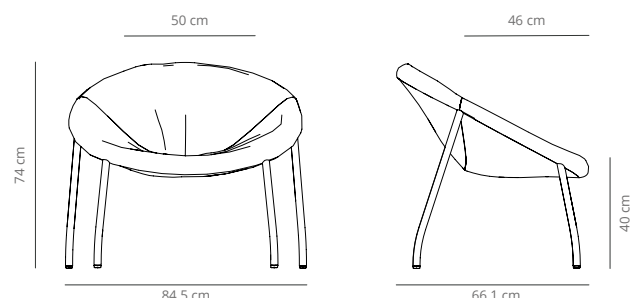

Structure in calibrated steel tube lacquered in thermo-hardened polyester in black or white.  
Cover with interior of non-deformable fireproof polyurethane foam and wadding, waterproofed and upholstered with outdoor fabrics. Plastic end caps.

Outdoor cover available to protect the product from water, humidity and sunlight.

**Test certificate:** ANSI BIFMA X5.4:2020 y UNE-EN 16139:2013vc2015  
**It follows the regulations for outdoors:** UNE EN 581-2:2016

Needed fabric for material  
1.40 m wide: 2.4 m

Sistema 

BY LIEVORE ALTHERR MOLINA

## Sistema Legs

---

The modular sofa enhances comfort in collaborative spaces, hotels and outdoor meetings where different users come together to share and create.

Sistema Legs for outdoor is available with 2 or 3 seats, medium backrest, scissor legs and upholstered armrests.

## Sistema Floor

---

The floor-level version of the Sistema sofa is perfect for an extra degree of elegance thanks to its fully upholstered modules, ready for outdoor use in collaborative spaces..

## Smooth Upholstery

---

Great durability and adaptability to diverse environments. Sistema, with its smooth upholstery, is a perfect choice for commercial spaces, offices, or airports. High traffic areas where privacy and dynamism sometimes become a sine qua non.

## Soft Upholstery

---

A meeting point between rationalism and warmth. Soft Sistema emerges as an evolution of the Sistema sofa, presenting a more comfortable interior, as well as a more wrinkled effect in its upholstery, one that is therefore more welcoming.

THE COLLABORATIVE OUTDOOR

Metal base structure made of calibrated steel with special protective treatment for outdoor use, powder coated with thermoreinforced polyester in black or white and microtexturized finish  
Interior structure in solid wood and plywood board with special protective marine treatment, resistant to water and humidity.

[For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.]

The structure is cinched and covered with expanded polyurethane foam in different densities, polyester fiber, waterproofed and upholstered with outdoor fabric.

Outdoor covers available to protect the product from water, humidity and sunlight.

Test certificates: ANSI/BIFMA X5.4-2012 y UNE EN 16139:2013

Follows the outdoor regulation: UNE EN 581-2:2016

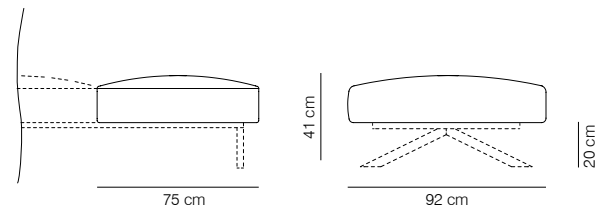

Needed fabric for material  
1.40 m wide:

Backless: 2.90 m

Backrest: 4.60 m

## Season Sofa

BY PIERO LISSONI

## THE COLLABORATIVE OUTDOOR

The Season sofa, designed by Piero Lissoni, is available for outdoor use, enhancing comfort in public spaces, offices, hotels, receptions and collaborative environments. Season is a modular sofa that allows to create infinite combinations and designs that can be placed in straight, circular or curved lines to successfully adapt to the needs of any project.

The upholstery is available in outdoor fabric in a variety of colours that can be combined with other elements from the collection. The base of the Season sofa has a protective piece made of washable technical fabric, available in dark grey or light grey.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

Interior structure in solid wood and perforated top of microparticles low in formaldehydes with special marine protective treatment, resistant to water and humidity.

*[For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.]*

Covered with expanded polyurethane foam in different densities, waterproofed and upholstered with outdoor fabric. It has a upholstery-protective grey technical fabric stripe at foot height. It has fixed legs with height adjustment

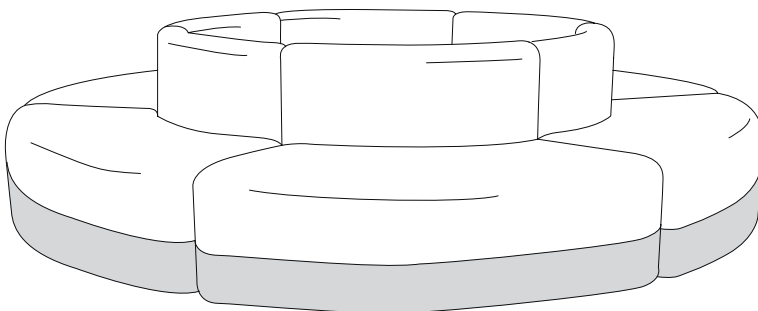

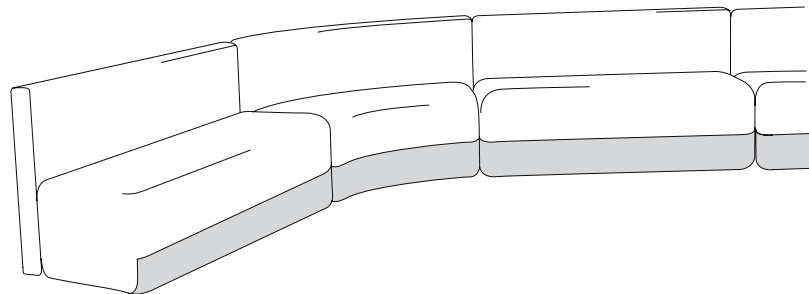

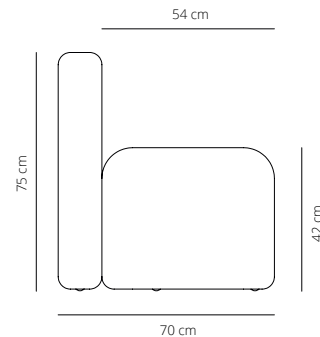

Check the technical fabric finishes available on [page 19](#).

Outdoor cover available to protect the product from water, humidity and sunlight.

**Test certificates:** ANSI/BIFMA X5.4-2012 and UNE EN 16139:2013

**Follows the outdoor regulation:** UNE EN 581-2:2016

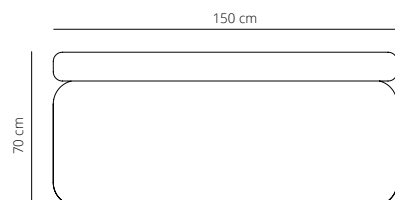

*NOTE: A sketch must be included with your order to avoid any sort of misunderstanding. Remember that "right" and "left" are understood to be from the perspective of a person looking at the object from the front. The more information you include with your order, the lower the possibility of error.*

# Season Pouf

BY PIERO LISSONI

VICCARBE Outdoor · Price List 2025 EXWORKS

V02 Apr.

THE COLLABORATIVE OUTDOOR

The comfortable and versatile Season Pouf, designed by Piero Lissoni, is available for outdoor use, expanding its possibilities of use for collaborative spaces, flexible offices and dynamic educational environments that seek to bring the outdoors into the spotlight. Season Pouf can be used as a footrest or as an independent auxiliary seat. The pouf also includes hidden casters in its base and a handle that makes it easy to transport. With a casual character and a friendly design, Season Pouf presents multiple combinations for use both in the home and in professional environments.

Interior structure in solid wood and perforated top of microparticles low in formaldehydes with marine protective treatment, resistant to water and humidity.

*[For the production of this piece Viccarbe is using wood from certified sustainable forestry sources.]*

Covered with expanded polyurethane foam in different densities, waterproofed and upholstered with outdoor fabric. It has a strap made of black high-resistance technical fabric. It can have hidden casters or fixed legs with height adjustment

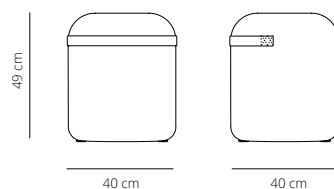

Outdoor cover available to protect the product from water, humidity and sunlight.

**Test certificates:** ANSI/BIFMA X5.4:2020 and UNE EN16139:2013vc2015 (only fixed models)  
**Follows the outdoor regulation:** UNE EN 581-2:2016

# Common Bench

BY NAOTO FUKASAWA

---

VICCARBE Outdoor · Price List 2025 EXWORKS

V02 Apr.

THE COLLABORATIVE OUTDOOR

The versatile Common bench, designed by Naoto Fukasawa, is available for outdoor use. With the Common bench we add new possibilities for outdoor sceneries, progressing towards new ways of interacting in collaborative spaces with friendly pieces that work as welcoming meeting points.

Choose from different outdoor fabrics to find your perfect Common for outdoor. Legs only available in iroko finish.

The tolerance in the measurements of the upholstered elements can be of +/- 3 cm.

Interior structure in solid wood and perforated top of microparticles low in formaldehydes with special marine protective treatment, resistant to water and humidity.

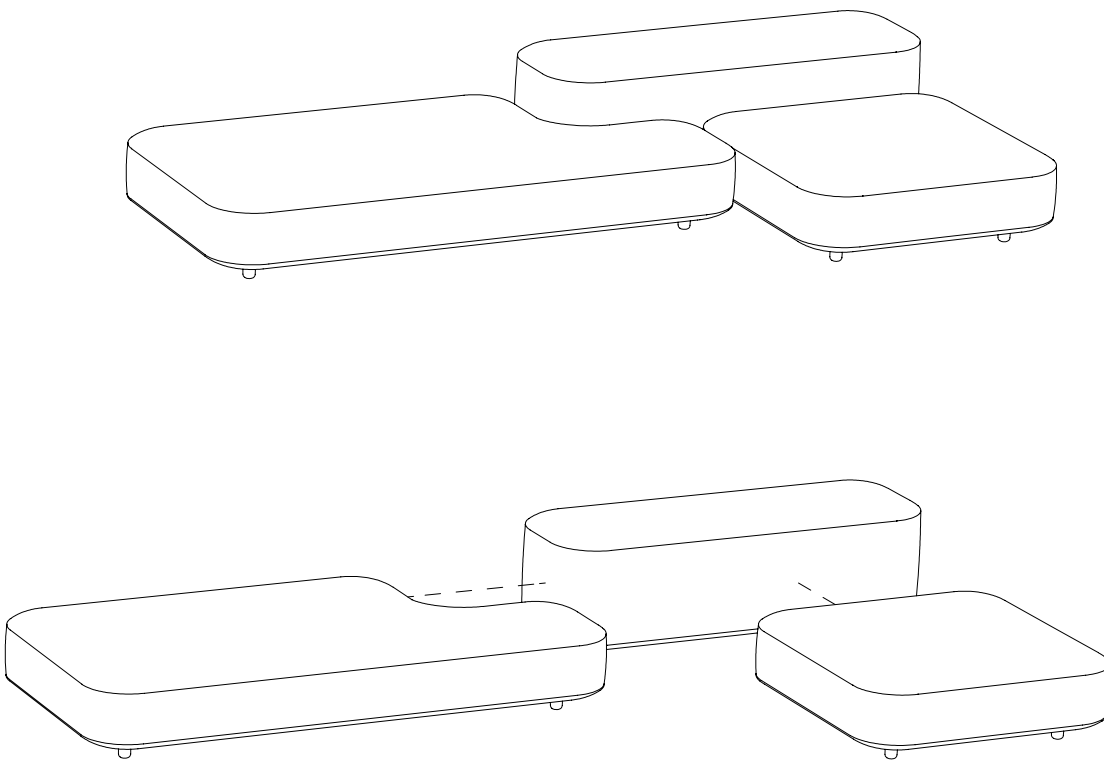

*[For the production of this pieces Viccarbe is using wood from certified sustainable forestry sources.]*

Covered with expanded polyurethane foam in different densities, waterproofed and upholstered with outdoor fabric.  
Legs made of solid iroko wood.

Outdoor cover available to protect the product from water, humidity and sunlight.

**Test certificates:** ANSI BIFMA X5.4:2012 (H 39,5 cm)

**Follows the outdoor regulation:** UNE EN 581-2:2016

**NOTE:** The CO240FEX and CO180FEX benches and their covers can be used in two positions. Indicate the desired option in the order, remembering that left / right is understood by looking at the element straight from above for manufacturing purposes.

Cambio 

BY VICTOR CARRASCO

## THE COLLABORATIVE OUTDOOR

Defined by a singular central base with a seamless silhouette, Cambio is a minimalist game of geometry based on the transition from a square to a round shape, taking us back to our origins.

A collection of outdoor tables that allow infinite compositions and to accommodate multiple people comfortably with table tops up to 300 cm.

Rotomolded polyethylene central base available in white, black or taupe. Charging system with external battery available. The tabletop is available in 12 mm compact laminate, highly resistant to outdoor spaces and to severe use in Contract.

Outdoor covers available to protect the product from water, humidity and sunlight.

*NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.*

### OUTDOOR CONSIDERATIONS

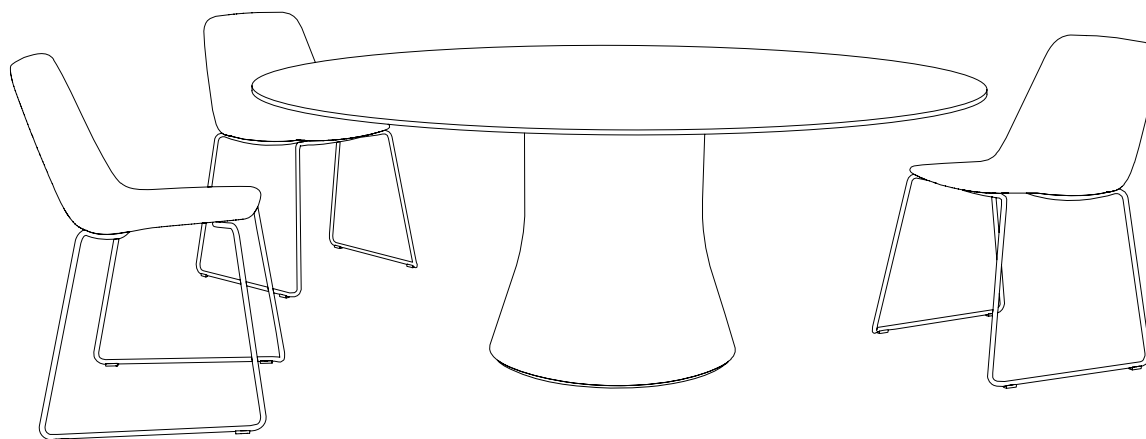

*This product is made for a controlled outdoor environment. Check our website to see warranty and the maintenance guide for the product. For detailed information, please contact the Sales Department.*

Thickness and type of table top edges available:

Compact

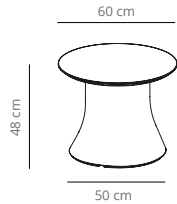

*The total size of the compact tabletops may vary by  $\pm 1$  cm*

Solar 

BY MARC KRUSIN

## THE COLLABORATIVE OUTDOOR

Solar is a disruptive swivel table concept designed by Marc Krusin, that leads to new ways of working and collaborating for both Indoor and outdoor scenarios.

A new concept of versatile table, perfect for an outdoor use, public spaces, offices, educational environments or universities, restaurants and coworking spaces.

It is composed by a table with a side seat on a swivel, that rotate depending on the user demand, ensuring collaboration but privacy too. The structure is made of calibrated steel with a special protective treatment for outdoor use, and powder coated with thermoreinforced polyester in black or white, with microtexturized finish. It includes a small hanger under the table for the user's personal stuff to be close and safe at every moment.

The table is made of black or white compact, and the seat, a part of black or white compact, can be upholstered with our outdoor fabrics collection.

Outdoor covers available to protect the product from water, humidity and sunlight.

**Follows the outdoor regulation: UNE EN 581-3:2016**

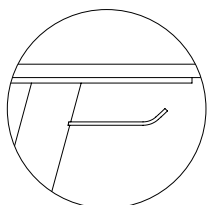

Tabletop thickness and edge shape:

*The total size of the compact tabletops may vary by  $\pm 1$  cm*

# Burin Table

BY PATRICIA URQUIOLA

## THE COLLABORATIVE OUTDOOR

The iconic Burin table, designed by Patricia Urquiola is available for outdoor use, preserving its elegant and sculptural silhouette. The outdoor design is exactly the same to the indoor table, but with the best materials for outdoor resistance, achieving a versatile table for collaborative espaces, hotels or dinners on open air.

Bases available in black, white and taupe. Tabletops available up to 120 cm for the round version, and up to 100 cm for the squared one. All tabletops are made of compact laminate, available in black with black core or white with white core, and have the option of battery charging system.

Outdoor covers available to protect the product from water, humidity and sunlight.

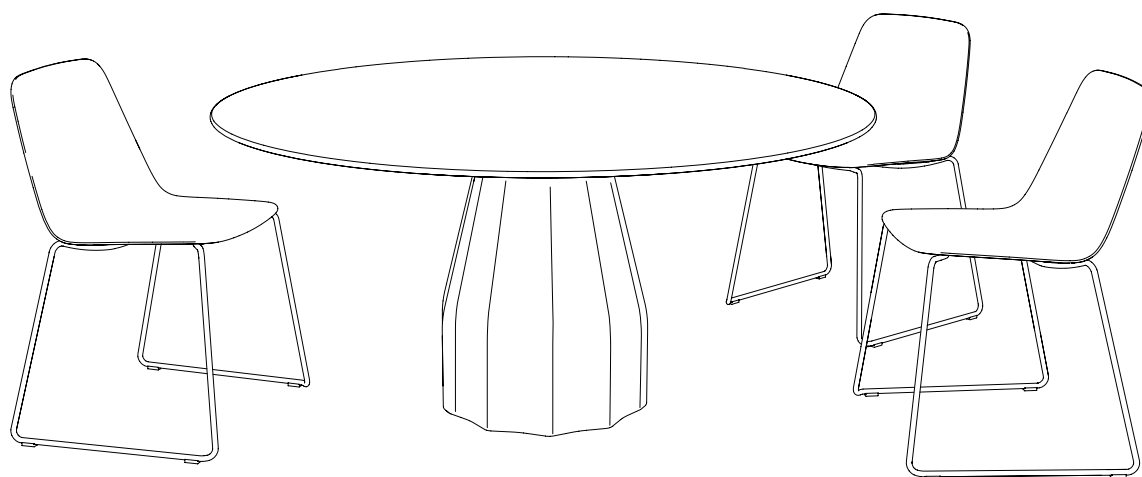

**Follows the outdoor regulation:** UNE EN 581-3:2016

Tabletop thickness and edge shape:

Compact

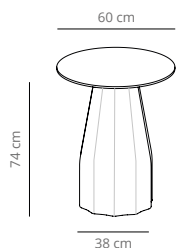

*The total size of the compact tabletops may vary by  $\pm 1$  cm.*

*NOTE: We can offer the possibility to ship the tables without counterweight. There is no option to install the tables without the recommended counterweight. For more detailed information please contact the Sales Department.*

# Trestle Table

BY JOHN PAWSON

THE COLLABORATIVE OUTDOOR

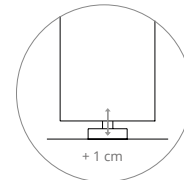

The iconic Trestle table, designed by John Pawson, is adapted to the outdoor scene. Trestle is a versatile table system both in use and design. With an unmistakable minimalist appeal, the table is available in various sizes for outdoor that you can combine with any of our chairs for added functionality. The Trestle table works as a comfortable outdoor meeting point for collaborative spaces, lounges and offices.

Legs and structure are made of inox steel with special protective treatment for outdoor use, powder coated with thermoreinforced polyester in black or white with microtexturized finish. Beam made of calibrated steel with special protective treatment for outdoor use, powder coated with thermoreinforced polyester in graphite grey (RAL9007)

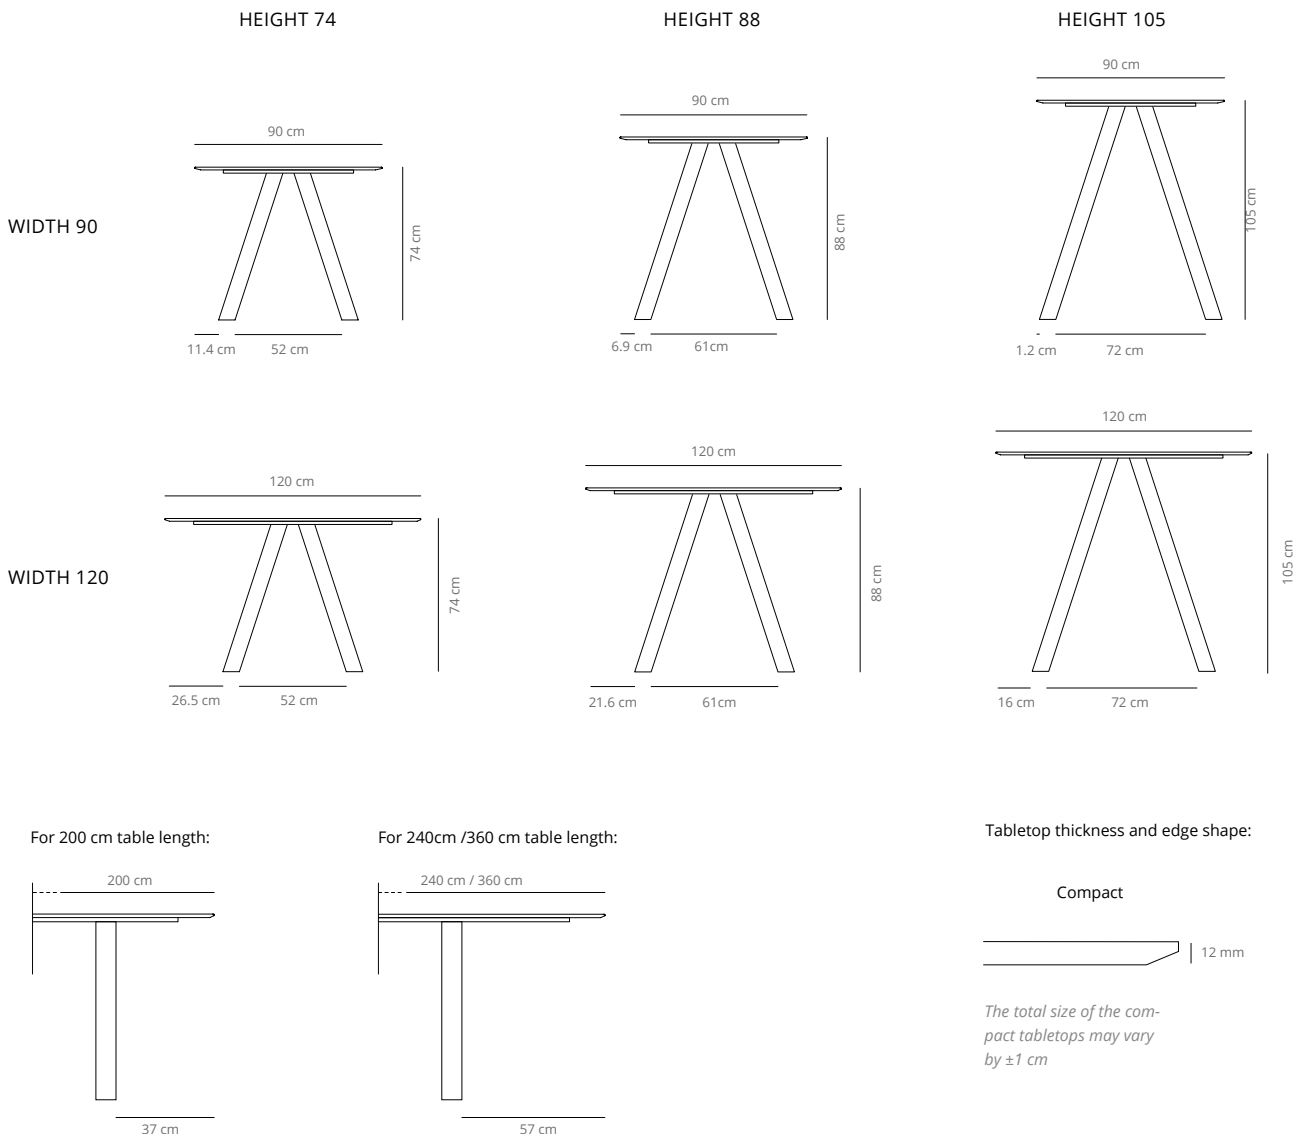

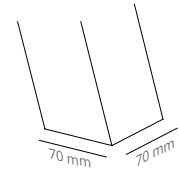

Tabletop are made of compact laminate 12mm thick, with two finishes: Black with black core and white with white core. There are two widths available: 90cm and 120cm.

Outdoor covers available to protect the product from water, humidity and sunlight.

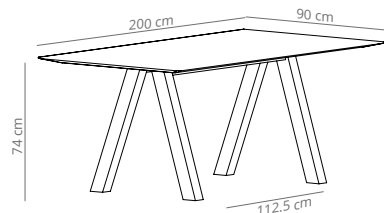

**Test certificates:** ANSI/BIFMA X5.5:2014, UNE EN 15372:2017, UNE EN 527-1:2011 and UNE EN 527-2:2017 A1:2019

### USB hub with battery

 1.07 kg  
 (x1) 33x26x11cm (0.01 m3)

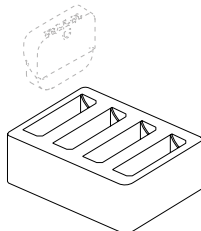

CODE	FINISHES	PUBLIC PRICE
TREEL-BC	grey	2.983 DKK

USB hub with two USB device charging ports without being plugged into electric current.

**TREEL-BC:** Built-in double USB-A + USB-C. Fast charging suitable for laptops. USB type-C cable required to charge the battery is not included.

Includes magnetic key to remove the station from its support.

### Battery charging tray

 1 kg  
 (x1) 40x20x25cm (0.02 m3)

CODE	FINISHES	PUBLIC PRICE
TREEL-C	black	2.670 DKK

Battery charging tray. Charges up to four stations simultaneously in 7 hours. Socket available for USA, UK and EU.

# Maarten Low Table

BY VICTOR CARRASCO

Maarten low table, designed by Víctor Carrasco, es revented for outdoor. This subtle low table is the ideal complement for collaborative spaces, offices, hotels but also homes. A light low table which facilitates interaction and work in outdoor spaces, acting as a comfortable support in team meetings.

Calibrated steel legs with special protective treatment for outdoor use, powder coated in thermoreinforced polyester in black or white and microtexturized finish.

The tabletop is made of 12 mm thick compact laminate available in black with black core or white with white core.  
Includes power options.

Outdoor cover available to protect the product from water, humidity and sunlight.

**Test certificates:** UNE EN 527-1:2011, UNE EN 527-2:03, UNE EN 527-3:03 and ANSI BIFMA x5.5:2014

**Follows the outdoor regulation:** UNE EN 581-3:2016

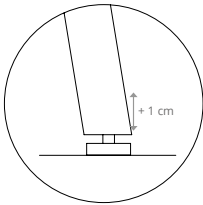

Tabletop thickness and edge shape:

Compact

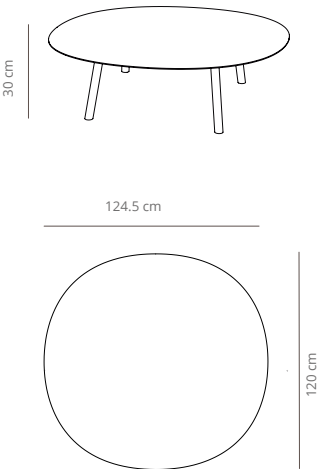

*The total size of the compact tabletops may vary by  $\pm 1$  cm*

Adjustable height legs:

**Table diameter 120**

The tabletop shape is slightly oval.

Trino 

BY ELISA OSSINO

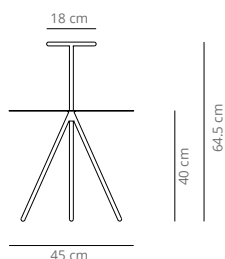

Designed by Elisa Ossino, the effortless and lightweight Trino side table for outdoor is the perfect touch to bring character into offices and hospitality exteriors. Its unique shape makes it an eye-catcher, and its convenient handle makes it easy to move around.

Trino is fully made of calibrated steel with special protective treatment for outdoor use, powder coated with thermoreinforced polyester in black or white, with microtexturized finish. There are two types of handle: T shaped handle in the same material and finish than the structure and the Indian green marble sphere handle.

Outdoor cover available to protect the product from water, humidity and sunlight.

**Follows the outdoor regulation:** UNE EN 581-3:2016
